**TWEETER HOME ENTERTAINMENT GROUP, INC. AND SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**1. Basis of Presentation**

The unaudited condensed consolidated financial statements of Tweeter Home Entertainment Group, Inc. and its subsidiaries ( Tweeter or the Company ), included herein, should be read in conjunction with the consolidated financial statements and notes thereto included in Tweeter s Annual Report on Form 10-K for the fiscal year ended September 30, 2001.

**2. Accounting Policies**

The unaudited consolidated financial statements of Tweeter have been prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation of the interim consolidated financial statements have been included. Operating results for the nine-month period ended June 30, 2002 are not necessarily indicative of the results that may be expected for the fiscal year ending September 30, 2002. Tweeter typically records its highest revenue and earnings in its first fiscal quarter.

**3. Earnings per Share**

The weighted average shares used in computing basic and diluted net income per share are presented in the table below. Certain options are not included in the earnings per share calculation when the exercise price is greater than the average market price for the period. The number of options excluded in each period is reflected in the table.

<hr/>				
<hr/>				
<hr/>				
<hr/>				

**5. Tweeter@Outpost.com Joint Venture**

On February 9, 2002, the Company's joint venture with Cyberian Outpost, Inc. was dissolved. The Company discontinued its Internet operations on December 31, 2001. During the quarter ended June 30, 2002, the Company received a partial distribution of its investment in the joint venture and believes that the remaining balance of the investment of approximately \$1.8 million at June 30, 2002 will be realized during fiscal year 2002.

**6. Goodwill and Other Intangibles**

On October 1, 2001 the Company adopted, SFAS No.142, Goodwill and Other Intangible Assets, which eliminated the amortization of purchased goodwill and other intangibles with indefinite useful lives. SFAS No.142 changes the accounting for goodwill and intangible assets with indefinite lives from an amortization method to an impairment assessment. Other intangible assets will continue to be amortized over their useful lives. Amortization of goodwill, including goodwill recorded in prior business combinations, ceased upon the adoption of this standard. Under SFAS No.142, goodwill will be tested at least annually, more frequently if an event occurs which indicates that goodwill may be impaired. In connection with this statement, management is required to perform an impairment assessment within six months of adoption. As of March 31, 2002, the Company completed the goodwill impairment test and no impairments were indicated.

The following financial information is presented as if the statement was adopted at the beginning of fiscal year 2001.

Edgar Filing: TWEETER HOME ENTERTAINMENT GROUP INC - Form 10-Q

**Table of Contents**

The financial information for acquired intangible assets is as follows:

	<u>September 30, 2001</u>	<u>June 30, 2002</u>
<b>Non-competes Agreements:</b>		
Original Cost		
\$3,905,000	\$4,255,000	
Accumulated Amortization		
130,168	774,251	
<b>Tradenames:</b>		
Original Cost		
\$3,600,000	\$3,600,000	
Accumulated Amortization		
120,000	660,000	

For the three and nine months ended June 30, 2002, the aggregate amortization expense was \$393,198 and \$1,184,083, respectively. For each of the fiscal years 2002 through 2005, the amortization expense is estimated to be approximately \$1.5 million and for fiscal year 2006, amortization expense is estimated to be approximately \$1.25 million.

**7. Hillcrest High Fidelity Acquisition**

On March 1, 2002, Tweeter completed the acquisition of Hillcrest High Fidelity, Inc. ( Hillcrest ), located in the greater Dallas, Texas market. Hillcrest is a two-store specialty retailer that has operated in Dallas for 53 years, with annual revenues of approximately \$14 million. This transaction was accounted for as a purchase. Tweeter paid \$4.4 million in cash, and issued 42,886 shares of its common stock from its shelf registration filed on April 13, 1999 with the Securities and Exchange Commission, and amended on December 23, 1999, in consideration for the acquisition. The results of operations for the acquired entity for the four-months ended June 30, 2002 would not have been significant to the consolidated operations of Tweeter. Accordingly, pro forma information has not been presented. The allocation of the purchase price, which is preliminary, resulted in goodwill to date of approximately \$4,231,000. The approximate net assets assumed at fair market value on March 1, 2002 were allocated as follows:

Inventory	\$ 1,917,000
Property and equipment	
434,000	
Other current assets	
440,000	
Other current liabilities	
(1,370,000)	
<hr/>	
Net assets assumed	
1,421,000	
Total purchase price and related costs (including the issuance of 42,886 shares of common stock with a fair market value of \$1,000,000 and accrued final settlement costs of \$600,000)	

5,652,000

---

Goodwill  
\$4,231,000

---

#### **8. Tweeter.com E-Commerce Site**

On May 7, 2002, Tweeter formed a relationship with Global Sports Inc. (Nasdaq: GSPT) to operate the www.tweeter.com e-commerce Internet site. Under the agreement, Tweeter will be responsible for directing the user experience of the new www.tweeter.com e-commerce site. Tweeter will handle all of the merchandising, branding and designing of the look and feel of the Web site. Global Sports will be responsible for the technology, customer service, order processing, and fulfillment for which they will be paid a fee. The new online store will feature a selection of mid- to high-end audio and video technologies for the home and car and is expected to launch during the fourth fiscal quarter.

#### **9. Amended Senior Credit Facility**

On May 31, 2002, Tweeter signed an amendment to its three-year senior credit facility that increased the maximum availability to \$100 million. The credit facility has a maturity date of July 1, 2004 and is secured by inventory, and certain other assets. The unpaid balances under this agreement bear interest at the lender's base rate, or Eurodollar Pricing plus 1.50% if the Company commits the balances for a period of thirty days or more. The principle balance outstanding at June 30, 2002 was \$59,800,000.

**Table of Contents**

**10. Reclassifications**

Certain 2001 reclassifications have been made to conform to the 2002 presentation.

**11. New Accounting Pronouncements**

In August 2001, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standards ( SFAS ) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. SFAS No. 144 supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, and the accounting and reporting provisions of Accounting Principles Board ( APB ) Opinion No. 30, Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years. The Company is in the process of evaluating the impact that implementing SFAS No. 144 will have on its consolidated financial statements. In July 2002, the FASB issued SFAS No.146, Accounting for Costs Associated with Exit or Disposal Activities. This standard requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of the commitment to an exit or disposal plan. This statement is effective prospectively to exit or disposal activities initiated after December 31, 2002. The Company is in the process of evaluating the impact that implementing SFAS No.146 will have on its consolidated financial statements.

**Table of Contents**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**INTRODUCTION**

Tweeter is a specialty retailer of mid- to high-end audio and video consumer electronics products. Tweeter currently operates 162 stores under the Tweeter, HiFi Buys, Sound Advice, Bang & Olufsen, Electronic Interiors, Showcase Home Entertainment and Hillcrest names in the New England, Texas, Southern California, Mid-Atlantic, Chicago, Southeast, Florida and Phoenix markets.

**RESULTS OF OPERATIONS**

**THREE MONTHS ENDED JUNE 30, 2002 AS COMPARED TO THREE MONTHS ENDED JUNE 30, 2001**

*Total Revenue.* Total revenue includes delivered merchandise, labor, net commissions on service contracts sold, completed service center work orders, insurance replacement and corporate sales. Total revenue increased \$65.3 million, or 59.3%, to \$175.3 million for the three months ended June 30, 2002 from \$110.0 million for the three months ended June 30, 2001. The increase was mainly comprised of \$50.5 million from acquired companies and \$18.5 million from new stores. This was offset by a comparable store sales decrease of \$4.3 million. Comparable store sales were down 4.6%. This excludes acquired stores until they have been owned for one year. The Sound Advice stores had a comparable store sales decrease of 4.7%, the Showcase stores had a comparable store sales increase of 10.7% and Hillcrest stores had a comparable store sales increase of 26.2%. Sales of HD and HD ready projection sets increased 45.6% from the same quarter last year and accounted for 96.2% of projection television sales for the quarter ended June 30, 2002. Sales of digital tubes increased by 25.8% from the same period last year and represented 60.7% of the category's sales for the quarter ended June 30, 2002. Sales of flat panel Plasma and LCD TV's were up 295% during the June 30, 2002 quarter compared to the same quarter last year. The category represented 7.4% of total revenue in the quarter ended June 30, 2002. The sales of satellite ready car head-units continued to be an important new technology, as sales were up 123% from the same quarter last year. Satellite ready head-units represented 47.5% of the head-unit category. Total digital sales penetration exceeded 50% of total revenue.

*Gross Profit.* Cost of sales includes merchandise costs, net delivery costs, distribution costs, home installation labor costs, purchase discounts, and vendor volume rebates. Cost of sales increased \$40.7 million, or 57.2%, to \$111.9 million for the three months ended June 30, 2002 from \$71.2 million for the three months ended June 30, 2001. Gross profit increased \$24.6 million, or 63.3%, to \$63.5 million for the three months ended June 30, 2002 from \$38.9 million for the three months ended June 30, 2001. The gross margin percentage increased 90 basis points, to 36.2% for the three months ended June 30, 2002, from 35.3% for the three months ended June 30, 2001. The increase in margin was primarily due to an increase in pure product margins and a reduction in inventory shrink.

*Selling Expenses.* Selling expenses include the compensation of store personnel, occupancy costs, store level depreciation, advertising expenses, pre-opening expenses and credit card fees. Selling expenses increased \$21.6 million, or 74.9%, to \$50.4 million for the three months ended June 30, 2002 from \$28.8 million for the three months ended June 30, 2001. As a percentage of revenue, selling expenses increased to 28.8% for the three months ended June 30, 2002 from 26.2% for the three months ended June 30, 2001. This was driven by declines in comparable store sales and increases in fixed costs as a percentage of sales. Occupancy, depreciation and insurance expenses together as a percent of revenue increased 160 basis points for the three months ended June 30, 2002 compared to the three months ended June 30, 2001. Compensation costs and credit card fees together increased 80 basis points for the three months ended June 30, 2002 compared to the same period in 2001.

*Corporate, General and Administrative Expenses.* Corporate, general and administrative expenses include the costs of executive officers, finance, merchandising, marketing, information systems, human resources, training, and related support functions. Corporate, general and administrative expenses increased 108.4% to \$12.0 million for the three months ended June 30, 2002 from \$5.7 million for the three months ended June 30, 2001. As a percentage of total revenue, corporate general and administrative expenses increased to 6.8% for the three months ended June 30, 2002 from 5.2% for the three months ended June 30, 2001. Approximately 130 basis points of this increase was due to increases in compensation costs, provision for uncollectible accounts, depreciation and insurance.

*Amortization of Intangibles.* Amortization of intangibles decreased to \$393,000 for the three months ended June 30, 2002 from \$521,000 for the three months ended June 30, 2001. The decrease was due to the adoption of Financial Accounting Standards Board ( FASB ) Statement of Financial Accounting Standards ( SFAS ) No. 142, Goodwill and Other Intangible Assets. This statement requires that amortization be recorded only on intangible assets with definitive lives and not on goodwill or indefinite lived intangibles. In the fourth quarter the Company will perform its annual test for impairment utilizing various valuation techniques, however due to the depressed stock price, the Company may be required to take a goodwill impairment charge.

## **Table of Contents**

*Net Interest Income (Expense).* Net interest expense increased to \$505,000 for the three months ended June 30, 2002 from net interest income of \$248,000 for the three months ended June 30, 2001. This increase is due primarily to the borrowings on our revolving credit agreement during the three months ended June 30, 2002 compared to cash investment income realized on our outstanding cash balances during the three months ended June 30, 2001. The increase in borrowings was due to the debt acquired in the Sound Advice acquisition and the opening of new stores.

*Income Taxes.* The effective tax rate for the fiscal quarters ended June 30, 2002 and June 30, 2001 was 40.0%.

*Seasonality.* Tweeter's operations, in common with other retailers, are subject to seasonal influences. Historically, Tweeter has realized more of its revenue and net earnings in its first fiscal quarter, which includes the holiday season, than in any other fiscal quarter. The net earnings of any interim quarter are seasonally disproportionate to net sales since certain selling expenses and administrative expenses are relatively fixed during the year. Therefore, interim results should not be relied upon as necessarily indicative of results for the entire fiscal year.

### **NINE MONTHS ENDED JUNE 30, 2002 AS COMPARED TO NINE MONTHS ENDED JUNE 30, 2001**

*Total Revenue.* Total revenue increased \$223.2 million, or 57.3%, to \$613.1 million for the nine months ended June 30, 2002 from \$389.8 million for the nine months ended June 30, 2001. The increase was mainly comprised of \$57.6 million from new stores and \$179.0 million derived by sales from the acquired chains. This was offset by a comparable store sales decrease of \$13.5 million. Comparable store sales, excluding acquired stores, decreased by 4.0%. Digital technology products continue to drive sales performance as it represented over 50% of revenues for the nine months ended June 30, 2002.

*Gross Profit.* Cost of sales increased \$141.3 million, or 56.5% to \$391.3 million for the nine months ended June 30, 2002 from \$250.1 million for the nine months ended June 30, 2001. Gross profit increased \$82.0 million, or 58.6% to \$221.7 million for the nine months ended June 30, 2002 from \$139.8 million for the nine months ended June 30, 2001. The gross margin percentage increased 30 basis points to 36.2% from 35.9% last year.

*Selling Expenses.* Selling expenses increased \$64.7 million, or 67.9%, to \$160.1 million for the nine months ended June 30, 2002 from \$95.4 million for the nine months ended June 30, 2001. As a percentage of revenue, selling expenses increased to 26.1% for the nine months ended June 30, 2002 from 24.5% in the prior year period. This increase was attributed to higher occupancy costs, banking fees associated with the extended credit card financing, net advertising expense, and higher insurance costs.

*Corporate, General and Administrative Expenses.* Corporate, general and administrative expenses for the nine months ended June 30, 2002 increased 78.1% to \$31.9 million from \$17.9 million for the nine months ended June 30, 2001. As a percentage of total revenue, corporate general and administrative expenses increased to 5.2% for the nine months ended June 30, 2002 from 4.6% for the prior year period. This increase was due to higher depreciation expense and payroll costs.

*Amortization of Intangibles.* Amortization of intangibles decreased to \$1.2 million for the nine months ended June 30, 2002 from \$1.5 million for the nine months ended June 30, 2001. The decrease was due to the adoption of SFAS No. 142, Goodwill and Other Intangible Assets. This statement requires that amortization be recorded only on intangible assets with definitive lives and not on goodwill or indefinite lived intangibles.

*Net Interest Income (Expense).* Net interest expense increased to \$1.7 million for the nine months ended June 30, 2002 from net interest income of \$950,000 for the nine months ended June 30, 2001. This increase is due primarily to the borrowings on our revolving credit agreement during the nine months ended June 30, 2002 compared to cash investment income realized on our outstanding cash balances during the nine months ended June 30, 2001. The increase in borrowings was due to the debt acquired in the Sound Advice acquisition and the opening of new stores.

*Income Taxes.* The effective tax rate for the nine months ended June 30, 2002 and June 30, 2001 was 40.0%. Tweeter expects that the income tax rate for the year ending September 30, 2002 will approximate 40.0%.

### **LIQUIDITY AND CAPITAL RESOURCES**

Net cash provided in operating activities was \$20.1 million for the nine months ended June 30, 2002 compared to net cash provided of \$38.8 million for the nine months ended June 30, 2001. Cash provided in operations for the nine months ended June 30, 2002 was primarily the result of net income of \$16.2 million and depreciation and amortization of \$13.0 million. This was offset by a decrease in accounts payable and accrued expenses of \$7.0 million and an increase in inventory of \$4.3 million.

## **Table of Contents**

At June 30, 2002, working capital was \$80.2 million, compared to \$70.5 million at September 30, 2001. The ratio of current assets to current liabilities was 1.85 to 1 at June 30, 2002 and 1.70 to 1 at September 30, 2001.

Cash used in investing activities for the nine months ended June 30, 2002 included capital expenditures of \$44.1 million, primarily used for the building of new stores, the relocation of existing stores and the Hillcrest acquisition of \$3.9 million. Cash provided from investing activities included \$1.6 million of partial distributions from the joint venture.

Net cash provided by financing activities during the nine months ended June 30, 2002 was \$23.4 million, which was due to borrowings of long-term debt of \$23.1 million.

On May 31, 2002, Tweeter amended its three-year senior credit facility. The amendment increased the amount available to borrow to \$100 million up from \$75 million. At June 30, 2002, the Company had \$59,800,000 outstanding on its revolving credit facility and there was \$40,200,000 available. The unpaid balances under this facility bear interest at the lender's base rate, or Eurodollar pricing plus 1.5% if the Company commits the balances for a period of thirty days or more.

On March 1, 2002, Tweeter completed the acquisition of Hillcrest High Fidelity, Inc. This transaction was accounted for as a purchase and, accordingly, the results of operations of the Company's business relating to Hillcrest are included in the consolidated statements of operations from the acquisition date. The total purchase price, including acquisition costs to date, was approximately \$5.7 million, \$1.0 million of which was paid through the issuance of 42,886 shares of the Company's common stock.

Tweeter believes that its existing cash, together with cash generated by operations and available borrowings under its credit facility will be sufficient to finance its working capital and anticipated capital expenditure requirements of approximately \$32 million for at least the next twelve months. If management pursues additional acquisitions within this period, however, such acquisitions could strain Tweeter's capital resources. Furthermore, due to the seasonality of its business, Tweeter's working capital needs are significantly higher the fiscal third and fourth quarters and there is the possibility that this could cause unforeseen capital constraints in the future.

## **NEW ACCOUNTING PRONOUNCEMENTS**

In August 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. SFAS No. 144 supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, and the accounting and reporting provisions of Accounting Principles Board (APB) Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years. The Company is in the process of evaluating the impact that implementing SFAS No. 144 will have on its consolidated financial statements. In July 2002, the FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. This standard requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of the commitment to an exit or disposal plan. This statement is effective prospectively to exit or disposal activities initiated after December 31, 2002. The Company is in the process of evaluating the impact that implementing SFAS No. 146 will have on its consolidated financial statements.

## **FORWARD-LOOKING STATEMENTS**

Certain statements contained in this Quarterly Report on Form 10-Q, including, without limitation, statements containing the words expects, anticipates, believes and words of similar import, constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to various risks and uncertainties, including those relating to the realizing of the remaining outstanding joint venture investment, the income tax rate for fiscal 2002, Company growth and acquisitions, dependence on key personnel, the need for additional financing, competition and seasonal fluctuations, and those referred to in Tweeter's Registration Statement filed on Form S-4 on June 14, 2001, and amended on June 26, 2001, and in the Company's Annual Report on Form 10-K filed on December 21, 2001, that could cause actual future results and events to differ materially from those currently anticipated. Readers are cautioned not to place undue reliance on these forward-looking statements.

**Table of Contents**

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The market risk inherent in our financial instruments and in our financial position is the potential for loss arising from adverse changes in interest rates. We do not enter into financial instruments for trading purposes.

At June 30, 2002, the Company had \$59,800,000 of variable rate borrowings outstanding under its revolving credit agreements, which approximates fair value. A hypothetical 10% adverse change in interest rates for this variable rate debt would have an approximate \$203,000 annual impact on the Company's earnings and cash flows.

At June 30, 2002, we had approximately \$103,000 in marketable equity securities. Equity market fluctuations can impact fair values (although not earnings, unless such equity positions are actually liquidated). A 10% fluctuation in the value of such securities would either reduce or increase total assets by \$10,000.

**PART II. OTHER INFORMATION**

**ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K**

(a) Exhibits

10.1 Third Amendment to Credit Agreement, dated as of May 31, 2002, among the registrant, Fleet National Bank and the other parties thereto.

99.1 Certification pursuant to 18 U.S.C. Section 1350, As adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

99.2 Certification pursuant to 18 U.S.C. Section 1350, As adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

(b) Reports on Form 8-K.

None

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
