**PROXY STATEMENT**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

**General**

The enclosed Proxy is solicited on behalf of *infoUSA Inc.*, a Delaware corporation (the Company), for use at its 2006 Annual Meeting of Stockholders to be held on Friday, May 26, 2006, at 9:00 a.m., local time, or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's facility located at 4001 South Business Park Avenue, Marshfield, Wisconsin 54449. The Company's principal executive offices are located at 5711 South 86th Circle, Omaha, Nebraska 68127. The Company's telephone number is (402) 593-4500.

These proxy solicitation materials are being mailed on or about April 17, 2006, to all stockholders entitled to vote at the meeting. The Company's Annual Report for the fiscal year ended December 31, 2005, including audited financial statements, is being mailed to stockholders concurrently with this Proxy Statement.

**Record Date; Outstanding Shares**

Stockholders of record at the close of business on April 4, 2006 (the Record Date) are entitled to receive notice of and vote at the meeting. On the Record Date, [55,140,753] shares of the Company's common stock, \$.0025 par value per share, were issued and outstanding. For information regarding beneficial ownership of the Company's common stock by directors, executive officers and holders of more than five percent of the outstanding common stock, see Security Ownership.

**Revocability of Proxies**

Proxies given pursuant to this solicitation may be revoked at any time before they are voted at the meeting or any adjournment thereof by delivering written notice of revocation to the Secretary of the Company or by executing a later dated proxy. Stockholders may also revoke such proxies by attending the meeting and voting in person, although attendance at the meeting will not, in and of itself, constitute revocation of a proxy.

**Voting and Solicitation**

The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business. Every holder of record of common stock on the Record Date is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. In the election of directors, each stockholder will be entitled to vote for three nominees and, if a quorum is present at the Annual Meeting, the three nominees with the greatest number of votes will be elected. If a quorum is present at the Annual Meeting, approval of the stockholder proposal would require an affirmative vote of a majority of the shares represented at the Annual Meeting in person or by proxy and entitled to vote.

---

**Table of Contents**

The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining whether a quorum is present. With respect to the election of directors (elected by a plurality of the votes), abstentions will not be taken into account in determining the outcome of the election. With respect to other matters being considered, abstentions will have the same effect as negative votes. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter and will not be taken into account in determining the outcome of the votes on that matter.

This proxy statement is being furnished in connection with the solicitation of proxies by the Company's Board of Directors. Original solicitation of proxies by mail may be supplemented by telephone or personal solicitation by directors, officers, or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for their services. The Company will bear the entire cost of solicitation of proxies, which is estimated at \$125,000, including preparation, assembly, printing and mailing of this proxy statement, the notice of the annual meeting of stockholders, the enclosed proxy card and any additional information furnished to stockholders. This estimate excludes salaries and wages of regular employees and officers.

The Company has engaged the services of MacKenzie Partners, Inc. to solicit proxies and to assist in the distribution of proxy materials. In connection with its retention by the Company, MacKenzie Partners, Inc. has agreed to provide consulting and analytic services and to assist in the solicitation of proxies. The Company estimates that approximately 35 employees of MacKenzie Partners, Inc. will be involved in the solicitation of proxies and revocations on behalf of the Company. The Company has agreed to pay MacKenzie Partners, Inc. a fee of \$25,000 plus reasonable out-of-pocket expenses for its services.

Copies of solicitation materials will also be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of the Company's common stock beneficially owned by others to forward to these beneficial owners. The Company may reimburse persons representing beneficial owners of the Company's common stock for their costs of forwarding solicitation materials to the beneficial owners.

The Board of Directors has an Audit Committee, a Compensation Committee, a Finance Committee, and a Nominating and Corporate Governance Committee, the duties and activities of which are described below. The Board has determined that each member of the Board other than Vinod Gupta, and each nominee for election to the Board, is independent, as defined by the rules of the National Association of Securities Dealers ( NASD ) for companies listed on the Nasdaq National Market.

The Audit Committee currently consists of Dr. Vasant H. Raval (Chair), Bill L. Fairfield, Anshoo S. Gupta and Bernard W. Reznicek. The Audit Committee met 11 times during 2005, including 3 telephonic meetings. Among other duties, the Committee selects the Company's independent auditors, reviews and evaluates significant matters relating to the audit and internal controls of the Company, reviews the scope and results of audits by, and the recommendations of, the Company's independent auditors, and pre-approves all audit and permissible non-audit services provided by the auditors. Before the Company's independent accountant is engaged by the Company to render audit or non-audit services, the engagement is approved by the Committee. The Audit Committee Charter is posted on the Company's website at [www.infousa.com](http://www.infousa.com) under the caption Investor Relations. developments. The Finance Committee Charter is posted on the Company's website at [www.infousa.com](http://www.infousa.com) under the caption Investor Relations.

The Nominating and Corporate Governance Committee Charter is posted on the Company's website at [www.infousa.com](http://www.infousa.com) under the caption Investor Relations. Each member of the Committee is independent, as defined by the rules of the NASD.

The Nominating and Corporate Governance Committee identifies director candidates primarily by considering recommendations made by directors, management, and stockholders. The Committee also has the authority to retain third parties to identify and evaluate director candidates and to approve any associated fees or expenses. The Committee will consider director candidates recommended by stockholders. The criteria applied by the Committee in the selection of director candidates is the same whether the candidate was recommended by a Board member, an executive officer, a stockholder, or a third party, and accordingly, the Board has not deemed it necessary to adopt a formal policy regarding consideration of candidates recommended by stockholders. Director candidates are evaluated on the basis of a number of factors, including the candidate's background, skills, judgment, diversity, industry experience applicable to the Company's business, experience with companies of comparable complexity and size, the interplay of the candidate's experience with the experience of other Board members, the candidate's independence or lack of independence, and the candidate's qualifications for committee membership. The Committee does not assign any particular weighting or priority to any of these factors, and considers each director candidate in the context of the current needs of the Board as a whole. Upon the recommendation of the Committee, the Board has selected Mr. Vinod Gupta, Dr. Haddix and Dr. Raval as nominees for election as directors at the Annual Meeting. Messrs. Gupta, Haddix and Raval are incumbent directors.

**Attendance at Board Meetings and Annual Meeting**

**AUDIT COMMITTEE REPORT**

The Audit Committee of the Board of Directors of the Company oversee the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Committee operates under a written charter adopted by the Board, which is posted on the Company's website at [www.infousa.com](http://www.infousa.com) under the caption Investor Relations. The charter provides that the Audit Committee shall consist of at least three directors who are independent, as independence for audit committee members is defined by the rules of the NASD. Management is responsible for the Company's internal controls and the financial reporting process. The Committee also discussed with management, the internal auditors and the independent accountants the quality and adequacy of the Company's internal controls and the internal audit department's organization, responsibilities, budget and staffing. The Committee reviewed both with the independent accountants and internal auditors their audit plans, audit scope, and identification of audit risks. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent accountants also provided to the Committee the written disclosures required by Independence Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

Based upon the Committee's discussion with management and the independent accountants and the Committee's review of the representations of management and the report of the independent accountants, the Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 filed with the SEC.

**Severance Agreements**

In February 2006, the Company entered into Severance Agreements with Edward C. Mallin, Monica Messer, Fred Vakili, and Stormy L. Dean. Each of the Severance Agreements provides that if the executive's employment is terminated either (i) by the Company for any reason other than Cause (as defined in the Severance Agreement), or (ii) by the executive for Good Reason (as defined), the Company will make payments to the executive at a rate equal to the executive's Total Compensation for a period from 6 months to 24 months, depending on the length of service completed by the Executive. In addition, if the executive elects to continue health and/or dental insurance coverage under COBRA, the Company will pay the employer portion of the monthly premium until the executive obtains substantially equivalent insurance coverage, but not for more than 12 months. Total Compensation means the executive's base salary as in effect at the time of termination, plus the average of the executive's annual bonus amount for the three calendar years preceding the year in which the executive's employment terminates. If the Company becomes subject to a Change in Control (as defined) and within twelve (12) months after such Change in Control, the executive's employment is terminated either (i) by the Company for any reason other than Cause, or (ii) by the executive for Good Reason, the Company shall pay to the executive a lump sum based on the executive's Total Compensation. The amount of the lump sum will be from one time up to three times the executive's Total Compensation, depending on the length of service completed by the executive, together with additional payments sufficient to compensate for certain federal excise taxes. In addition, if the executive elects to continue health and/or dental insurance coverage under COBRA, the Company will pay the employer portion of the monthly premium until the executive obtains substantially equivalent insurance coverage, but not for more than 12 months. Also, all shares of capital stock, stock options, performance units, stock appreciation rights, or other derivative securities of the Company held by the executive at the time of termination will become fully vested and exercisable. If the executive's employment terminates as a result of the executive's death or Disability (as defined), the Company shall pay the executive's accrued compensation through the termination date, and a pro rata portion of the executive's target bonus for the year in which termination occurs. To receive any severance benefits, the executive must execute a general release of all claims against the Company, and must refrain from competing with the Company and from soliciting the Company's employees for a period of up to 12 months after the date of termination.

**Table of Contents**

For purposes of the Severance Agreements, a Change in Control includes (i) the consummation of a merger or consolidation of the Company with or into another entity or any other corporate reorganization, if persons who were not stockholders of the Company immediately prior to such merger, consolidation or other reorganization own immediately after such merger, consolidation or other reorganization 50% or more of the voting power of the outstanding securities of each of (A) the continuing or surviving entity and (B) any direct or indirect parent corporation of such continuing or surviving entity; (ii) the sale, transfer or other disposition of all or substantially all of the Company's assets; (iii) a change in the majority of the board of directors without the approval of the incumbent board; (iv) any incumbent director who beneficially owns more than twenty percent (20%) of the total voting power represented by the Company's then outstanding voting securities involuntarily ceasing to be a director; or (v) any transaction as a result of which any person first becomes the beneficial owner (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of securities of the Company representing at least 15% of the total voting power represented by the Company's then outstanding voting securities.

**REPORT OF THE COMPENSATION COMMITTEE**

The Compensation Committee of the Board of Directors of the Company reviews and makes recommendations to the Board of Directors with respect to the compensation of the Company's Chief Executive Officer, and reviews and approves salaries, bonuses and other compensation payable to the Company's other executive officers. The Compensation Committee operates under a written charter adopted by the Board, which is posted on the Company's website at [www.infousa.com](http://www.infousa.com) under the caption "Investor Relations." The Charter provides that the Committee shall consist of at least two directors who are independent, as defined by the rules of the NASD, and that each member of the Committee shall also be a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. In 2005, the members of the Compensation Committee were Dr. George F. Haddix, Dennis P. Walker, Harold W. Andersen (who served as a member and Chair of the Committee until his retirement from the Board in November 2005), and Bill L. Fairfield (who was appointed a member and Chair of the Committee in November 2005, succeeding Mr. Andersen). None of these persons is an employee of the Company.

The Compensation Committee's policy with respect to compensation arrangements for Vinod Gupta, Chief Executive Officer of the Company, is to provide a base salary commensurate with his office and long-term incentives in the form of stock options. In fiscal 2005, the Committee recommended and the Board approved a base salary of \$750,000 for Mr. Gupta, unchanged from 2004. No bonus program was in effect for the Chief Executive Officer in 2005, and no discretionary bonus was paid to him for 2005. In addition, in March 2005 the Committee recommended and the Board approved the granting of a stock option to Mr. Gupta for 500,000 shares at an exercise price of \$12.60 per share, which was 125% of the closing market price of the common stock at the date of grant. The option vests and becomes exercisable as follows: 30% of the option shares will vest three years after the date of grant, and an additional 10% of the option shares vest each year after that, such that the option becomes fully vested after 10 years. To receive the options, Mr. Gupta was also required to purchase at fair market value, on or around the grant date, a number of shares of the Company's common stock equal to at least 10% of the shares covered by the options, and is required to hold those shares for a period of at least one year. Mr. Gupta has satisfied this requirement. The Compensation Committee believes the terms of this stock option serve to further align Mr. Gupta's incentives with the interests of all of the Company's stockholders.

The Compensation Committee's policy in establishing compensation for other executive officers is to reward sustained performance through the payment of base salaries and reward current performance through annual bonuses. Although stock options have been granted in prior years, the Committee has focused its compensation policy for other executive officers on cash compensation and has deemphasized equity-based compensation programs. As a result, the base salaries and cash bonuses for the Company's executive officers (other than the Chief Executive Officer) tend to be higher than the cash compensation of officers at similar companies, and the equity-based component tends to be less. When establishing the amounts of such compensation, the Compensation Committee considers publicly available information concerning executive compensation levels paid by other companies in the Omaha, Nebraska area and in the industry generally.

The Compensation Committee reviewed and approved compensation packages for all executive officers in fiscal 2005, including base salaries and bonus plans. For executive officers other than the Chief Executive Officer, base salaries are based on each officer's responsibilities and historical performance. During 2005, bonuses were paid to executive officers based on the achievement of business goals by the business group for which the executive had management responsibility, or by the Company as a whole. These business goals included the consummation of certain acquisitions by the Company in 2005.

The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

**Table of Contents****SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during the fiscal year ended December 31, 2005, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were timely complied with, except that a Form 5 disclosing previous holdings was not filed by Ray Butkus and the following reports were filed late: one Form 4 reporting one transaction by Vinod Gupta and an option grant to him; Form 4s reporting one transaction by each of Martin F. Kahn and Fred Vakili; one Form 4 reporting the exercise of two stock options and the concurrent sale of the option shares by Edward C. Mallin; and five Form 4s reporting the exercise of eight stock options and the sale of the option shares by D.J. Thayer.

**CERTAIN TRANSACTIONS**

The Company owns a fractional interest in an aircraft used by the employees and executive officers of the Company in connection with Company business. The fractional ownership interest in the aircraft was purchased during 2005 from NetJets at a total cost of \$2.6 million. The fractional interest in the airplane was previously owned by Annapurna Corporation. Mr. Vinod Gupta, the Company's Chairman and Chief Executive Officer, is the owner of Annapurna Corporation. Prior to the purchase of its fractional interest from NetJets, the Company paid Annapurna Corporation \$297 thousand as reimbursement for operating expenses, hourly costs and a proportionate amount of fixed expenses associated with the use of this aircraft during 2005 by Company employees and officers for corporate purposes. The Company believes that the payments made to Annapurna Corporation were at rates comparable to those charged by other aircraft service providers, such as Marquis and NetJets, who customarily require a commitment for plane use. In 2005, the Company also entered into a long-term capital lease with a lender for use of a boat that was previously under a lease arrangement with the same lender to Annapurna Corporation. The Company's seven year commitment under the lease is payable in monthly installments, which fluctuate based on changes in the LIBOR rate, and ranged from \$25,510 to \$27,963 in 2005. The Company utilizes the boat for corporate events and client development purposes. During 2005, the Company made lease payments totaling \$240,457.

Laurel Gupta, the Company's Director of Investor Relations and Business Development, is the spouse of Vinod Gupta, the Company's Chairman of the Board and Chief Executive Officer, and received \$123,846 in salary and compensation for fiscal year 2005. Prior to joining the Company, Ms. Gupta was employed by Cameron Associates in New York as an Investor Relations Executive and worked in institutional equity sales with Morgan Stanley. Ms. Gupta holds an M.B.A. in Finance from Stern School of Business at NYU.

Jess Gupta, the Advertising Manager for SalesGenie at the Company, is the son of Vinod Gupta, and received \$60,000 in salary and compensation for fiscal year 2005. Prior to working at the Company, Mr. Gupta worked as an Advertising Manager for Touchpoint. Mr. Gupta received his B.A. from NYU and was an Intern at the White House after receiving his B.A.

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot S. Kaplan, a director of the Company, is a name partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P.

In fiscal 2005, Edward C. Mallin, Monica Messer, and Fred Vakili were each indebted to the Company in an amount in excess of \$60,000 pursuant to the Company's October 2001 loans to executive officers to facilitate stock option exercises. The loans were evidenced by promissory notes secured by the

option shares, with interest at a rate of 5%, payable annually. The maximum amounts owed during fiscal 2005 by Messrs. Mallin and Vakili and Ms. Messer, and the amounts owed at December 31, 2005, were \$120,000, \$115,000 and \$100,000, respectively.

**PROPOSAL TWO  
STOCKHOLDER PROPOSAL**

The Company has been notified by Dolphin Limited Partnership I, L.P., 96 Cummings Point Road, Stamford, Connecticut 06902, a stockholder of the Company, that it intends to propose the following resolution at the Annual Meeting:

*RESOLVED:* That Section 3 of Article III of the Company's Bylaws be amended by adding the following provision at the end thereof:

provided, however, that the Board of Directors shall be prohibited from (i) designating any person to fill a vacancy occurring on the Board of Directors for whatever reason, whether by expansion of the size of the Board or otherwise, or (ii) nominating any person to stand for election as a director of the Company, whether at an annual or special meeting of shareholders or in a written consent solicitation in lieu of a meeting, if such person (x) was previously nominated by the Board of Directors to stand for election as a director, whether at an annual or special meeting of shareholders or in a written consent solicitation in lieu of a meeting, and (y) failed to be elected by shareholders at such meeting or in such consent solicitation, such prohibition to continue for a period of three years from the date of the meeting, or of the effectiveness of the consent solicitation, at or in which such person was previously nominated for election.

**The Board of Directors Recommends a Vote Against this Proposal for the Following Reasons:**

The Company has received the oral opinion of Potter Anderson and Corroon LLP and has requested its written opinion that the bylaw amendment described above, to the extent it limits the ability of the Board of Directors to fill vacancies occurring on the Board, would be invalid under Delaware law. Article VIII.B of the Company's Certificate of Incorporation provides in relevant part that "[a]ny vacancies in the Board of Directors for any reason, and any directorships resulting from any increase in the number of Directors, may be filled by the Board of Directors, acting by a majority of the Directors then in office, although less than a quorum, and any Director so chosen shall hold office until the next election of the class for which such Director shall have been chosen. Under Section 109(b) of the Delaware General Corporation Law and related case law, a bylaw cannot conflict with a provision of a corporation's certificate of incorporation. Therefore, since the Company believes that Proposal No. 2, as drafted, is defective and, to the extent that it limits the ability of the Board of Directors to fill vacancies occurring on the Board, would be invalid if adopted, the Company recommends a vote against this proposal.

The Company also believes that the proponent of Proposal No. 2 has failed to act in a timely manner under the Company's bylaw governing stockholder proposals to address the invalidity in Proposal No. 2. On March 10, 2006, the Company filed its 2005 Form 10-K with the SEC and disclosed therein that the 2006 Annual Meeting would be held on May 26, 2006. On March 17, 2006, Dolphin Limited Partnership I, L.P., notified the Company of its intention to bring Proposal No. 2 before the stockholders at the Annual Meeting and noted the Company's disclosure in the Form 10-K of the Annual Meeting date. Pursuant to the Company's bylaws, a stockholder's notice for such action is timely if it is submitted to the Company not later than 10 days after the notice of the Annual Meeting date is mailed or public disclosure of that date is made. As a result, Dolphin's original proposal was, for purposes of the Company's bylaws, submitted in a timely manner. However, Dolphin did not submit any additional proposals (including revisions or amendments to their existing proposal) within the 10 day notice period. As a result, at this point, Dolphin is precluded from making any other stockholder proposals (including changes to their existing Proposal No. 2) because they may not be made in a timely manner. Since the Company believes that an integral part of Proposal No. 2 is defective and invalid, and since Dolphin has failed to act

**Table of Contents**

in a timely manner to cure the defects, the Company believes that adoption of Proposal No. 2 is not in the best interests of the Company and its stockholders.

The Company further believes that the categorical disqualification of certain persons from eligibility for nomination by the Board or selection by the Board to fill vacancies is not in the best interests of the Company and its stockholders. The Company and the Board have devoted significant attention to developing an effective process for identifying qualified director candidates. Specifically, the Nominating and Corporate Governance Committee of the Board, which consists entirely of independent directors and is described in greater detail under the heading "Board Meetings and Committees", is empowered to identify and recommend qualified director candidates pursuant to the Nominating and Corporate Governance Committee Charter adopted by the Board. The Committee identifies candidates primarily by considering recommendations made by directors, management, and stockholders.

The Company believes that the discretion granted to the Committee enhances the Committee's ability to identify and recommend the most qualified director candidates. Proposal No. 2 would limit this discretion. While the Committee and the Board would give weight to the fact that a potential director candidate was previously nominated but not elected, it is possible that in certain instances, such candidate may nonetheless be the most qualified candidate for the position.

Because Proposal No. 2 includes a provision that is invalid under Delaware law, and would not be in the best interests of the Company and its stockholders, the Board of Directors recommends that you vote AGAINST Proposal No. 2. In the event Proposal No. 2 is approved, the Company may challenge the validity of the proposed bylaw amendment in court.

**OTHER MATTERS**

The Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

**AUDIT COMMITTEE**  
**AUDIT AND NON-AUDIT SERVICES PRE-APPROVAL POLICY**

**1. Statement of Principles.**

The Audit Committee of *infoUSA Inc.* (the Company) is required to pre-approve the audit and non-audit services performed by the Company's independent auditor. As part of the pre-approval process, the Audit Committee shall consider whether the services to be performed by the auditor are consistent with the SEC's rules on auditor independence. Unless a type of service to be provided by the independent auditor has received pre-approval under this Policy, it will require separate pre-approval by the Audit Committee. The pre-approval requirement does not apply to the provision of non-audit services for which the de minimis exception described in Section 7 applies.

The Audit Committee shall pre-approve, by resolution, the type and amount of Audit, Audit-related, Tax and all other services to be performed by the Company's independent auditor. The term of such pre-approval is 12 months from the date of pre-approval, unless otherwise specified in such resolutions. The Audit Committee will periodically review its pre-approval resolutions and modify the types and amount of services as it determines in its discretion. To assist the Audit Committee, the independent auditor will provide the Audit Committee with detailed back-up documentation regarding the specific services to be pre-approved under this Policy.

**2. Delegation.**

The Audit Committee hereby delegates to the Chairman of the Audit Committee the authority to approve the engagement of the independent auditor to provide non-audit services as permitted by the Sarbanes-Oxley Act of 2002, to the extent that such non-audit services are not pre-approved as set forth in this Policy and if such engagement is less than \$25,000. The Chairman shall report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

**3. Audit Services.**

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit (including required quarterly reviews), subsidiary audits and other procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit or quarterly review. Audit services also include the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting. The Audit Committee will monitor the Audit services engagement as necessary, but no less than on a quarterly basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may pre-approve other Audit services, which are those services that only the independent auditor reasonably can provide. Other Audit services may include statutory audits or financial audits for subsidiaries or affiliates of the Company and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

**Table of Contents****4. Audit-related Services.**

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent auditor. The Audit Committee may pre-approve Audit-related services, including, among others, due diligence services pertaining to potential business acquisitions/dispositions; accounting consultations and audits in connection with acquisitions and dispositions; accounting consultations related to accounting, financial reporting or disclosure matters not classified as

Audit services; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; financial audits of employee benefit plans; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements.

**5. Tax Services.**

The Audit Committee may pre-approve those Tax services that have historically been provided by the auditor, that the Audit Committee has reviewed and believes would not impair the independence of the auditor, and that are consistent with the SEC's rules on auditor independence. The Audit Committee may consult with management or its independent advisors, including counsel, to determine that the tax planning and reporting positions are consistent with this Policy.

**6. All Other Services.**

The Audit Committee may pre-approve those non-audit services classified as All Other Services that it believes are routine and recurring services and would not impair the independence of the auditor.

**7. De Minimis Exception.**

The pre-approval requirements for non-audit services is waived provided that all such services: (1) do not aggregate to more than five percent (5%) of the total revenues paid by the Company to its independent auditor in the fiscal year in which such services are provided; (2) were not recognized as non-audit services by the Company at the time of the engagement, and (3) are promptly reported to the Audit Committee and approved prior to completion of the audit.

**8. Prohibited Non-Audit Services.**

The Company may not retain its independent auditor to provide any of the prohibited non-audit services listed in Appendix A to this Policy. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions. The Audit Committee will review the list of prohibited non-audit services at least annually to determine whether any additions or deletions should be made to Appendix A.

**9. Pre-Approval Fee Levels or Budgeted Amounts.**

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent auditor will be established annually by the Audit Committee and reviewed as the Audit Committee deems appropriate. Attached to this Policy as Exhibits are forms that may be attached by the Audit Committee to their pre-approval resolutions, if desired, to reflect the approved services and associated budgeted fee levels. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee, or its designee pursuant to Section 2 hereof. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee shall consider the appropriate ratio between the total amount of fees for Audit, Audit-related and Tax services, and the total amount of fees for services classified as All Other services.

**Table of Contents**

**10. Procedures.**

All requests or applications for services to be provided by the independent auditor will be submitted to the Chief Financial Officer and shall include a description of the services to be rendered. The Chief Financial Officer will determine whether such services are included within the list of services that have been pre-approved by the Audit Committee. The Audit Committee will be informed on a periodic basis of the services rendered by the independent auditor. The Chief Financial Officer shall consult as necessary with the Chairman of the Audit Committee in determining whether any particular service has been pre-approved by the Audit Committee.

The Audit Committee has designated the Chief Financial Officer to monitor the performance of all services provided by the independent auditor and to determine whether such services are in compliance with this Policy. The Chief Financial Officer will report to the Audit Committee on a periodic basis on the results of such monitoring. The Chief Financial Officer will immediately report to the Chairman of the Audit Committee any breach of this Policy that comes to the attention of the Chief Financial Officer.
