Item 8.01. Other Events.

Subsequent to the issuance of our consolidated financial statements for the six months ended June 30, 2004 and the nine months ended September 30, 2004, we discovered that we misclassified a component of the asset exchange transaction completed in June 2004 with KeySpan Corporation (the KeySpan Exchange) as a cash item, resulting in the inclusion of the item in our Consolidated Statements of Cash Flows. This misclassification had no impact on previously reported net cash provided by operating activities, total cash flows, net income or shareholders' equity.

Pursuant to the KeySpan Exchange, we redeemed and cancelled 10,800,000 shares of our common stock owned by KeySpan in exchange for all of the stock of Seneca-Upshur Petroleum, Inc., our wholly owned subsidiary, to which we contributed all of our Appalachian Basin assets valued at \$60 million and \$389 million in cash, for a total exchange value of \$449 million. The \$60 million exchange value received for our Appalachian Basin assets was presented on the Consolidated Statements of Cash Flows for each of the periods as an inflow of cash from investing activities and included in the line item Proceeds from dispositions and as an outflow of cash from financing activities and included in the line item Exchange of common stock .

We intend to revise the Consolidated Statements of Cash Flows included in the Consolidated Financial Statements that are contained in our Quarterly Reports on Form 10-Q for each of the quarterly periods ended June 30, 2004 and September 30, 2004, to revise by \$60 million each of the line items referenced above, as well as the resulting subtotal line items Net cash used in investing activities and Net cash used in financing activities. As revised, the Consolidated Statements of Cash Flows for the affected periods will reflect only the \$389 million cash portion of the KeySpan Exchange.

The revisions described above are offsetting and accordingly do not affect previously reported net cash provided by operating activities, total cash flows, net income or shareholders' equity.

On November 23, 2004, the Company issued a press release with respect to the matters described above, a copy of which is furnished as Exhibit 99.1 and incorporated by reference herein.

Item 9.01. Financial Statements and Exhibits.
