REPORT OF INDEPENDENT AUDITORS

To The Plan Administrator of  
Acuity Brands, Inc. Selected 401(k) and Retirement Plans

We have audited the accompanying statements of net assets available for benefits of Acuity Brands, Inc. 401(k) Plan for Corporate Employees (formerly National Service Industries Retirement and 401(k) Plan), Zep Manufacturing Company 401(k) Plan (formerly ZEP Manufacturing Company Profit Sharing/ 401(k) Retirement Plan), Enforcer Products 401(k) Plan, Selig Chemical Industries Retirement Plan, Acuity Lighting Group, Inc. Profit Sharing and Retirement Plan for Salaried Employees (formerly Lithonia Lighting Profit Sharing and Retirement Plan for Salaried Employees), Lithonia Lighting 401(k) Plan for Hourly Employees, Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan for Hourly Employees Covered by a Collective Bargaining Agreement, and Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan For Hourly Employees (collectively, the Plans ) as of December 31, 2001 and 2000 and the related statements of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plans management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plans at December 31, 2001 and 2000 and the changes in the net assets available for benefits of the Plans for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of nonexempt transactions for the year ended December 31, 2001 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plans management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

**1. Description of the Plans**

**General**

The accompanying financial statements of those Acuity Brands, Inc. (the Company or Acuity) 401(k) and Retirement Plans (the Plans) listed in the accompanying financial statements are commingled in the Acuity Brands, Inc. Defined Contribution Plans Master Trust (the Acuity DC Trust). The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On November 7, 2001, the board of directors of National Service Industries, Inc. (NSI) approved the spin-off of its lighting equipment and chemicals businesses into a separate publicly-traded company with its own management and board of directors. The spin-off was effected on November 30, 2001 through a tax-free distribution (Distribution or Spin-off) of 100% of the outstanding shares of common stock of Acuity, at that time a wholly-owned subsidiary of NSI owning and operating its lighting equipment and chemicals businesses. Prior to the Spin-off, the Plans were commingled in the National Service Industries, Inc. Defined Contribution Plans Master Trust (the NSI DC Trust) with certain other plans sponsored by NSI. Upon completion of the Spin-off, the Plans' assets were transferred to the Acuity DC Trust from the NSI DC Trust effective November 30, 2001 (See Notes 3 and 4). NSI retained its textile rental and envelope businesses and sponsorship for their related plans.

The Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan for Hourly Employees (the Holophane Hourly Plan) and Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan for Hourly Employees Covered by a Collective Bargaining Agreement (the Holophane Hourly Union Plan) were established effective January 1, 2001 for the benefit of eligible bargained and non-bargained hourly employees of the Holophane Division of the Lithonia Lighting Group of NSI. The Holophane Hourly Plan and Holophane Hourly Union Plan assets were also commingled in the NSI DC Trust at their inception and such assets were transferred to the Acuity DC Trust upon completion of the Spin-off.

NSI sponsored other employee benefit plans that were not commingled in the NSI DC Trust. During the year, the board of directors of NSI elected to merge certain of these plans into several of the Plans reported on herein as follows: the net assets of the Holophane Division Thrift and Retirement Plan (the Holophane Thrift Plan), Metal Optics Division 401(k) Profit Sharing Plan (the Metal Optics Plan), and Hydrel/Lithonia Operations 401(k) Retirement Plan (the Hydrel Plan) were split between salaried and hourly employees. The fair value of net assets related to the salaried employees of each respective plan were merged into the Acuity Lighting Group.

**1. Description of the Plans (continued)**

Inc. Profit Sharing and Retirement Plan for Salaried Employees (formerly Lithonia Lighting Profit Sharing and Retirement Plan for Salaried Employees). The fair value of net assets related to hourly employees of the Holophane Thrift Plan and Metal Optics Plan were merged into the Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan for Hourly Employees. The fair value of net assets related to the hourly employees of the Hydrel Plan were merged into the Lithonia Lighting 401(k) Plan for Hourly Employees. The net assets of the Holophane Division Retirement Plan for AFGWU Union Employees, Holophane Division Retirement Plan for IBEW Union Employees, and Holophane Division Retirement Plan for UAW Union Employees (collectively the Holophane Union Plans ) were merged into the Holophane Division of Lithonia Lighting Group Retirement and 401(k) Plan for Hourly Employees Covered by a Collective Bargaining Agreement. Such contributed funds from merged plans totaled approximately \$63,079,000 for the year ended December 31, 2001.

Refer to the respective summary plan description or plan agreement for additional information about the Plans eligibility, funding, allocation, vesting, and benefit provisions.

**Eligibility**

Each of the Plans is a defined contribution plan. The Plans cover substantially all salaried, commissioned, union and non-union hourly employees of the Company. Employees have immediate eligibility upon attaining the age requirement, with the exception of Plan 007, which has a six-month waiting period.

**Administration**

Administration of the Plans is the responsibility of the Company's retirement committee, which is appointed by its board of directors. All administrative expenses of the Plans were paid by the Company during the year ended December 31, 2001.

**Plan Termination**

Although the Company intends for the Plans to be permanent, the Plans provide that the Company has the right to discontinue contributions or to terminate the Plans at any time. In the event of a plan termination, each respective participant shall be 100% vested in the balance of his/her account and his/her proportionate share of any future adjustments or forfeitures.

**Investment in Related Party Common Stock**

As of December 31, 2000, approximately 5% of the NSI DC Trust's net assets were invested in the common stock of NSI. As of December 31, 2001, approximately 0.3% and 1.7% of the Acuity DC Trust's net assets were invested in the common stock of NSI and Acuity, respectively.

**Funding Policy**

The basis for determining participant (pre-tax) and employer contributions is as follows:

Plan Name	Participant Contributions	Employer Contributions
Selig Chemical Industries Retirement Plan	2% to 15% of compensation	50% of participant contribution up to 6% of compensation.
Zep Manufacturing Company 401(k) Plan (formerly ZEP Manufacturing Company Profit Sharing/401(k) Retirement Plan)	1% to 15% of compensation.	For non-union employees 50% of participant contribution up to 6% of compensation. For union employees only 5% of net profits plus an amount which represents the same percentage of total annual compensation of all hourly paid Plan participants as the 5% of net profits bears to total annual compensation of salaried and commissioned Plan participants. This amount is multiplied by a fraction representing the relationship between annual compensation of all salaried, commissioned, and nonunion hourly or union qualifying participants to the annual compensation of all qualifying participants. Contribution applies to up to \$40,000 of qualifying participant-compensation. Additional discretionary contributions are permitted.
Acuity Lighting Group, Inc. Profit Sharing and Retirement Plan for Salaried Employees (formerly Lithonia Lighting Profit Sharing and Retirement Plan for Salaried Employees)	1% to 15% of compensation	50% of participant contribution up to 6% of compensation. Profit sharing contribution of 2% of net profits less the matching contribution made if net profits exceed \$6 million.

**2. Significant Accounting Policies**

**Basis of Accounting**

The accounts of the Plans are maintained by the trustee, AMVESCAP National Trust Company, on the cash basis of accounting. The accompanying financial statements have been prepared using the accrual method of accounting by application of memorandum entries.

**Investments**

The investments in the NSI DC Trust and Acuity DC Trust (collectively the Trusts ) are subject to certain administrative guidelines and limitations as to the type and amount of securities held. Certain fund assets are allocated to selected independent investment managers to invest under these guidelines. Investments of the Trusts, except for the guaranteed investment contracts ( GICs ), are stated at fair value, as determined by the trustee from quoted market prices. Securities traded on a national exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the plan year are valued at the last reported bid price.

GICs are subject to credit risk based on the ability of the issuers to meet interest or principal payments, or both, as they become due. Certain GICs included in the Trusts are synthetic; that is, the Trusts own/owned certain fixed income securities and the contract issuer provides/provided a wrapper that guarantees a fixed rate of return and provides benefit responsiveness. At December 31, 2001 and 2000, the fair values of the underlying assets of the synthetic GICs (as determined from quoted market prices) were \$74,946,000 and \$36,352,000 respectively, and the values of the related wrapper contracts were \$(2,081,000) and \$(556,000) included in the Acuity and NSI DC Trusts, respectively.

GICs included in the Trusts are fully benefit-responsive and are therefore carried at contract value (cost plus accrued interest) by the Trusts in accordance with SOP 94-4, *Reporting of Investment Contracts held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans*. At December 31, 2001 and 2000, contract value approximated fair value. At December 31, 2001 and 2000, the weighted average crediting interest rates, which are reset periodically during the year, were 5.71% and 6.25%, respectively. For the years ended December 31, 2001 and 2000, the annual yields on the GICs held by the Trusts were 5.62% and 6.48%, respectively. For certain of the GICs held by the Trusts, crediting interest rates may be changed if certain events occur, such as early retirements and plant closings, but in no case are adjusted to a rate less than 0%.

**2. Significant Accounting Policies (continued)****Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and the differences could be significant.

**3. NSI DC Trust**

The NSI DC Trust is a collective investment of the assets of participating employee benefit plans of National Services Industries, Inc. in which the Plans participated prior to the Spin-off (see Note 1). Trust assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified and allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the trust.

The fair value of net assets of the NSI DC Trust are presented below as of December 31, 2001 and 2000, although the Plans only participated for eleven months of the year ended December 31, 2001.

**4. Acuity DC Trust**

In conjunction with the Spin-off of the Company from NSI (see Note 1), the assets of the Plans were transferred to the Acuity DC Trust which is a collective investment of the assets of participating employee benefit plans of the Company. Trust assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified and allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the trust.

The assets transferred to the Acuity DC Trust were only those of the Plans relating to the lighting equipment and chemicals segments. Those assets relating to the plans of the textile rental and envelope segments remained in the NSI DC Trust.

**8. Reconciliation to Form 5500**

The following shows a reconciliation of amounts between the financial statements of Selig Chemical Industries Retirement Plan (the Selig Plan ) and its Form 5500:

<b>Plan Transfers, net</b>	<b>Year ended December 31, 2001</b>
Amount per financial statements	\$ 64,635
Transfer of plan assets related to merger	(11,699,454)
Amount per Form 5500	<u>\$ (11,634,819)</u>
<b>Net assets available for benefits</b>	<b>December 31, 2001</b>
Amount per the financial statements	\$ 11,699,454
Transfer of plan assets related to merger	(11,699,454)
Amount per the Form 5500	<u>\$</u>

The net assets available for benefits in the financial statements differ from the net assets available for benefits in the Form 5500 due to the transfer of assets from the Selig Plan in connection with the merger of the Selig Plan with The Zep Manufacturing Company 401(k) Plan effective January 1, 2002, as discussed in Note 9. The accompanying financial statements reflect net assets available for benefits just prior to the merger, whereas the Form 5500 reflects the net assets available for benefits just subsequent to the merger.
