Invesco Ltd.
May 20, 2009

Effective January 1, 2009, Invesco adopted Financial Accounting Standards Board Statement No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51 (FASB Statement No. 160), which establishes new accounting and reporting standards for noncontrolling interests (formerly known as minority interests).

The adoption of FASB Statement No. 160 did not impact our earnings per share. The impact of adopting FASB Statement No. 160 on our Consolidated Financial Statements was in the form of line item name changes and presentation. Specifically, minority interests in equity of consolidated entities, which were formerly separately presented in the Consolidated Balance Sheets after total liabilities and before shareholders' equity, have been renamed to equity attributable to noncontrolling interests in consolidated entities and have been moved into the equity section of the company's balance sheets, forming part of equity. As a result, total equity changed from \$5,689.5 million to \$6,596.2 million as of December 31, 2008, and from \$6,590.6 million to \$7,711.8 million as of December 31, 2007.

FASB Statement No. 160 was reflected in our Form 10-Q for the three months ended March 31, 2009, in which the comparative balance sheet at December 31, 2008 was conformed to reflect this new presentation. Immediately prior to the release of this communication, Invesco filed a Form 8-K which contains updated sections of our Annual Report on Form 10-K for the year ended December 31, 2008 that were affected by the adoption of FASB Statement No. 160.

Presented below is the equity portion of our balance sheet, updated in accordance with FASB Statement No. 160, as it appears in our updated financial statements filed today, as of December 31, 2008 and December 31, 2007.
