

PIONEER NATURAL RESOURCES CO  
Form 424B3  
November 20, 2001

Filed Pursuant to Rule 424(b)(3)  
Registration No. 333-59094

Dear Limited Partner:

YOU MAY HAVE RECEIVED A LETTER FROM NANCY SCHAUER REGARDING OUR MERGER OFFER TO THE LIMITED PARTNERS OF PARKER & PARSLEY 87-A CONV., LTD. WE BELIEVE THE LETTER DOES NOT INCLUDE ALL THE INFORMATION YOU SHOULD CONSIDER AND THAT THE LETTER MAY BE MISINTERPRETED. To clarify the issues raised in the letter, we direct you to the information provided in the Proxy Statement/Prospectus mailed to you on or about October 22, 2001. Please let us know if you did not receive a Proxy Statement/Prospectus, and we will mail a duplicate copy to you immediately.

As your general partner, we want you to have all the information you need to make your own decision as to how to vote regarding the merger offer. Ms. Schauer addresses distributions and taxes in her letter. We believe you should consider the following with regard to these matters:

- o Distributions should be compared to the merger value offered to you, not to dividends. By accepting the merger value, you are able to accelerate distributions you could expect to receive in the future if you remained in the partnership, taking into account present values and current oil and gas prices.
- o Ms. Schauer compares pre-tax distributions to after-tax merger value. When considering the benefit of future distributions, you should reduce them by the taxes you pay on your share of the partnership's taxable income. In the merger, you will generally recognize an aggregate of net gain or loss, but only to the extent that the merger value exceeds your adjusted tax basis in your partnership, and part of any gain could be taxed at the capital gains rate rather than the highest tax rate. Original investors in the partnership may have a different tax treatment than transferees, such as Ms. Schauer, who subsequently acquired their partnership interests in other ways.

These matters are discussed in more detail in the rest of this letter.

#### DISTRIBUTIONS COMPARED TO MERGER VALUE

We are offering you an amount of Pioneer Natural Resources Company common stock based on the merger value of your partnership. That merger value already reflects the estimated value of any partnership distributions you would have received in the future. We calculated the merger value of your partnership using oil and gas prices that are higher than current market prices. You should not expect that last year's distributions are indicative of future distributions, unless you believe that oil and gas prices will recover to last year's levels and that production will not decline.

The Pioneer Natural Resources Company common stock we are offering in the merger is a liquid security. You may sell that common stock in the market for cash or you may hold it as an investment.

#### THE MERGER VALUE AND THE DISTRIBUTIONS ARE BOTH TAXABLE

When comparing what you expect to receive in distributions with what you will receive in the merger, you should either compare both on a pre-tax basis or both on an after-tax basis. Each year, we send you a Schedule K-1 that includes your share of the partnership's taxable income. You must include that amount on your federal, and perhaps state, income tax return and pay taxes at your marginal tax rate. The taxes payable reduce the net economic benefit of your distributions. The amount of taxes you must pay may vary from other limited partners depending on your individual circumstances. Original investors in the partnership have a different tax treatment than transferees, such as Ms. Schauer, who subsequently acquired their partnership interests in other ways.

## Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 424B3

In the merger, you will generally recognize an aggregate of net gain or loss, but only to the extent that the value of the Pioneer Natural Resources Company common stock exceeds your adjusted tax basis in your partnership. The characterization of your gain or loss as ordinary income or capital gains (the capital gains tax rate for individuals is 20% if the capital asset has been held for more than one year) will depend upon your individual federal income tax position. U.S. federal income tax consequences are discussed in the summary on page 9 of the Proxy Statement/Prospectus and in more detail on page 54.

AS DISCUSSED IN THE PROXY STATEMENT/PROSPECTUS, WE ARE THE SOLE GENERAL PARTNER OF YOUR PARTNERSHIP. OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE MERGER AND THE MERGER PROPOSALS.

We enclose a duplicate proxy card for your use if you have not voted or want to change your vote. You may vote for or against, or may abstain from voting on, the merger proposals for your partnership by marking your proxy card and returning it by mail or fax to our information agent, D.F. King & Co., Inc., before the special meeting of limited partners. You may revoke a proxy you have given us at any time before the proxy is voted at the special meeting of the limited partners by (1) giving written notice to D.F. King & Co., Inc. of that revocation, (2) voting in person at the special meeting, or (3) signing and returning a later dated proxy card to D.F. King & Co., Inc.

All proxies received and not revoked as described above, will be voted at the special meetings for the limited partners, subject to the terms and conditions described in the Proxy Statement/Prospectus.

The amount of taxes you must pay may vary from other limited partners depending on your individual circumstances. Original investors in the partnership have a different tax treatment than transferees, such as Ms. Schauer, who subsequently acquired their partnership interests in other ways.

In the merger, you will generally recognize an aggregate of net gain or loss, but only to the extent that the value of the Pioneer Natural Resources Company common stock exceeds your adjusted tax basis in your partnership. The characterization of your gain or loss as ordinary income or capital gains (the capital gains tax rate for individuals is 20% if the capital asset has been held for more than one year) will depend upon your individual federal income tax position. U.S. federal income tax consequences are discussed in the summary on page 9 of the Proxy Statement/Prospectus and in more detail on page 54.

AS DISCUSSED IN THE PROXY STATEMENT/PROSPECTUS, WE ARE THE SOLE GENERAL PARTNER OF YOUR PARTNERSHIP. OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE MERGER AND THE MERGER PROPOSALS.

We enclose a duplicate proxy card for your use if you have not voted or want to change your vote. You may vote for or against, or may abstain from voting on, the merger proposals for your partnership by marking your proxy card and returning it by mail or fax to our information agent, D.F. King & Co., Inc., before the special meeting of limited partners. You may revoke a proxy you have given us at any time before the proxy is voted at the special meeting of the limited partners by (1) giving written notice to D.F. King & Co., Inc. of that revocation, (2) voting in person at the special meeting, or (3) signing and returning a later dated proxy card to D.F. King & Co., Inc.

All proxies received and not revoked as described above, will be voted at the special meetings for the limited partners, subject to the terms and conditions described in the Proxy Statement/Prospectus.
