REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Participants and Administrator
Ryder System, Inc. 401(k) Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Ryder System, Inc. 401(k) Savings Plan (the Plan), as of December 31, 2004 and 2003, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules I and II are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the plan's management. These supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

RYDER SYSTEM, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Ryder System, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General. The Plan, established January 1, 1993, is a defined contribution plan and, as such, is subject to some, but not all, of the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). It is excluded from coverage under Title IV of ERISA, which generally provides for guaranty and insurance of retirement benefits; and it is not subject to the funding requirements of Title I of ERISA. The Plan is, however, subject to those provisions of Title I and II of ERISA which, among other things, require that each participant be furnished with an annual financial report and a comprehensive description of the participant's rights under the Plan, set minimum standards of responsibility applicable to fiduciaries of the Plan, and establish minimum standards for participation and vesting.

The Plan Administrator is Ryder System, Inc. Retirement Committee comprised of ten persons appointed by Ryder System, Inc.'s Board of Directors. The Plan's trustee and recordkeeper is Fidelity Management Trust Co. and Fidelity Investments Institutional Operations Company, respectively. Effective December 31, 2003, the Ryder System, Inc. Employee Savings Plan A (Plan A) was merged into the Plan and the merged Plan was renamed the Ryder System, Inc. 401(k) Savings Plan.

Eligibility. Participation in the Plan is voluntary. In general, any salaried or non-salaried employee of Ryder System, Inc. (the Company) and participating affiliates, as well as field hourly employees of Ryder Integrated Logistics, are immediately eligible to participate in the Plan. However, an employee who is in a unit of employees represented by a collective bargaining agent is excluded from participation in the Plan unless the unit has negotiated coverage under the Plan. In addition, employees eligible to participate under another Company sponsored qualified savings plan, will be excluded from participation in the Plan.

Contributions. Participants may elect to contribute pre-tax dollars to the Plan by having their compensation reduced by a maximum of the lesser of a) 50% of compensation, depending on an individual's annual salary level, b) IRS limit of \$13,000 or c) such other amount as shall be determined by the Plan Administrator from time to time. Additionally, participants may elect to make after-tax contributions to the Plan.

Participants who reach age 50 during the calendar year may be eligible to make catch-up contributions up to \$3,000 in addition to the IRS limit of \$13,000. Participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or savings plan into the Plan. Participants may elect to contribute to any of seventeen investment options and may transfer among funds on a daily basis.

If a participant meets certain requirements related to employment date, age, and service hours, the Company may contribute to the participant's account. Company contributions are invested in the investment funds in the same allocation percentages as each participant's deferred contributions.

Table of Contents

Effective January 1, 2004, the Company no longer makes a fixed match contribution for salaried and non-salaried employees, other than field hourly employees of Ryder Integrated Logistics, a wholly-owned subsidiary of the Company. The Company may make a variable contribution, which is based on the Company's attainment of specified performance goals, to eligible participants. Company contributions will be for the benefit of those participants who meet eligibility requirements as defined by the Ryder System, Inc. Retirement Committee.

Prior to January 1, 2004, the Company matched 50% of the salaried and non-salaried participant's annual contribution not to exceed the greater of (1) 50% of the first \$1,200 in contributions for any plan year, or, (2) 50% of the first 4% of the participant's compensation for any plan year. The Company matched an additional 50% of the next 2% of participants' compensation if the Company met its Economic Value Added (EVA) goal or a pro-rata portion of the EVA match based on the portion of EVA goal attained.

For field hourly employees of Ryder Integrated Logistics who meet certain requirements related to employment date, age, and service hours, the Company will make a basic contribution of \$400 prorated on an annual basis, whether or not the employee contributes to the Plan. If the employee contributes to the Plan, the Company will match the first \$300 at 100% and match the next \$800 at 50% (Prior to January 1, 2004, the Company matched 100% of the \$800 if the Company met its EVA goal or a pro-rata portion of the EVA match based on the portion of EVA goal attained).

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance. Earnings are currently allocated on a daily basis. The benefit for a participant is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. In 2004 and 2003, employer contributions were reduced by \$435,298 and \$415,340 respectively, from forfeited nonvested accounts. At December 31, 2004, forfeited nonvested accounts available to reduce future employee contributions totaled \$62,565.

Vesting. Participants are immediately vested in their contributions plus earnings thereon. Upon completion of two years of service, participants vest 25% in the Company contributions and the earnings attributable to such contributions and 25% upon completion of each year thereafter until they are fully vested. At retirement age, (the earlier of age 65 or the date in which a participant has both attained age 55 and completed at least 10 years of service), a participant becomes fully vested in the Company contributions and the earnings attributable to such contributions. Ryder Integrated Logistics field hourly employees' basic company contributions and the match on the first \$300 of participant contributions are immediately fully vested.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and accrue interest at a rate which is comparable to those of most major lending institutions. Interest rates vary depending on the current prime interest rate. Principal and interest is paid ratably through payroll deductions. All principal and interest payments are allocated to the Plan's investment funds based on the participant's investment elections at the time of payment. Loans which are granted and repaid in compliance with the Plan provisions will not be considered distributions to the participant for tax purposes.

Table of Contents

Distributions. On termination of service, if a participant's account balance is greater than \$5,000, a participant's account is distributed to the participant in the form of a single lump-sum payment upon receipt of participant's consent. Terminated participants whose account balance is less than \$5,000 receive automatic distributions. As of December 31, 2004 and 2003, amounts allocated to accounts of terminated persons who have not yet been paid their automatic distributions totaled \$376,170 and \$368,746, respectively. Participants may request a withdrawal of all or a portion of their elective contribution account balance if they can demonstrate financial hardship. The Plan administrator approves the request, and the amount withdrawn cannot be subsequently repaid to the Plan. Such amounts will be considered distributions to the participant for income tax purposes.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investments. Short-term money market instruments are stated at cost, which approximates fair value. Investments in fully benefit-responsive insurance company and bank guaranteed investment contracts (GICs) are stated at contract value which represents cost plus accrued interest (Note 4). A fully benefit-responsive contract provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan.

Investments in synthetic GICs are also stated at contract value. A synthetic GIC is comprised of two components, an underlying asset and a wrapper contract. The underlying asset is valued at representative quoted market prices. The wrapper contract is valued as the difference between the fair value of the underlying asset (or pro-rata pool of assets) and the contract value. Wrapper contracts generally change the investment characteristics of underlying securities (such as corporate debt or U.S. government securities) to those of guaranteed investment contracts. The wrapper contracts provide that benefit-responsive distributions for specific underlying securities may be withdrawn at contract or face value. Benefit-responsive distributions are generally defined as a withdrawal or account of a participant's retirement, disability or death, or participant-directed transfers, in accordance with the terms of the Plan.

The Ryder System, Inc. Common Stock Fund (RCS Fund) is offered as an investment option to participants in the Plan. The RCS Fund invests primarily in Ryder System, Inc. common stock, which is traded on the New York Stock Exchange under the ticker symbol (R) and is valued at quoted market price. A small portion of the fund is invested in short-term money market investments. The money market portion of RCS Fund provides liquidity which enables the Plan participants to transfer money daily among all investment choices.

Mutual funds are valued at quoted market prices, which represent the net asset value of the securities held in such funds. Participant loans bear interest at market rates and are stated at the outstanding principal balance plus accrued interest, which approximates fair value.

Table of Contents

Purchases and sales of securities are recorded on a trade-date basis. The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the related gains or losses and the unrealized appreciation (depreciation) on those investments. Dividends on Ryder System, Inc. common stock and mutual funds are recorded on the record date. Interest income is recorded on the accrual basis.

Payment of Benefits. Benefits are recorded when paid.

Risk and Uncertainties. The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

3. Investments

The Plan held the following individual investments whose aggregate fair value equaled or exceeded 5% of the Plan's net assets at either December 31, 2004 or 2003:

| | 2004 | 2003 |
|---|----------------|---------------|
| Ryder System, Inc. Common Stock Fund | \$ 108,968,935 | \$ 90,831,249 |
| Fidelity Equity-Income Fund | 63,876,176 | 57,328,852 |
| Putnam Voyager Fund A | 74,255,756 | 77,733,941 |
| Fidelity Contrafund | 67,117,433 | 57,900,716 |
| Fidelity Diversified International Fund | 44,030,336 | 33,691,564 |
| Fidelity Growth Company Fund | 37,681,174 | 27,954,059 |

During 2004 and 2003, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

| | 2004 | 2003 |
|--------------------------------------|---------------|---------------|
| Mutual Funds | \$ 30,148,712 | \$ 49,315,484 |
| Ryder System, Inc. Common Stock Fund | 35,436,827 | 24,946,605 |
| | \$ 65,585,539 | \$ 74,262,089 |

4. Investment Contracts with Insurance Companies

The Managed Interest Income Fund, one of the Plan's investment funds, may be invested in short-term money market instruments through the Fidelity Short-Term Interest Fund and contracts with insurance companies, banks and other financial institutions. The Managed Interest Income Fund continues to maintain investments in fully benefit-responsive synthetic guaranteed investment contracts with various insurance companies, banks, and financial institutions. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings at crediting

Table of Contents

interest rates which reset quarterly, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of a contract issuer or otherwise. The average annual yield for the Managed Interest Income Fund was 4.6% and 5.0% in 2004 and 2003, respectively. The weighted average crediting interest rates for the investment contracts as of December 31, 2004 and 2003 were, 4.34% and 4.75%, respectively. At December 31, 2004 and 2003 the fair value of the underlying assets of the synthetic GICs and the value of the related wrapper contracts were \$167,354,509 and \$(2,573,019), respectively and \$155,802,701 and \$(5,866,450), respectively. The Plan had no traditional GICs at December 31, 2004 or 2003.

5. Concentration of Credit Risk

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across fifteen participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the Ryder Stock Fund, which invests in a single security. The Plan's exposure to credit risk on the wrapper contracts is limited to the fair value of the contracts with each company.

6. Plan Transfers

Prior to January 1, 2004, the Company also sponsored the Ryder System, Inc. Employee Savings Plan A for non-salaried employees other than Ryder Integrated Logistics hourly field employees. As discussed in Note 1, Plan A was merged into the Plan, effective December 31, 2003. Transfers from Plan A, mostly resulting from the merger, for 2003 amounted to \$176,250,326. There were no transfers into or out of the Plan in 2004.

7. Related Party Transactions

The Plan holds shares of Ryder System, Inc. common stock (2,259,004 and 2,634,333 shares at December 31, 2004 and 2003, respectively) and recorded dividend income, net realized gains on sale and net unrealized appreciation in value of these securities.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Company, which is affiliated with the Plan's current trustee and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan to Fidelity Management Company for investment management and recordkeeping services amounted to \$327,139 and \$372,474 for the years ended December 31, 2004 and 2003, respectively.

8. Plan Termination

While it has not expressed any intention to do so, the Company may amend or terminate the Plan at any time. In the event of termination, Plan assets are payable to each participant in a lump sum equal to the balance in the participant's account.

Table of Contents**9. Tax Status of the Plan**

The Plan qualifies as a profit sharing plan under Section 401(a) of the Internal Revenue Code of 1986, as amended, (the Code) and also qualifies as a cash or deferred arrangement under Section 401(k) of the Code and, therefore, is exempt from federal income taxes under Section 501(a) of the Code. A favorable tax determination letter dated June 4, 2002 has been obtained from the Internal Revenue Service.

Under a plan qualified pursuant to Sections 401(a) and (k) of the Code, participants generally will not be taxed on contributions or matching contributions, or earnings thereon, until such amounts are distributed to participants or their beneficiaries under the Plan. The tax-deferred contributions and matching contributions are deductible by the Company for tax purposes when those contributions are made, subject to certain limitations set forth in Section 404 of the Code.

Participants or their beneficiaries will be taxed, at ordinary income tax rates, on the amount they receive as a distribution from the Plan, at the time they receive the distribution. However, if the participant or beneficiary receives a lump sum payment of the balance under the Plan in a single taxable year, and the distribution is made by reason of death, disability or termination of employment of the participant, or after the participant has attained age 59 1/2, then certain special tax rules may be applicable.

10. Reconciliation of Financial Statements to Forms 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

| | December 31, | |
|--|----------------|----------------|
| | 2004 | 2003 |
| Net assets available for benefits per the financial statements | \$ 683,009,654 | \$ 609,995,798 |
| Amounts allocated to withdrawing participants with balances less than \$5,000 reflected as payable | (376,170) | (368,746) |
| Net assets available for benefits per the Form 5500 | \$ 682,633,484 | \$ 609,627,052 |

Table of Contents

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

| | Year ended December 31, 2004 |
|--|------------------------------------|
| Distributions to participants per the financial statements | \$ 60,115,273 |
| Add: Amounts allocated to withdrawing participants with balances less than \$5,000 at December 31, 2004 | 376,170 |
| Less: Amounts allocated to withdrawing participants with balances less than \$5,000 at December 31, 2003 | (368,746) |
| Benefits paid to participants per the Form 5500 | \$ 60,122,697 |

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.
