ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On March 3, 2005, The Buckle, Inc. announced financial results for its fourth quarter ended January 29, 2005. The full text of the press release is furnished as Exhibit 99.1 to this report.

The information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, and shall not be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as set forth by specific reference in such filing.

ITEM 4.02(a). NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETE INTERIM REVIEW

On March 3, 2005, The Buckle, Inc. announced that it will make corrections to its accounting for leases following review of the guidance set forth in the SEC's February 7, 2005, letter from the Office of the Chief Accountant to the Center for Public Company Audit Firms which clarified certain issues related to the accounting for operating leases and leasehold improvements. The Company has determined that its method of accounting for construction allowances and rent holidays is not consistent with the accounting as described in the SEC's letter and is also correcting its financial statements for other adjustments to straight-line rent expense.

In prior periods, the Company reported the unamortized portion of construction allowances from landlords as a reduction of property and equipment on its balance sheet rather than as a deferred rent credit. In addition, the Company's past statements of cash flows reported construction allowances as a reduction of capital expenditures within cash flows from investing activities, rather than cash flows from operating activities.

Also in prior periods, the Company recognized rent expense for leases beginning on the opening date of store operations, which had the effect of excluding the store build-out period (during which the Company typically makes no rent payments) from the period used for calculating rent.

The Company's statements of income and selected financial data included in its March 3, 2005, press release reflect the above referenced corrections in its

lease accounting policies. Additionally, The Buckle is in the process of finalizing its analysis of the impact of these lease accounting changes and will restate the Company's financial statements as of January 31, 2004, and February 1, 2003, and for the fiscal years ended January 31, 2004, February 1, 2003, and February 2, 2002, previously issued in its Annual Report on Form 10-K once the Company's analysis has been finalized. The Buckle will also restate the Company's financial statements as of and for the interim fiscal periods ended October 30, 2004, July 31, 2004, May 1, 2004, November 1, 2003, August 2, 2003, and May 3, 2003, previously issued on Forms 10-Q. Accordingly, these financial statements and related auditors' reports should no longer be relied upon. The Company plans to quantify these restatements in a Form 10-K/A and Forms 10-Q/A to be filed with the SEC as soon as administratively possible. Investors or other interested parties should refer to the Company's filings on Form 10-K/A and Forms 10-Q/A, upon filing with the SEC, for amended information.

We have reviewed the accounting treatment and disclosures referred to in this Item 4.02(a) and discussed such treatment and disclosures with Deloitte & Touche LLP, the Company's independent registered public accounting firm.

For additional information concerning the Company's lease accounting corrections, please refer to the Company's March 3, 2005, press release furnished as Exhibit 99.1 to this report.
