Item 1.01 Entry into a Material Definitive Agreement

On March 3, 2008, pursuant to a \$100 million share repurchase authorization approved by our board of directors, we entered into an accelerated share repurchase (ASR) agreement with Credit Suisse International (CSI). The ASR agreement provides for the immediate retirement of approximately \$50 million of our common stock.

Under the ASR agreement, we are purchasing 1,693,193 shares of our common stock at a price of \$29.53 a share. The price is subject to an interim adjustment based on the closing price of our stock on the commencement of the measurement period described below, if the commencement of that period as selected by us occurs after March 14, 2008. If this interim purchase price adjustment is applicable, we may receive or be required to remit this price adjustment based on this closing price, which adjustment is to be settled in cash.

The price is subject to final adjustment based on the arithmetic average of the daily volume weighted average price of Rule 10b-18 eligible purchases of our common stock over a measurement period ending on August 29, 2008, or an earlier date selected by CSI beginning no earlier than June 30, 2008. After the termination of this period, we may receive or be required to remit a price adjustment based on this average price. The purchase price adjustment can be settled, at our option, in cash or in shares of our common stock.

The foregoing description of the ASR agreement does not purport to be complete. For an understanding of the terms and provisions, reference should be made to the ASR agreement filed as Exhibit 10.1 to this Form 8-K, which is incorporated by reference.

Item 8.01 Other Events
