Form of Restricted Stock Unit Award

---

**Table of Contents****ITEM 1.01. Entry into a Material Definitive Agreement**

On March 29, 2006, the Board of Directors (the *Board*) of Alliance Data Systems Corporation (the *Company*) and the Compensation Committee of the Board (the *Compensation Committee*) approved the lapsing of restrictions on performance based restricted stock (*PBRs*) awarded on February 3, 2005 to the Company's Executive Committee of management (*EC*) and chief executive officer, J. Michael Parks. On March 29, 2006, the Board and the Compensation Committee also amended the performance criteria for 2006 awards of performance-based restricted stock units (*PBRsUs*) to the EC and Mr. Parks.

*2005 PBRs Vesting*

As previously disclosed, each 2005 award of PBRs to the EC and Mr. Parks was to be adjusted up or down at the time of vesting and vest based on relative cash earnings per share (*EPS*) growth (compared to the S&P 500 GAAP EPS growth measured as of December 31, 2005), with the amount of vesting calibrated based on over- or under-achievement of the target to between 0 and 200% of the number of PBRs granted. The Company's cash EPS growth rate for 2005 resulted in 113% of the 2005 PBRs awards vesting effective March 31, 2006. The specific number of shares of PBRs vesting for Mr. Parks and the next four most highly compensated executive officers (the *Named Executive Officers*) are specified in the table below.

<b>Name</b>	<b>Title</b>	<b>Number of Shares of PBRs Vesting</b>
J. Michael Parks	President, Chief Executive Officer and Chairman	23,849
Ivan M. Szeftel	EVP and President, Retail Credit Services	11,030
John W. Scullion	EVP and President, Loyalty and Marketing Services	8,491
Dwayne H. Tucker	EVP and President, Utility and Transaction Services	8,543
Edward J. Heffernan	EVP and Chief Financial Officer	7,866

*2006 Performance Criteria*

As previously disclosed, on February 13, 2006, the Company awarded PBRsUs to the EC and Mr. Parks, with the same vesting criteria as for the 2005 PBRs awards. As a result of unforeseen issues relating to the calculation of EPS growth for the S&P 500, including timing issues, the Board and the Compensation Committee approved a modified performance measure to be used for the 2006 PBRsU awards to the EC and Mr. Parks. Instead of comparing Company performance to S&P 500 performance each year, a fixed grid will be used with a minimum cash EPS growth rate of 10% necessary for the minimum 50% vesting, 18% cash EPS growth for a 100% vesting, and 36% cash EPS growth (or more) for a maximum 200% vesting. These target growth rates were selected to emulate long-term historical S&P 500 performance at the 50<sup>th</sup>, 75<sup>th</sup> and 90<sup>th</sup> percentiles, respectively, recognizing, too, the expectation that growth companies like the Company grow at a double digit annual rate and therefore should meet a 10% minimum threshold for vesting. Moreover, using this fixed measure will solve timing and other calculation issues associated with using the S&P 500 growth rate each year.
