PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
May 31, 2006
INFORMATION CONCERNING SOLICITATION AND VOTING**

General

The enclosed proxy is solicited on behalf of the Board of Directors of Digital River, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders to be held on May 31, 2006, at 3:30 p.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at Radisson Plaza Hotel, 35 South 7th Street, Minneapolis, Minnesota. The Company intends to mail this proxy statement and accompanying proxy card on or about April 28, 2006 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Company Common Stock, par value \$.01 per share (Common Stock) beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone or personal solicitation by directors, officers or other regular employees of the Company, who will not be paid any additional compensation for such services.

Voting Rights and Outstanding Shares

Only holders of record of Common Stock at the close of business on April 12, 2006 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 12, 2006, the Company had outstanding and entitled to vote _____ shares of Common Stock.

Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

Voting Via the Internet or by Telephone

Stockholders may grant a proxy to vote their shares by means of the telephone or on the Internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically

Table of Contents

transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder.

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

For Shares Registered in the Name of the Stockholder

Stockholders of record may grant a proxy to vote shares of Company Common Stock by using a touch-tone telephone to call 1-800-560-1965 or via the Internet by accessing the website <http://www.eproxy.com/driv>. You will be required to enter the Company number, a seven-digit control number (these numbers are located on the proxy card) and the last four digits of your social security number or tax identification number. If voting via the Internet, you will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen and you will be prompted to submit or revise them as desired. Votes submitted by telephone or via the Internet must be received by 12:00 noon, Central Time, on May 30, 2006. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instruction for granting proxies from their banks, brokers or other agents, rather than the Company's proxy card. A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by means of the Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may go to <http://www.proxyvote.com> to grant a proxy to vote your shares by means of the Internet. Votes submitted via the Internet must be received by 12:00 noon, Central Time, on May 30, 2006. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting. A beneficial owner who wishes to vote at the meeting must have an appropriate proxy from his or her broker or bank appointing that beneficial owner as attorney in fact for purposes of voting the beneficially held shares at the meeting.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 9625 West 76th Street, Eden Prairie, Minnesota 55344, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

If you are the beneficial owner of shares held in the name of a broker or bank and you wish to vote at the Annual Meeting, you must have an appropriate proxy from your broker or bank appointing you as attorney-in-fact for purposes of voting such shares at the meeting.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2007 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is December 18, 2006.

For business to be properly brought before an annual meeting by a stockholder, the stockholder, wishing to submit proposals or director nominations that are not to be included in such proxy statement

and proxy, must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not later than the close of business on April 1, 2007, nor earlier than the close of business on March 2, 2007. Stockholders also are advised to review the Company's bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Company's Restated Certificate of Incorporation and bylaws provide that the Board of Directors shall be divided into three classes, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until the director's successor is elected and qualified.

The Board of Directors presently has six members and one vacancy. There are two directors in the class whose term of office expires in 2006 (William J. Lansing and Frederic M. Seegal), and the Nominating and Corporate Governance Committee of the Board has nominated Messrs. Lansing and Seegal to stand for reelection at the upcoming Annual Meeting. Set forth below is the name, age and biographical information for each person nominated. Messrs. Lansing and Seegal are currently directors of the Company who were previously elected by the stockholders. If elected at the Annual Meeting, Messrs. Lansing and Seegal would serve until the 2009 annual meeting and until their respective successors are elected and have qualified, or until the director's death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees. In the event that the nominees should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominees as the Nominating and Corporate Governance Committee may propose. The nominees have agreed to serve if elected, and the Nominating and Corporate Governance Committee and management have no reason to believe that the nominees will be unable to serve.

Abstentions will be counted towards a quorum and towards the vote total for this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted towards the vote total for this proposal.

Madison as the Lead Director of the Board for the purposes of overseeing and evaluating matters of corporate and Board governance. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has a written charter which may be viewed on the Company's Web site at www.digitalriver.com under the Investor Relations link. The charters include information regarding the committees composition, purpose and responsibilities.

The Board has determined that all members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee qualify as independent directors (as independence is currently defined in rules promulgated by the NASD, and in the case of the Audit Committee, the SEC and the NASD).

During the fiscal year ended December 31, 2005, each of the directors attended at least 75% of the total meetings of the Board and of the committees on which he served and which were held during the period he was a director or committee member. Audit Committee

The Audit Committee of the Board of Directors of the Company oversees the Company's corporate accounting and financial reporting processes and audits of the Company's financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines the engagement and compensation of the independent auditors; determines whether to retain or terminate the existing independent auditors or to engage new independent auditors; reviews and approves the retention of the

Table of Contents

independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company engagement team as required by law; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; and discusses with management and the independent auditors the results of the annual audit and the results of the Company's quarterly financial statement reviews. Mr. Madison serves as the Chair of the Audit Committee and the Board has determined that Mr. Madison is an audit committee financial expert as defined in rules promulgated by the SEC. The Board of Directors has adopted a written Audit Committee Charter, a copy of which is attached as Appendix A to this proxy statement.

Compensation Committee

The Compensation Committee reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee reviews and approves corporate performance goals and objectives relevant to the compensation of the Company's executive officers; reviews and approves the compensation and other terms of employment of the Company's Chief Executive Officer; and administers the Company's stock option and purchase plans, pension and profit sharing plans, stock bonus plans, deferred compensation plans and other similar programs. Mr. Lansing serves as the Chair of the Compensation Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies, reviews, evaluates, recommends and approves candidates for membership on the Board and its various committees, and also is responsible for oversight of corporate governance issues. Mr. Madison serves as the Chair of the Nominating and Corporate Governance Committee.

The Company's bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board at the Company's annual meeting of stockholders. These requirements are separate from and in addition to the SEC requirements that must be met by a stockholder in order to have a stockholder proposal included in the Company's proxy statement. See Information Concerning Solicitation and Voting Stockholder Proposals. To date, the Company has not received any recommendations from stockholders requesting that the Nominating and Corporate Governance Committee consider a candidate for inclusion among the slate of nominees presented at the Company's annual meeting of stockholders. The Nominating and Corporate Governance Committee will consider qualified candidates for director suggested by the stockholders. Stockholders can suggest qualified candidates for director by writing to the attention of the Company's Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. The Company will forward submissions that it receives which meet the criteria outlined below to the Nominating and Corporate Governance Committee for further review and consideration. Any stockholder submissions are encouraged to be forwarded to the Company's Corporate Secretary prior to November 30, 2006 to ensure time for meaningful consideration of the nominee. See also Information Concerning Solicitation and Voting Stockholder Proposals for applicable deadlines. The Nominating and Corporate Governance Committee also may develop other more formal policies regarding stockholder nominations.

Although the Nominating and Corporate Governance Committee has not formally adopted minimum criteria for director nominees, the Nominating and Corporate Governance Committee does seek to ensure that the members of the Company's Board possess both exemplary professional and personal ethics and values and an in-depth understanding of the Company's business and industry. The Nominating and Corporate Governance Committee also believes in the value of professional diversity among members of the Board, and it feels that it is appropriate for members of the Company's senior management to participate as members of the Board. The Nominating and Corporate Governance Committee requires that at least one member of the Board qualify as an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board meet the definition of independence under rules promulgated by the NASD.

Table of Contents

The Nominating and Corporate Governance Committee identifies nominees for the class of directors being elected at each annual meeting of stockholders by first evaluating the current members of such class of directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue to serve on the Company's board are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with the benefits of bringing on members with new perspectives. If any member of such class of directors does not wish to continue in service or if the Nominating and Corporate Governance Committee decides not to re-nominate a member of such class of directors for reelection, the Nominating and Corporate Governance Committee will review the skills and experience of a new nominee in light of the criteria above.

Finance Committee

The Finance Committee advises senior management with respect to various strategic undertakings, including capital raising activities, acquisitions and other financial matters. The Finance Committee is composed of Messrs. Seegal and Lansing and it meets only occasionally as may be necessary to assist senior management. Mr. Seegal serves as the Chair of the Finance Committee. All members are independent (as independence is currently defined in the rules promulgated by the NASD). The Finance Committee has not adopted a written charter.

Director Independence

The Board has reviewed director independence. As a result of this review, the Board determined that five of the six directors (including both of the directors being nominated for re-election at the annual meeting) are independent of the Company and its management. The independent directors are Messrs. Madison, Lansing, Steiner, Seegal and Thorin. Mr. Ronning is considered an inside director because of his continued employment as a senior executive of the Company.

Executive Sessions

During fiscal 2005, the non-management independent directors met in executive sessions without management on four occasions. Mr. Madison presided over these executive sessions as the Lead Director.

Code of Conduct and Ethics

The Company has adopted a Code of Conduct and Ethics that applies to the Company's Chief Executive Officer and senior financial officers, including the Company's Chief Financial Officer and its Controller. The Company will provide a copy of the Code to any person, without charge, upon request. Such requests can be made in writing to the Company's Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. To the extent permitted by the rules promulgated by the NASD, the Company intends to disclose any amendments to, or waivers from, the Code provisions applicable to the Company's Chief Executive Officer and senior financial officers, including the Company's Chief Financial Officer and Controller, or with respect to the required elements of the Code on the Company's website, www.digitalriver.com, under the Investor Relations link.

Communications with the Board of Directors

If you wish to communicate with the Board of Directors, with the independent directors as a group or with the Lead Director, you may send your communication in writing to the Company's Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. You must include your name and address and indicate whether you are a stockholder of the Company. The Corporate Secretary will compile all communications, summarize all lengthy, repetitive or duplicative communications and forward them to the appropriate director or directors. For example, the Corporate Secretary will forward stockholder communications recommending potential director nominees to the chairman of the Nominating and Corporate Governance Committee. The Corporate Secretary will not forward non-substantive communica-

Table of Contents

tions or communications that pertain to personal grievances, but instead will forward them to the appropriate department within the Company for resolution. In this case, the Corporate Secretary will retain a copy of such communication for review by any director upon his request.

Director Nominations

The Nominating and Corporate Governance Committee is the standing committee responsible for identifying and recommending nominees for election to the Board of Directors. All director nominees approved by the Board are required to stand for election by our shareholders at the next annual meeting.

The Nominating and Corporate Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of the Company at the time nominees are considered. A candidate must exhibit strong personal integrity, character, ethics, and judgment. When evaluating prospective candidates, the Committee will consider, in accordance with its charter, such factors as:

The candidate's business skills and experience

The candidate's satisfaction of independence and qualification requirements of the NASD

The mix of directors and their individual skills and experiences

Core competencies that should be represented on the Board

When current Board members are considered for nomination for re-election, the Nominating and Corporate Governance Committee assesses the contributions of those directors, their performance and their attendance at Board and respective Committee meetings.

The Nominating and Corporate Governance Committee will consider qualified candidates for possible nomination that are submitted by shareholders. Any shareholder wishing to propose a nominee should submit a recommendation in writing to the Company's Corporate Secretary, at 9625 West 76th Street, Eden Prairie, Minnesota, 55344, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director. Such proposals for nominees will be given due consideration by the Nominating and Corporate Governance Committee for recommendations to the Board based on the nominee's qualifications.

No candidates for director nominations were submitted to the Nominating and Corporate Governance Committee by any shareholder in connection with the 2006 Annual Meeting. Any stockholder submissions are encouraged to be forwarded to the Company's Corporate Secretary prior to November 30, 2006 to ensure time for meaningful consideration of the nominee. See also Information Concerning Solicitation and Voting Stockholder Proposals for applicable deadlines.

Market, Inc. and SEC rules and regulations. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal control over financial reporting. In fulfilling its oversight responsibilities with respect to the Company's corporate accounting and financial reporting process, the Audit Committee regularly reviews and discusses the financial statements with management, including the discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also regularly meets with the Company's independent auditors who have unrestricted access to the Audit Committee. During the year ended December 31, 2005, the Audit Committee actively participated in overseeing the Company's efforts in developing and testing internal controls over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002, in connection with which the Company's independent auditors issued an unqualified opinion in March 2006.

The Audit Committee determines the engagement and compensation of the independent auditors, evaluates the performance of and assesses the qualifications of the independent auditors, reviews and pre-approves the retention of the independent auditors to perform any proposed permissible non-audit services and monitors the rotation of partners of the independent auditors on the Company engagement team. The Audit Committee reviewed with Ernst & Young LLP, the Company's independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by the Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has discussed with Ernst & Young LLP such auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussion With Audit Committees), and considered the compatibility of any non-audit services with the independence of Ernst & Young LLP.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005 filed with the SEC in March 2006.

PROPOSAL 2

**AMENDMENT TO AMENDED AND RESTATED CERTIFICATE OF INCORPORATION
TO INCREASE AUTHORIZED SHARES OF COMMON STOCK**

The Board of Directors has adopted, subject to stockholder approval, an amendment to the Company's Amended and Restated Certificate of Incorporation to increase the Company's authorized number of shares of Common Stock from 60,000,000 to 120,000,000 shares.

The additional shares of Common Stock would have rights identical to the currently outstanding Common Stock. Adoption of the proposed amendment and issuance of the Common Stock would not affect the rights of the holders of currently outstanding Common Stock, except for effects incidental to increasing the number of shares of Common Stock, such as dilution of the earnings per shares and voting rights of current holders of Common Stock.

Table of Contents

If the amendment is adopted, it will become effective upon filing of a certificate of amendment of the Company's Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware.

As of April 1, 2006, 39,475,191 shares of the Company's 60,000,000 authorized shares of Common Stock were issued and outstanding, 6,011,019 shares were reserved for issuance upon the exercise of outstanding options or available for grant under the Company's 1998 Equity Incentive Plan (the "1998 Plan"), 628,036 shares reserved for issuance under the Company's 2000 Employee Stock Purchase Plan and 4,425,486 shares were reserved for issuance under the Company's \$195 million of 1.25% convertible senior notes due 2024.

Consequently, the Company is currently limited to 9,460,268 authorized but unissued shares if it desires to issue stock for additional equity compensation, or for stock splits, stock dividends, or acquisitions or to obtain funds through a private or public offering, or any other purpose. The Board believes that it is in the Company's best interests to have additional authorized but unissued Common Stock available for issuance to meet business needs as arise from time to time, without the expense and delay of seeking stockholders approval for additional authorized shares at that time. Thus, the Board believes that it is in the Company's best interest to increase the authorized Common Stock beyond the currently available shares for such business needs. Such business needs may include future stock splits or stock dividends, equity financings, acquisitions, adoption of new or modifying current employee benefit plans, and other proper corporate purposes identified by the Board in the future, though the Company has no current plans, arrangements or understandings to issue the additional shares of Common Stock that would be authorized by this proposal.

Any future issuance of such Common Stock would remain subject to separate stockholder approval if required by applicable law or Nasdaq rules. While authorization of the additional shares will not currently dilute the proportionate voting power or other rights of existing stockholders, future issuances of Common Stock could reduce the proportionate ownership of existing holders of the Company's Common Stock, and, depending on the price at which such shares are issued, may be dilutive to the existing stockholders. Common Stock (including the additional Common Stock authorized pursuant to this proposal) may be issued from time to time upon authorization of the Board, without further approval by the stockholders, unless otherwise required by applicable law or Nasdaq rules, and for the consideration that the Board may determine is appropriate and as may be permitted by applicable law. As provided for by the Delaware General Corporation Law, the Board has directed that the proposed Amendment to increase the authorized Common Stock from 60,000,000 to 120,000,000 shares be submitted to a vote of the stockholders at the Annual Meeting.

Although an increase in the authorized shares of Common Stock could, under certain circumstances, have an anti-takeover effect (for example, by diluting the stock of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for a combination of the Company with another company), this proposal is not in response to any effort of which we are aware to accumulate the Company's stock or obtain control of the Company nor is it part of a plan by management to recommend a series of similar amendments to the Board of Directors and stockholders.

The proposed Amendment would amend Article IV of the Company's Amended and Restated Certificate of Incorporation by striking out the text of Article IV. A., as it currently exists and inserting the following:

IV.

A. The Corporation is authorized to issue two classes of stock to be designated, respectively, Common Stock and Preferred Stock. The total number of shares which the Corporation is authorized to issue is one hundred twenty-five million (125,000,000) shares. One hundred twenty million (120,000,000) shares shall be Common Stock, par value \$.01 per share. Five million (5,000,000) shares shall be Preferred Stock, par value \$.01 per share.

Table of Contents

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock will be required to approve the amendment to the Company's Amended and Restated Certificate of Incorporation. As a result, abstentions and broker non-votes will be counted towards a quorum and will have the same effect as negative votes.

**The Board of Directors Recommends
a Vote in Favor of Proposal 2**

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2006, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited the Company's financial statements since June 13, 2002. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

**The Board of Directors Recommends
a Vote in Favor of Proposal 3**

These services include assistance with tax return preparation and review, federal, state and international tax compliance, strategic tax planning services, including in connection with the Company's international subsidiaries, and structuring of acquisitions. The aggregate fees billed by Ernst & Young LLP for these services were approximately \$526,000 and \$509,000 for the fiscal years ended December 31, 2005 and 2004, respectively.

All Other Fees

Pre-Approval Policies and Procedures

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by the Company's independent auditors. The Audit Committee meets with the Company's independent auditors to pre-approve the annual scope of accounting services to be performed, including all audit and non-audit services, and the related fee estimates. Pre-approval is detailed as to the particular service or category of services to be provided and is generally subject to a specific budget. The Audit Committee also meets with the Company's independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to the Company's earnings announcements, to review the results of their work. As appropriate, management and the Company's independent auditors update the Audit Committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved.

Under its charter, the Audit Committee has the authority and responsibility to review and approve the retention of the Company's outside auditors to perform any proposed permissible non-audit services. The Audit Committee may delegate this authority to one or more Committee members, but any approvals of non-audit services made pursuant to this delegated authority must be presented to the full Committee at its next meeting. To date, the Audit Committee has not delegated its approval authority, and all audit and non-audit services provided by Ernst & Young LLP have been pre-approved by the Audit Committee in advance.

Auditors Independence

The Audit Committee has determined that the rendering of all the aforementioned services by Ernst & Young LLP were compatible with maintaining the auditors' independence. During the fiscal year ended December 31, 2005, none of the total hours expended on the Company's financial audit by Ernst & Young LLP were provided by persons other than Ernst & Young LLP's full-time permanent employees.

COMPENSATION OF DIRECTORS

In 2005, non-employee directors received cash compensation of \$2,500 for each regular board meeting they attended in person, which compensation decreased to \$1,000 if the meeting was attended telephonically. In addition, each non-employee director received an annual option to purchase 10,000 shares of the Company's Common Stock, which vested quarterly over a three-year period, and a second option to purchase an additional 10,000 shares of the Company's Common Stock, which becomes 100% exercisable if and only if the non-employee director continued to hold the shares underlying the first option for the full three-year vesting period. This structure is designed to further align the directors' interests with the interests of the Company's stockholders and to provide incentives for the directors to make a long-term investment in and retain their equity holdings in the Company.

In addition to the aforementioned option grants, which were made to all non-employee directors, in 2005, the chairmen of the Compensation and Finance Committees and the Board's Lead Director, received additional option grants of 5,000 shares; the chairman of the Audit Committee received an additional option to purchase 12,500 shares; and each member of the Audit Committee (other than the chairman) received an annual option to purchase another 5,000 shares of Common Stock. All of these options vest quarterly over a three-year period beginning on the date of grant. No options were granted in 2005 to the members of the Nominating and Corporate Governance Committee for services on that committee.

In February 2006, the Board of Directors of the Company approved modifications to the compensation program for the Company's non-employee directors. Under the program, non-employee directors will continue to receive cash compensation in the amount of \$2,500 for each regular meeting of the Board they attend in person, which compensation decreases to \$1,000 if the meeting is attended telephonically. In addition, each non-employee director will now receive an annual retainer in the amount of \$15,000, payable quarterly. Further, each non-employee director will receive an annual restricted stock grant of 5,000 shares of the Company's Common Stock, which will vest annually, one-third per year, over a three-year period. This structure is designed to further align the directors' interests with the interests of the Company's stockholders and to provide the directors with an incentive to maximize long-term stockholder value.

In addition to the aforementioned restricted stock grants, which will be made to all non-employee directors, the chairmen of the Compensation, Nominating and Corporate Governance and Finance Committees will each receive an additional annual restricted stock grant of 1,000 shares; the chairman of the Audit Committee will receive an additional annual restricted stock grant of 2,000 shares; and members of the Audit Committee (other than the chairman) and the Board's Lead Director will each receive an annual restricted stock grant of 500 shares. All of these restricted stock grants will vest annually, one-third per year, over a three year period. The Board of Directors will annually evaluate and consider whether to maintain or modify the compensation program for the non-employee directors.

Stock Option Grants and Exercises

The Company grants options to its executive officers under its 1998 Plan. At last year's annual meeting, stockholders of the Company approved an amendment and restatement of the Company's 1998 Stock Option Plan that combined the 1998 Stock Option Plan with the Company's 1999 Stock Option Plan and gave the Company the flexibility to grant restricted stock awards, restricted stock unit awards and performance shares, in addition to incentive and nonstatutory stock options, to the directors, employees and consultants of the Company and its subsidiaries under the combined plan. As part of the amendment

and restatement of the 1998 Stock Option Plan approved by the stockholders, the 1999 Stock Option Plan was suspended so that no new stock options would be granted thereunder and the shares of Common Stock that were available for issuance under the 1999 Stock Option Plan are now available for issuance under the 1998 Plan and any shares of Common Stock underlying stock options outstanding under the 1999 Stock Option Plan that terminate unexercised will be available for issuance under the 1998 Plan.

As of April 1, 2006, options to purchase a total of 4,400,003 shares were outstanding under the 1998 Plan and options to purchase 1,611,016 shares remained available for grant thereunder.

No gain to the option holder is possible unless the stock price increases over the option term. Employment Agreements

Employment Agreement with Joel A. Ronning

Effective as of August 8, 2005, the Company entered into an employment agreement with Joel A. Ronning, the Company's Chief Executive Officer, which superseded the prior employment agreement between the parties. The term of the employment agreement is for a period of two years (the Expiration Date) with automatic one-year renewals if not terminated prior to the Expiration Date (as extended in connection with any renewed term). Mr. Ronning's compensation pursuant to the employment agreement consists of a base salary of \$250,000. In 2005, Mr. Ronning's compensation also included a cash bonus of \$1,000,000 based on his and the Company's performance, which was paid in early 2006. In addition, in February 2006 Mr. Ronning was granted stock options to purchase an aggregate of 200,000 shares of the Company's Common Stock as part of his compensation. Future annual bonuses will be determined at the discretion of the Compensation Committee and approved by the Board. The Company may grant stock options, restricted stock, stock appreciation rights, or other incentive equity (Incentive Equity) to Mr. Ronning in the future at the discretion of the Board or a committee of the Board. In the event of Mr. Ronning's termination under certain circumstances, including upon a change in control of the Company, he will be entitled to termination payments equal to his base salary at the time of termination plus a weighted three year average of his annual bonus amount, as well as a continuation of certain employee benefits for a period of 12 months. In the event of a change of control, any unvested Incentive Equity held by Mr. Ronning will immediately vest and become exercisable. The acceleration of Incentive Equity in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of the Company. In the event of a change of control, such payments and benefits may be reduced if any payment or benefit would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. Mr. Ronning also has agreed not to compete with the Company in countries or territories where the Company conducts business for a period of 12 months following termination under certain circumstances.

Employment Offer Letter with Thomas M. Donnelly

Effective July 1, 2005, the Company entered into an employment offer letter with Thomas M. Donnelly, the Company's Chief Financial Officer. Compensation Committee Interlocks and Insider Participation

The Company's Compensation Committee is composed of three non-employee directors: Messrs. Lansing, Madison and Seegal. No current member of the Compensation Committee is or has ever been an officer or employee of the Company, or has had any relationship with the Company that is required to be disclosed under Item 404 of Regulation S-K. No executive officer of the Company serves on the board of directors or as a member of a compensation committee of any entity that has or has had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION²**

Introduction

The Company's executive compensation policies and practices are approved by the Compensation Committee of the Board of Directors (the Committee). The Committee consists of three independent directors who are not, and have never been, employees or officers of the Company. The Committee is responsible for the design, administration and oversight of the compensation and benefits programs for the Company's executive officers, including the Chief Executive Officer, and the Committee's determinations are reviewed with all of the non-employee directors of the Company.

Philosophy

The Committee has implemented compensation policies, plans and programs that seek to enhance stockholder value by aligning the financial interests of the executive officers with those of the Company and its stockholders. Annual base salaries are generally set at market-based competitive median levels. The Company relies on annual incentive compensation and equity incentives to attract, retain, motivate and reward executive officers and other key employees. Incentive compensation is variable and tied to corporate and individual performance. The policies, plans and programs are designed to provide an incentive to management to grow revenues, provide quality returns on investment, enhance stockholder value and contribute to the long-term growth of the Company. All policies, plans and programs are reviewed at least annually to ensure that they meet the current strategies and needs of the business. In 2006, the Committee plans to retain an independent consulting firm as an advisor and resource to assist the Committee in further developing and executing the Company's total compensation strategy.

Compensation Plans

The Company's executive compensation is based on three components, each of which is intended to support the overall compensation philosophy.

Base Salary

Base salary is the fixed portion of executive compensation targeted at the median level for technology companies with similar characteristics such as sales volume, capitalization and financial performance. Salaries for executive officers are reviewed by the Committee on an annual basis and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Committee reviews with the Chief Executive Officer an annual salary plan for the Company's executive officers (other than the Chief Executive Officer). The salary plan is modified as deemed

appropriate and approved by the Committee. The annual salary plan is developed by the Company's Chief Executive Officer based on publicly available competitive compensation information on organizations with similar characteristics, such as size, scope of operations, revenue growth and business focus, and on performance judgments as to the past and expected future contributions of the individual executives. Additional factors include levels of responsibility, breadth of knowledge and expertise and prior experience. The Committee reviews and establishes the base salary of the Chief Executive Officer based on similar competitive compensation data and the Committee's assessment of his past performance and its expectation as to his future contributions in directing the long-term success of the Company.

Annual Incentives

The variable portion of executive compensation is paid pursuant to annual bonus plans agreed to by the Committee and the executive at or near the beginning of the year. The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing revenues while maintaining prudent management of gross margins and operating expenses. Accordingly, the bonus plan for 2005 was based on achieving certain revenue and earnings levels. The Committee believes these goals are the strongest drivers of long-term value for the Company. The bonus payable to the Chief Executive Officer was based on the pre-established performance goals related to exceeding revenue and earnings targets and the Company's overall performance during the year as described.

Equity Incentives

Long-term equity incentives are provided through grants of stock options, restricted stock and performance shares to executive officers and other key employees pursuant to the Company's 1998 Plan. The stock component of compensation is intended to retain and motivate employees to grow long-term stockholder value. Initial grants of stock options are generally made to eligible employees upon commencement of employment. Following the initial hire, additional equity incentive grants may be made to participants pursuant to a periodic grant program or following a significant change in job responsibilities, scope or title. Stock options under the 1998 Plan generally vest over a four-year period and expire ten years from the date of grant. Stock options are granted at fair market value and have value only if the Company's stock price increases. The Committee believes this element of the total compensation program directly links the executive's interests with those of the stockholders and the long-term performance of the Company.

The Committee establishes the number and terms of options and restricted stock granted under the 1998 Plan to the executive officers. The Committee encourages executives to build a substantial ownership investment in the Company's Common Stock. Outstanding performance by an individual executive officer is recognized through larger equity grants.

The Committee has delegated authority to the Company's Chief Executive Officer for granting certain options to employees. All options granted by the Chief Executive Officer require acknowledgement by the Board of Directors. The Compensation Committee retains the authority to approve equity grants to executive officers and directors of the Company.

Out of a total of 846,678 options granted in 2005, executive officers of the Company received grants for 125,000 shares, or approximately 14.8% of the total options granted in 2005.

As an integral component of its long-term strategic planning process, the Committee evaluates a number of factors impacting its employee compensation philosophy, including the Company's stage of growth, competitive environment, business complexity and market opportunity. One of the key conclusions from this analysis was that Digital River continues to operate in a high growth environment that is subject to rapid change, complexity and a multitude of business risks. To continue its record of success in this challenging environment, the Company believes that its compensation practices must remain competitive with practices of peer group companies with similar growth rates and long-term opportunities.

Compensation of Chief Executive Officer

The compensation of Mr. Ronning, the Company's Chief Executive Officer, consists of all three of the above-described components. The Committee believes that the compensation awarded to Mr. Ronning should reflect the Company's overall performance and, accordingly, for the year ended December 31, 2005, the Committee used a number of factors and criteria to determine Mr. Ronning's compensation, including the Company's ability to achieve a full year of profitability, penetrate new markets, complete strategic acquisitions, and manage operating expenses.

The Committee did not increase Mr. Ronning's base salary in 2005 from the prior year. This reflected the Committee's belief that Mr. Ronning's base salary is at a competitive level for similar technology companies. However, based upon the Company's overall performance in 2005 and the achievement of pre-established performance goals, as well as Mr. Ronning's leadership of the Company's management throughout the year, a bonus of \$1,000,000 was paid to Mr. Ronning.

The Committee reviewed market data for similar technology companies to determine whether to grant Mr. Ronning equity incentives. Based on Mr. Ronning's 2005 performance, the Committee determined to grant him an option to acquire 200,000 shares of the Company's Common Stock. The Committee believes that Mr. Ronning's compensation is comparable to that received by the chief executive officers of similar technology companies.

Section 162(m)

Digital River is limited by Section 162(m) of the Code to a deduction for federal income tax purposes of up to \$1,000,000 of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1,000,000 may be deducted if it meets certain technical requirements to be classified as performance-based compensation. Although the Committee uses the requirements of Section 162(m) as a guideline, deductibility is not the sole factor it considers in assessing the appropriate levels and types of executive compensation and it will elect to forego deductibility when the Committee believes it to be in the best interests of the Company and its stockholders.

The Committee believes that the programs described above provide compensation that is competitive with comparable high growth technology companies, link executive and stockholder interests, and provide the basis for the Company to attract and retain qualified executives. The Committee will continue to monitor the relationship among executive compensation, the Company's performance and stockholder value as a basis for determining the Company's ongoing compensation policies and practices.

PERFORMANCE MEASUREMENT COMPARISON³

The SEC requires a comparison on an indexed basis of cumulative total stockholder return for the Company, a relevant broad equity market index and a published industry line-of-business index. The following graph shows a total stockholder return of an investment of \$100 in cash on December 31, 2000 for (i) the Company's Common Stock; (ii) the CRSP Total Return Index for the Nasdaq Stock Market (U.S. companies) (the Nasdaq Composite Index); and (iii) the RDG Technology Composite Index. The RDG Technology Composite Index is composed of approximately 500 technology companies in the semiconductor, electronics, medical and related technology industries. Historic stock price performance is not necessarily indicative of future stock price performance. All values assume reinvestment of the full amount of all dividends.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Digital River stockholders will be householding the Company's proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker or direct your written request to: Investor Relations, Digital River, Inc., 9625 West 76th Street, Eden Prairie, Minnesota 55344 or contact our Investor Relations department at (952) 253-1234. The Company will promptly deliver upon written or oral request a separate copy of the annual report or proxy statement to a security holder at a shared address to which a single copy of the document was delivered. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their broker.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
