The Stock Purchase Agreement contains customary representations, warranties and covenants for transactions of this type. These representations, warranties and covenants were made solely for purposes of the Stock Purchase Agreement and should not be relied upon by any investor in the Company, nor should any investor rely upon any descriptions thereof as characterizations of the actual state of facts or condition of the Company or its subsidiaries or affiliates. Investors in the Company are not third party beneficiaries under the Stock Purchase Agreement.

The Company has agreed to cause one director then serving on the Board of Directors of the Company (the “Company Board”) to resign from the Company Board and the Company has agreed, acting through the Company Board, to appoint one individual selected by ILDE to fill the vacancy. Thereafter, for so long as ILDE and its affiliates hold at least 16% of the issued and outstanding shares of common stock, the Company will take such action as is necessary to nominate one individual selected by ILDE to serve on the Company Board.

The foregoing description of the Stock Purchase Agreement is only a summary, does not purport to be complete and is qualified in its entirety by reference to the Stock Purchase Agreement, which is attached as Exhibit 10.1 to our Current Report on Form 8-K, filed with the Securities and Exchange Commission (the “SEC”) on November 23, 2011, and is incorporated herein by reference.

From the date of the Securities Purchase and Exchange Agreement until the earlier of (i) May 31, 2012 and (ii) the Share Exchange Closing, the Company is subject to certain “no-shop” restrictions on its abilities to solicit alternative transactions. The no-shop provision is subject to a “fiduciary-out” provision that allows the Company Board under certain circumstances to change its recommendation to the Company’s stockholders regarding the Securities Purchase and Exchange Agreement in favor of an alternative proposal that is determined to be superior to the Securities Purchase and Exchange Agreement (a “Superior Proposal”) based on the parameters described therein.

Consummation of the transactions contemplated by the Securities Purchase and Exchange Agreement (the “SPEA Transactions”) is subject to various closing conditions including: (i) approval by the stockholders of the Company in accordance with applicable law, the organizational documents of the Company and Section 713 of the NYSE Amex Rules (the “Stockholder Approval”); (ii) approval by the Tel Aviv Stock Exchange of the registration of the ILDE Ordinary Shares to be issued to the Company in the Share Exchange; (iii) the absence of any law or order then in effect that would have the effect of making the SPEA Transactions illegal or otherwise restricting, preventing or prohibiting the SPEA Transactions; and (iv) the absence of any pending or threatened legal action wherein an unfavorable order would reasonably be expected to (A) prevent consummation of the SPEA Transactions or any part thereof, (B) cause the SPEA Transactions or any part thereof to be rescinded following consummation thereof or (C) cause or require the payment by the Company of any damages, fines or other penalties or awards that would, individually or in the aggregate, reasonably be expected to have a Company Material Adverse Effect (as defined in the Securities Purchase and Exchange Agreement). In addition, each party’s obligation to consummate the SPEA Transactions is subject to certain other conditions including: (i) the accuracy of the other party’s representations and warranties in the Securities Purchase and Exchange Agreement in all material respects; (ii) the other party’s compliance in all material respects with the obligations required to be performed by it under the Securities Purchase and Exchange Agreement; and (iii) the absence of any material adverse effect with respect to the other party.

If the Securities Purchase and Exchange Agreement is terminated pursuant to (x) clause (ii)(A) above, then the Company will be required to pay to ILDE a fee in the amount of US\$2 million or (y) clause (iv)(C) above and, either before such termination or within 12 months after such termination the Company enters into a definitive agreement with respect to, or consummates, a transaction that constitutes a Superior Proposal, then the Company will be required to pay to ILDE a fee in the amount of US\$3 million.

Upon receipt of the Stockholder Approval, the Company will cause one director then serving on the Company Board to resign from the Company Board and the Company, acting through the Company Board, will appoint one individual selected by ILDE to fill such vacancy until the subsequent annual meeting of stockholders of the Company. Thereafter, for so long as ILDE and its affiliates hold at least 18.75% of the issued and outstanding shares of common stock, the Company will take such action as is necessary to nominate two individuals selected by ILDE to serve on the Company Board (which two individuals, for the avoidance of doubt, will be inclusive of any individual that ILDE is entitled to nominate to serve on the Company Board pursuant to the Stock Purchase Agreement).

made in this prospectus and the documents incorporated by reference herein and therein and could adversely affect our financial condition and our ability to pursue our business strategy and plans.

RISK FACTORS

An investment in shares of our common stock involves a high degree of risk. There can be no assurance that the exploratory drilling to be conducted on the exploration blocks in which we hold an interest will result in any discovery of reserves of hydrocarbons or that any hydrocarbons that are discovered will be in commercially recoverable quantities. In addition, the realization of any revenues from commercially recoverable hydrocarbons is dependent upon the ability to deliver, store and market any hydrocarbons that are discovered. There can be no assurance that we will realize material revenues from the sale of oil and gas.

We operate in a highly competitive environment in which there are numerous factors which can influence our business, financial position or results of operations and which can also cause the market value of our common stock to decline. Many of these factors are beyond our control and therefore, are difficult to predict. Prior to making a decision about investing in our securities, you should carefully consider the risk factors contained in the section entitled "Risk Factors" in our most recent Annual Report on Form 10-K, in our most recent Quarterly Report on Form 10-Q and in any applicable prospectus supplement and our other filings with the SEC and incorporated by reference in this prospectus, together with all of the other information contained in this prospectus, or any applicable prospectus supplement. Such sections discuss what we believe to be the principal risks that could affect us, the oil and gas exploration and production industry and our participation in that industry, and which could result in a material adverse impact on our financial condition and operating results or cause the market price of our common stock to fluctuate or decline. However, there may be additional risks and uncertainties not currently known to us or that we presently deem immaterial that could also affect our business operations and the market value of our common stock.

You should also see the "Note of Caution Regarding Forward-Looking Statements" regarding risks and uncertainties relating to us and to forward-looking statements in this prospectus and in any applicable prospectus supplements and our other filings with the SEC.

ILDE has also received the Proxies from certain stockholders (the “Proxy Stockholders”), together holding 1,588,210 shares of common stock (the “Proxy Shares”), pursuant to which ILDE is permitted to vote all of the Proxy Shares in favor of the Stockholder Approval. The Proxies do not give ILDE the power to dispose of the Proxy Shares. If the Proxy Stockholders disposed of the Proxy Shares, the number of shares beneficially owned after the offering would be reduced by the number of Proxy Shares disposed.

ILDE engages in exploration of oil and gas and holds (through its fully owned subsidiaries) a 41.57% participating interest in the Company’s two Israeli licenses, known as the (347) Myra and (348) Sara licenses (the “Licenses”), in which the Company holds a 5% participating interest and is the operator. PLAN OF DISTRIBUTION

The Shares offered by this prospectus may be sold by the Selling Stockholder. Such sales may be made at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, or at negotiated prices, and may be made in the over-the-counter market or any exchange on which our common stock may then be listed, or otherwise. In addition, the Selling Stockholder may sell some or all of its Shares through:

- ~~a~~ block trade in which a broker-dealer may resell a portion of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers;
- in negotiated transactions;
- in a combination of any of the above methods of sale; or
- any other method permitted under applicable law.

The Selling Stockholder may also engage in short sales against the box, puts and calls and other hedging transactions in the Shares or derivatives of the Shares and may sell or deliver the Shares in connection with these trades. For example, the Selling Stockholder may:

- enter into transactions involving short sales of our common stock by broker-dealers;
- sell our common stock short themselves and redeliver such shares to close out its short positions;
- ~~e~~nter into option or other types of transactions that require the Selling Stockholder to deliver shares of common stock to a broker-dealer, who will then resell or transfer the common stock under this prospectus; or
- ~~l~~ean or pledge shares of common stock to a broker-dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

There is no assurance that the Selling Stockholder will sell any or all of the Shares offered by it.

The Selling Stockholder may negotiate and pay broker-dealers commissions, discounts or concessions for their services. Broker-dealers engaged by the Selling Stockholder may allow other broker-dealers to participate in resales. However, the Selling Stockholder and any broker-dealers involved in the sale or resale of our common stock may qualify as “underwriters” within the meaning of the Section 2(a)(11) of the Securities Act. In addition, the broker-dealers’ commissions, discounts or concessions may qualify as underwriters’ compensation under the Securities Act. If the Selling Stockholder qualifies as “underwriters,” they will be subject to the prospectus delivery requirements of the Securities Act.

In addition to selling its Shares under this prospectus, the Selling Stockholder may:

~~transfer~~ its Shares in other ways not involving market makers or established trading markets, including, but not limited to, directly by gift, distribution, privately negotiated transactions in compliance with applicable law or other transfer; or

~~sell~~ its Shares under Rule 144 of the Securities Act rather than under this prospectus, if the transaction meets the requirements of Rule 144.

The Company will pay all expenses associated with the registration of the Shares, including ILDE's reasonable expenses in connection with the registration but excluding discounts, commissions, fees of underwriters, selling brokers, dealer managers or similar securities industry professionals related to a sale of the Shares. The Selling Stockholder will bear all expenses with respect to the offering of common stock by the Selling Stockholder.

Under the applicable rules and regulations of the Exchange Act, any person engaged in the distribution of the Shares may not simultaneously engage in market making activities with respect to our common stock for a period of two business days prior to the commencement of such distribution. In addition, the Selling Stockholder will be subject to the applicable provisions of the Exchange Act and the associated rules and regulations under the Exchange Act, including Regulation M, which provisions may limit the timing of purchases and sales of shares of our common stock by the Selling Stockholder.

The Selling Stockholder may from time to time pledge or grant a security interest in some or all of the Shares owned by it and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the Shares from time to time under this prospectus after an amendment has been filed under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933 amending the list of selling security holders to include the pledgee, transferee or other successors in interest as a Selling Stockholder under this prospectus.

The Selling Stockholder also may transfer the Shares in other circumstances, in which case the respective pledgees, donees, transferees or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the Shares from time to time under this prospectus after an amendment has been filed under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling security holders to include the pledgee, donee transferee or other successors in interest as a Selling Stockholder under this prospectus.

We will make copies of this prospectus available to the Selling Stockholder and have informed it of the need to deliver copies of this prospectus to purchasers at or prior to the time of any sale of the Shares.

We will bear all costs, expenses and fees in connection with the registration of the Shares. The Selling Stockholder will bear all commissions and discounts, if any, attributable to the resale of the Shares. The Selling Stockholder may agree to indemnify any broker-dealer or agent that participates in transactions involving sales of the Shares against certain liabilities, including liabilities arising under the Securities Act.

In connection with sales of the Shares or otherwise, the Selling Stockholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the Shares in the course of hedging in positions they assume. The Selling Stockholder may also sell the Shares short and if such short sale shall take place after the date that this Registration Statement is declared effective by the Commission, the Selling Stockholder may deliver Shares covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The Selling Stockholder may also loan or pledge Shares to broker-dealers that in turn may sell such shares, to the extent permitted by applicable law.

Table of Contents

The Selling Stockholder may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the Selling Stockholder has been advised that they may not use shares registered on this registration statement to cover short sales of our common stock made prior to the date the registration statement, of which this prospectus forms a part, has been declared effective by the SEC.

The Selling Stockholder has informed the Company that it is not a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the Shares. Upon the Company being notified in writing by the Selling Stockholder that any material arrangement has been entered into with a broker-dealer for the sale of common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of the Selling Stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such the Shares were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In no event shall any broker-dealer receive fees, commissions and markups, which, in the aggregate, would exceed eight percent (8.0%).

There can be no assurance that the Selling Stockholder will sell any or all of the Shares registered pursuant to the shelf registration statement, of which this prospectus forms a part.

PART II
INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution

The following table sets forth all expenses payable by the registrant in connection with the issuance and distribution of the securities being registered. The Selling Stockholder will not bear any portion of such expenses. All the amounts shown are estimates except for the registration fee.

SEC Registration Fee	\$527.35
Legal fees and expenses	75,000.00
Accounting fees and expenses	10,000.00
Printing and related expenses	1,000.00
Total	\$86,527.35

Item 15. Indemnification of Officers and Directors

Section 145 of the Delaware General Corporation Law permits a Delaware corporation to indemnify, on certain terms and conditions, any person who was or is a party or is threatened to be made a party to any threatened pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action. The Certificate of Incorporation and By-laws of the Company require the Company to indemnify the Company's directors and officers to the fullest extent permitted under Delaware law and permit the Company to indemnify its other officers. A summary of the circumstances in which such indemnification is provided for is contained herein, but that description is qualified in its entirety by reference to Article 5.1 of the Company's By-laws, incorporated by reference in this registration statement.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, the Company has been advised that such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Under the Company's By-laws, the Company must generally advance all expenses incurred by its directors and executive officers who are party or threatened to be made party to any action by reason of the fact that each such director or executive officer is or was a director or executive officer of the Company. Each advancement shall only be made if such director or executive officer undertakes to repay any such advancement if it is ultimately determined that such person is not entitled to be indemnified under the Company's By-laws or otherwise. The Company's By-laws further provide that the Company may purchase indemnification insurance on a person required or permitted to be indemnified under the By-laws.

Table of Contents

These indemnification provisions may be sufficiently broad to permit indemnification of the Company's officers and directors for liabilities (including reimbursement of expenses incurred) arising under the Securities Act.

From time to time, the Company may enter into individual contracts with any or all of its directors or officers regarding indemnification and advances, to the fullest extent permitted under Delaware law. The registrant believes that these agreements and arrangements are necessary to attract and retain qualified persons as directors and officers.

Item 16. Exhibits and Financial Statement Schedules

The list of exhibits in the Exhibit Index to this prospectus is incorporated herein by reference.

Item 17. Undertakings

Item 512(a) of Regulation S–K. The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post–effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post–effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, That:

Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post–effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post–effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Table of Contents

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

Item 512(b) of Regulation S-K. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Item 512(h) of Regulation S-K. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
