ABOUT OPTICARE HEALTH SYSTEMS, INC.

OptiCare Health Systems, Inc. is an integrated eye care services company focused on providing managed vision and professional eye care products and services. We operate in three distinct segments of the eye care market which, together, cover virtually every major sector of that market:

- o Our Managed Vision Division contracts with insurers, insurance

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

fronting companies, employer groups, managed care plans, HMOs and other third party payers to manage claims payment administration of eye health benefits for contracting parties in eight states and to provide insurance coverage relating to certain eye care products and services.

- o Our Consumer Vision Division sells retail optical products to consumers and owns and/or operates integrated eye health centers, professional optometric practices and surgical facilities in Connecticut where comprehensive eye care services are provided to patients.
- o Our Distribution & Technology Division serves the professional eye care market through (i) Wise Optical, a distributor of contact and ophthalmic lenses and other eye care accessories and supplies; (ii) a Buying Group program, which provides group purchasing arrangements for optical and ophthalmic goods and supplies to ophthalmologists, optometrists and opticians, and (iii) CC Systems, which provides systems and software solutions, including production, management and inventory systems, for eye care professionals and for eyeglass manufacturing laboratories.

Our principal executive offices are located at 87 Grandview Avenue, Waterbury, Connecticut, 06708. Our telephone number is (203) 596-2236 and our web site address is www.opticare.com. The contents of our website are not part of this prospectus.

RISK FACTORS

You should carefully consider the risks described below before you decide to buy our common stock. If any of these risks actually occurs, our business could be harmed which could cause the trading price of our common stock to decline, and you could lose all or part of your investment. These risks should be read in conjunction with the other information set forth in this prospectus.

RISKS RELATED TO OUR BUSINESS

CHANGES IN THE REGULATORY ENVIRONMENT APPLICABLE TO OUR BUSINESS, INCLUDING HEALTH-CARE COST CONTAINMENT EFFORTS BY MEDICARE, MEDICAID AND OTHER THIRD-PARTY PAYERS MAY ADVERSELY AFFECT OUR PROFITS.

The health care industry has experienced a trend toward cost containment as government and private third-party payors seek to impose lower reimbursement and utilization rates and negotiate reduced payment schedules with service providers. Our revenue is subject to pre-determined Medicare reimbursement rates for certain products and services, and decreases in Medicare reimbursement rates could have an adverse effect on our results of operations if we cannot offset these reductions through increases in revenues or decreases in operating costs. To some degree, prices for health care services and products are driven by Medicare reimbursement rates, so that our non-Medicare business is also affected by changes in Medicare reimbursement rates. In addition, federal and state governments are currently considering various types of health care initiatives and comprehensive revisions to the health care and health insurance systems. Some of the proposals under consideration, or others that may be introduced, could, if adopted, have a material adverse effect on our business, financial condition and results of operations.

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

RISKS RELATED TO THE EYE CARE INDUSTRY, INCLUDING THE COST AND AVAILABILITY OF MEDICAL MALPRACTICE INSURANCE, AND POSSIBLE ADVERSE LONG-TERM EXPERIENCE WITH LASER AND OTHER SURGICAL VISION CORRECTION COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS, FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The provision of eye care services entails the potentially significant risk of physical injury to patients and an inherent risk of potential malpractice, product liability and other similar claims. OptiCare's insurance may not be adequate to satisfy claims or protect OptiCare or its affiliated eye care providers, and this coverage may not continue to be available at acceptable costs. A partially or completely uninsured claim against OptiCare could have a material adverse effect on our business, financial condition and results of operations.

MANAGED CARE COMPANIES FACE INCREASING THREATS OF PRIVATE-PARTY LITIGATION, INCLUDING CLASS ACTIONS, OVER THE SCOPE OF CARE THAT THE MANAGED CARE COMPANIES MUST PAY FOR.

Several large national managed care companies have been the target of class action lawsuits alleging fraudulent practices in the determination of health care coverage policies for their beneficiaries. Such lawsuits have, thus far, been aimed solely at full service managed care plans and not companies that specialize in specific segments, such as eye care. OptiCare cannot assure you that private party litigation, including class action suits, will not target it in the future, or that OptiCare will not otherwise be affected by such litigation.

4

LOSS OF THE SERVICES OF KEY MANAGEMENT PERSONNEL COULD ADVERSELY AFFECT OUR BUSINESS.

OptiCare's success, in part, depends upon the continued services of Dean J. Yimoyines, M.D., who is OptiCare's chairman and chief executive officer. We believe that the loss of the services of Dr. Yimoyines could have a material adverse effect on our business, financial condition and results of operations. OptiCare has an employment agreement with Dr. Yimoyines that expires in July 2003, subject to certain early termination provisions, which is renewable for subsequent terms. We expect to amend and extend Dr. Yimoyines' contract prior to its expiration. In addition, OptiCare has employment agreements with Dean J. Yimoyines and other officers that require lump sum payments to be made upon the event of a change in control of OptiCare. These change in control payments could deter takeover bids even if those bids are in our stockholders' best interests.

IF WE FAIL TO EXECUTE OUR GROWTH STRATEGY, OPTICARE MAY NOT BECOME PROFITABLE OR SUSTAIN FUTURE PROFITABILITY.

OptiCare's growth strategy depends in part on its ability to expand and successfully implement our integrated business model. Our growth strategy also requires successful sales results and operational execution in our managed care business. OptiCare's growth strategy has resulted in, and will continue to result in, new and increased responsibilities for management and additional demands on management, operating and financial systems and resources. Our ability to continue to expand will also depend upon our ability to hire and train new staff and managerial personnel, and adapt OptiCare's structure to comply with present or future legal requirements affecting OptiCare's arrangements with ophthalmologists and optometrists. If we are unable to implement these and other requirements, our business, financial condition, results of operations and ability to achieve and sustain profitability could be materially adversely affected.

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

IF WE ARE UNABLE TO OBTAIN ADDITIONAL CAPITAL, OUR GROWTH COULD BE LIMITED.

If OptiCare does not generate sufficient cash from its operations, we may need to obtain additional capital in order to successfully implement our growth strategy and to finance our continued operations. On January 25, 2002, we completed a series of transactions which resulted in a major restructuring of our debt, equity and voting capital stock. Taking into account the impact of that restructuring, among other factors, we believe that our cash flow from operations, borrowings under our credit facility, and operating and capital lease financing will provide us with sufficient funds to finance our operations for the next 12 months. If however, additional funds are needed, we may attempt to raise such funds through the issuance of equity or convertible debt securities. If additional funds are raised through the issuance of equity or convertible debt securities, the percentage ownership of our stockholders will be reduced and our stockholders may experience dilution of their interest in us. If additional funds are needed and are not available or are not available on acceptable terms, our ability to fund our operations, take advantage of unanticipated opportunities, develop or enhance services or products or otherwise respond to competitive pressures may be significantly limited.

OPTICARE HAS A HISTORY OF LOSSES AND MAY INCUR FURTHER LOSSES IN THE FUTURE.

We have historically incurred substantial operating losses due to our sizeable outstanding indebtedness and costs relating to the integration of newly acquired businesses, and we expect these losses to continue for the foreseeable future. For the year ended of December 31, 2002, our loss from continuing operations was approximately \$448,000. OptiCare cannot assure you that it will not incur further or more substantial losses in the future.

5

OPTICARE MAY NOT BE ABLE TO MAINTAIN THE LISTING OF ITS COMMON STOCK ON THE AMERICAN STOCK EXCHANGE, WHICH MAY MAKE IT MORE DIFFICULT FOR STOCKHOLDERS TO DISPOSE OF OUR COMMON STOCK.

OptiCare's common stock is listed on the American Stock Exchange. The American Stock Exchange suspended trading of our common stock from April 20, 2001 until December 12, 2001 principally because we had not filed our Annual Report on Form 10-K for the year ended December 31, 2000, or our Quarterly Reports on Form 10-Q for the quarters ended March 31, June 30 and September 30, 2001. In 2002 the staff of the American Stock Exchange considered whether to file an application with the Securities and Exchange Commission to strike our common stock from listing and registration on the American Stock Exchange. It determined not to do so based on information we presented, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2001 and information concerning our 2002 restructuring. As of February 28, 2003, we believe we are in compliance with these requirements. We cannot provide assurances that our common stock will continue to be listed without further suspensions, or that the exchange will not de-list our common stock in the future. The exchange's rules for continued listing include stockholders' equity requirements, which we may not meet if we experience further losses; and market value requirements, which we may not meet if the price of our common stock does not increase. If OptiCare's common stock is delisted from the American Stock Exchange, trading in OptiCare common stock would be conducted, if at all, in the over-the-counter market. This would make it more difficult for stockholders to dispose of their common stock and more difficult to obtain accurate quotations on OptiCare common stock. This could have an adverse effect on the price of the common stock.

IF WE DEFAULT ON OUR DEBT TO CAPITALSOURCE FINANCE, LLC, IT COULD FORECLOSE ON OUR ASSETS.

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

OptiCare's outstanding indebtedness to CapitalSource under its term loan and credit facility as of March 31, 2003 was approximately \$10.9 million. Substantially all of OptiCare's assets are pledged to secure this indebtedness. If OptiCare defaults on the financial covenants in its credit facility, CapitalSource could foreclose on its security interest in our assets, which would have a material adverse effect on our business, financial condition and results of operations.

WE MAY NOT BE ABLE TO COMPETE EFFECTIVELY WITH OTHER EYE CARE SERVICES COMPANIES WHICH HAVE MORE RESOURCES AND EXPERIENCE THAN US, AND WITH OTHER EYE CARE DISTRIBUTORS.

Some of OptiCare's competitors have substantially greater financial, technical, managerial, marketing and other resources and experience than OptiCare and, as a result, may compete more effectively than OptiCare. OptiCare competes with other businesses, including other eye care services companies, hospitals, individual ophthalmology and optometry practices, other ambulatory surgery and laser vision correction centers, managed care companies, eye care clinics, providers of retail optical products and distributors of wholesale and retail optical products. Companies in other health care industry segments, including managers of hospital-based medical specialties or large group medical practices, may become competitors in providing surgery and laser centers as well as competitive eye care-related services. Our failure to compete effectively with these and other competitors, could have a material adverse effect on our business, financial condition and results of operations.

IF OPTICARE FAILS TO NEGOTIATE PROFITABLE CAPITATED FEE ARRANGEMENTS, IT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

Under some managed care contracts, known as "capitation" contracts, health care providers accept a fixed payment per member per month, whether or not a person covered by a managed care plan receives any services, and the health care provider is obligated to provide all necessary covered services to the patients covered under the agreement. Many of these contracts pass part of the financial risk of

6

providing care from the payor, i.e., an HMO, health insurer, employee welfare plan or self-insured employer, to the provider. The growth of capitation contracts in markets which we serve could result in less certainty with respect to profitability and require a higher level of actuarial acumen in evaluating such contracts. We do not know whether we will be able to continue to negotiate arrangements on a capitated or other risk-sharing basis that prove to be profitable, or to pass the financial risks of providing care to other parties, or to accurately predict utilization or the costs of rendering services. In addition, changes in federal or state regulations of these contracts may limit our ability to transfer financial risks away from us. Any such developments could have a material adverse effect on our business, financial condition and results of operations.

WE MAY HAVE POTENTIAL CONFLICTS OF INTERESTS WITH RESPECT TO RELATED PARTY TRANSACTIONS WHICH COULD RESULT IN CERTAIN OF OUR OFFICERS, DIRECTORS AND KEY EMPLOYEES HAVING INTERESTS THAT DIFFER FROM OUR STOCKHOLDERS AND US.

There are contractual agreements between OptiCare and entities owned or controlled by several of its officers, directors and key employees, which agreements could create the potential for possible conflicts of interests for such individuals. Through our subsidiaries, we lease property owned by certain

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

of our officers and their family members and have guaranteed a mortgage on one of the properties we lease. In addition, Linda Yimoyines, wife of Dr. Yimoyines, participated in our January 2002 capital restructuring by lending OptiCare \$100,000 on a subordinated basis and purchasing shares of Series B Preferred Stock.

Our subsidiary, OptiCare Eye Health Centers, Inc., is party to a Professional Services and Support Agreement with OptiCare, P.C., a Connecticut professional corporation. Dr. Yimoyines, our Chairman, Chief Executive Officer, and beneficial holder of 15.4% of our outstanding voting stock, is the sole stockholder of OptiCare, P.C. Pursuant to our agreement, OptiCare, P.C. employs medical personnel and performs all ophthalmology and optometry services at our facilities in Connecticut. We select and provide the facilities at which the services are performed and provide all administrative and support services for the facilities for which OptiCare, P.C. provides medical personnel and performs its ophthalmology and optometry services. We bill and receive payments for services rendered by the medical personnel of OptiCare, P.C. and OptiCare P.C. pays its physicians compensation for such medical services rendered.

HEALTH CARE REGULATIONS OR HEALTH CARE REFORM INITIATIVES COULD MATERIALLY ADVERSELY AFFECT OUR BUSINESS, FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

OptiCare is subject to extensive federal and state governmental regulation and supervision, including, but not limited to:

- o anti-kickback statutes;
- o self-referral laws;
- o insurance and licensure requirements associated with our managed care business;
- o civil false claims acts;
- o corporate practice of medicine restrictions;
- o fee-splitting laws;
- o facility license requirements and certificates of need;
- o regulation of medical devices, including laser vision correction and other refractive surgery procedures;
- o FDA and FTC guidelines for marketing laser vision correction; and
- o regulation of personally identifiable health information.

7

OptiCare cannot assure you that these laws and regulations will not change or be interpreted in the future either to restrict or adversely affect its business activities or relationships with other eye care providers. They have been subject to limited judicial and regulatory interpretation. They are enforced by regulatory agencies that are vested with broad discretion in interpreting their meaning. Neither Federal nor state authorities have examined our agreements and activities with respect to these laws and regulations. We cannot assure you that review of our business arrangements will not result in determinations that adversely affect our operations or that certain material agreements between us and eye care providers or third-party payers will not be held invalid and unenforceable. Any limitation on our ability to continue operating in the manner in which we have operated in the past could have an adverse effect on our

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

business, financial condition and results of operations. In addition, these laws and their interpretation vary from state to state. The regulatory framework of certain jurisdictions may limit our expansion into such jurisdictions if we are unable to modify our operational structure to conform to such regulatory framework.

WE ARE DEPENDENT UPON LETTERS OF CREDIT OR OTHER FORMS OF THIRD PARTY SECURITY IN CONNECTION WITH CERTAIN OF OUR CONTRACTUAL ARRANGEMENTS AND, THUS, WOULD BE ADVERSELY AFFECTED IN THE EVENT WE ARE UNABLE TO OBTAIN SUCH CREDIT AS NEEDED.

OptiCare has obtained letters of credit to secure its contractual commitments to certain managed care companies. If we are unable to maintain these letters of credit or secure replacement letters of credit, we may not be able to retain our existing contracts or obtain new contracts with certain managed care companies. The inability to do business with these managed care companies could have an adverse effect on our business, financial condition and results of operations.

OPTICARE MAY HAVE DIFFICULTY EFFECTIVELY COMPLETING THE INTEGRATION OF THE OPERATIONS AND REALIZING BENEFITS FROM OUR ACQUISITION OF WISE OPTICAL.

OptiCare may not be able to successfully complete the integration of the operations of Wise Optical without encountering difficulties or experiencing the loss of key employees, potential customers or suppliers. If OptiCare does not successfully complete the integration of the two companies, or if the effort requires greater time or resources than OptiCare has anticipated, OptiCare may not realize the expected benefits from the acquisition, and this could have a material adverse effect on OptiCare's business, financial condition, and results of operations.

OUR LARGEST STOCKHOLDER, PALISADE CONCENTRATED EQUITY PARTNERSHIP, L.P., OWNS SUFFICIENT SHARES OF OUR COMMON STOCK AND VOTING EQUIVALENTS TO SIGNIFICANTLY AFFECT THE RESULTS OF ANY STOCKHOLDER VOTE AND CONTROLS OUR BOARD OF DIRECTORS.

Palisade owns approximately 78.5% of our voting power and therefore will determine the outcome of all corporate matters requiring stockholder approval, including the election of all of our directors and transactions such as mergers. In addition, in connection with the restructuring, we agreed that so long as Palisade owns more than 50% of the voting power of OptiCare, Palisade shall have the right to designate a majority of our board of directors.

CONFLICTS OF INTEREST MAY ARISE BETWEEN PALISADE AND OPTICARE.

Conflicts of interest may arise between us and Palisade and its affiliates in areas relating to past, ongoing and future relationships and other matters. These potential conflicts of interest include corporate opportunities, indemnity arrangements, potential acquisitions or financing transactions; sales or other

dispositions by Palisade of our shares held by it; and the exercise by Palisade of its ability to control our management and affairs. In addition, two of our directors are officers of Palisade Capital Management, LLC, an affiliate of Palisade. There can be no assurance that any conflicts that may arise between Palisade and us will not have a material adverse effect on our business, financial condition and results of operations or our other stockholders.

- (a) The undersigned Registrant hereby undertakes:

Edgar Filing: OPTICARE HEALTH SYSTEMS INC - Form S-8

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represents a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

Provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the Registration Statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
