Proxy Statement
Annual Meeting of Shareholders
to be held October 25, 2002

GENERAL INFORMATION ABOUT THE MEETING

Why are you receiving this

proxy statement?

We are furnishing this proxy statement to you in connection with the solicitation of proxies by the Board of Directors of Harris Corporation for use at the 2002 Annual Meeting of Shareholders to be held on October 25, 2002, and at any adjournments thereof.

On September 13, 2002, we commenced mailing to our shareholders: (1) this proxy statement, (2) the accompanying proxy card and instructions, (3) a copy of our 2002 Annual Report to Shareholders, and (4) our Annual Report on Form 10-K for the fiscal year ended June 28, 2002.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

What is a proxy statement?

This document is a proxy statement. It is a document that we are required by law to give you when we ask you to name a proxy to vote your shares.

We encourage you to read this proxy statement carefully. In addition, you may obtain information about Harris from the other documents delivered with this proxy statement.

What is the purpose of the meeting?

The purpose of the 2002 Annual Meeting of Shareholders is to obtain shareholder action on the matters outlined in the notice of meeting included with this proxy statement. These matters include the election of three directors and the ratification of the selection of Ernst & Young LLP as our independent auditors for fiscal year 2003. This proxy statement provides you with detailed information about each of these matters.

What is a record date and

what does it mean?

The record date for the shareholders entitled to vote at the Annual Meeting is August 30, 2002. The record date is established by the Board as required by Delaware law. Owners of record at the close of business on the record date are entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting or any adjournments thereof.

How many shares can be voted and

what is a quorum?

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

You are entitled to one vote for each share of Harris common stock that you own as of the close of business on August 30, 2002.

Only our common stock has voting rights. On the record date, there were 66,384,326 shares outstanding and approximately 8,750 holders of record.

A quorum is the minimum number of shares that must be present in person or by proxy in order for us to conduct the Annual Meeting.

The attendance by proxy or in person of holders of a majority of the shares entitled to vote at the Annual Meeting will constitute a quorum to hold the Annual Meeting.

What different methods can you

use to vote?

You have a choice of voting by:

Telephone;

Internet;

Mail; or

In person at the Annual Meeting.

The telephone and Internet procedures use a control number to verify your identity and to allow you to vote your shares. The procedures also enable you to confirm that your instructions have been properly recorded or followed.

Even if you plan to attend the Annual Meeting, you can vote by telephone, Internet or mail.

Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you hold your shares and the method you decide to use to vote, it is important that you follow the instructions that apply to your particular situation.

If you vote by Internet or telephone, you should not return your proxy card.

What is the difference between

**a record owner and an owner
holding shares in street name ?**

If your shares are registered in your name, you are a record holder. If your shares are in the name of your broker or bank or other nominee, your shares are held in street name.

How do you vote if your shares are

held in your name?

Voting by telephone

Voting by telephone is simple and fast. Call the 800 number on your proxy card and voting instruction form and listen for further directions. In order to respond to the questions, you must have a touch-tone phone and the control number, which is located in the gray shaded box on the bottom right side of your proxy card and voting instruction form. When prompted, you must enter your control number. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting by Internet

Voting on the Internet is also easy and fast. Read your proxy card and voting instruction form and follow the directions. You will need to have and enter your control number. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting by mail

If you are a shareholder of record, you can save Harris expense by voting by telephone or on the Internet. Alternatively, you can vote by mail by completing, signing, dating and mailing the enclosed proxy card.

Voting in person at the meeting

If you plan to attend the Annual Meeting, you can vote in person. In order to vote in person at the Annual Meeting, you will need to bring proper identification and evidence of your share ownership with you to the Annual Meeting.

Revoking your proxy

As long as your shares are registered in your name, you may revoke your proxy at any time before it is exercised. There are several ways you can do this:

By filing a written notice of revocation with our Corporate Secretary;

By duly signing and delivering a proxy that bears a later date;

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

By subsequently voting by telephone or Internet as described above; or

By attending the Annual Meeting and voting in person.

**How do you vote if your shares are
held in street name ?**

Voting by mail, telephone or Internet

If your shares are registered in the name of your broker or nominee, you should vote your shares using the method directed by that broker or other nominee. A large number of banks and brokerage firms are participating in the ADP Investor Communication Series online program. This program provides eligible street name shareholders the opportunity to vote via the Internet or by telephone. Voting forms will provide instructions for shareholders whose banks or brokerage firms are participating in ADP's program.

Voting in person at the meeting

If you plan to attend the Annual Meeting and to vote in person, you should contact your broker or nominee to obtain a broker's proxy card and bring it, together with proper identification and

your account statement or other evidence of your share ownership, with you to the Annual Meeting.

Revoking your proxy

If your shares are held in street name, you must contact your broker or nominee to revoke your proxy.

**What are your voting choices and
what is the required vote?**

By giving us your proxy, you authorize Harris management to vote your shares at the Annual Meeting or any adjournments thereof in the manner you indicate.

Proposal 1: Election of Directors

With respect to the election of nominees for director, you may:

Vote for the election of all three of the nominees for director named in this proxy statement;

Withhold authority to vote for all three of the nominees; or

Withhold authority to vote for one or more of the nominees and vote for the remaining nominee or nominees.

If a quorum is present at the Annual Meeting, the three nominees receiving the greatest number of votes will be elected to serve as directors. Because of this, non-voted shares and shares whose votes are withheld will not affect the outcome of the election for directors; and, withholding authority to vote for a particular nominee will not prevent that nominee from being elected. Shareholders may not vote for more than three nominees.

Proposal 2: Ratification of Auditors

With respect to the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors for fiscal year 2003, you may:

Vote for ratification;

Vote against ratification; or

Abstain from voting on the proposal.

If a quorum is present at the Annual Meeting, the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on this proposal will be required to ratify the appointment of independent auditors. Because of this, a vote to abstain from voting on this matter will have the effect of a vote against ratification of the independent auditors.

**How do you vote shares held in
the Harris 401(k) Retirement Plan?**

If you are a participant in Harris 401(k) Retirement Plan, the proxy and instruction card sent to you also will serve as the non-binding voting instruction card to the trustee of the plan for all shares of our common stock you own through the plan.

**What happens if you return an
unmarked proxy card?**

If you return your proxy card with no votes marked, your shares will be voted as follows:

FOR the election of the three nominees for director named in this proxy statement; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors for fiscal year 2003.

How are broker non-votes counted?

It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Accordingly, if a quorum is present at the meeting, non-voted shares as to a particular proposal will not affect the outcome of that proposal.

**What does it mean if you receive more
than one proxy card?**

If you receive more than one proxy card, it means you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Mellon Shareholder Services, LLC, which may be reached by telephone at 1-888-261-6777 or by Internet at www.melloninvestor.com.

Who pays for the solicitation of proxies?

We actively solicit proxy participation. We will bear the cost of soliciting proxies, including the preparation, assembly, printing and mailing. In addition to this notice by mail, we request and encourage brokers, custodians, nominees and others to supply proxy materials to shareholders, and we will reimburse them for their expenses. Our officers and employees may, by letter, telephone, electronic mail, or in person, make additional requests for the return of proxies, although we do not reimburse our own employees for soliciting proxies. We have also hired Georgeson Shareholder Communications Inc. for a fee of \$7,500 plus out-of-pocket expenses to help solicit proxies.

Where can you find the voting results

of the Annual Meeting?

We intend to announce the preliminary voting results at the Annual Meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2003.

PROPOSAL 1: ELECTION OF DIRECTORS TERM EXPIRING IN 2005

Our business, property and affairs are managed under the direction of our Board of Directors. Members of the Board are kept informed of our business through discussions with the chairman and officers, by reviewing materials provided to them or requested by them, and by participating in meetings of the Board and its committees.

Our Restated Certificate of Incorporation classifies our Board of Directors into three classes with three-year terms of office ending in different years. This year, the terms of Lewis Hay III, Karen Katen and Stephen P. Kaufman expire at the Annual Meeting. Based upon the recommendation of the Corporate Governance Committee, Lewis Hay III, Karen Katen and Stephen P. Kaufman each have been nominated by the Board for a new three-year term expiring at the Annual Meeting of Shareholders in 2005. In accordance with our Restated Certificate of Incorporation, a director shall hold office until the Annual Meeting of Shareholders for the year in which that director's term expires, and until that director's successor shall be elected and shall qualify, subject, however, to his or her prior death, resignation, retirement, disqualification or removal from office. Vacancies may be filled by the remaining directors.

The authorized number of directors is presently fixed at ten. From time to time, the Board considers potential candidates, and as an appropriate candidate is identified, the Board will consider increasing the authorized number of directors. The terms of the continuing directors will expire at subsequent Annual Meetings of Shareholders.

Proxies will be voted in favor of electing Ms. Katen and Messrs. Hay and Kaufman to serve for the three-year term expiring in 2005, unless otherwise specified in the proxy card or Internet or telephone voting instructions. Each of the nominees has consented to stand for election. If any nominee becomes unavailable for election, proxies voting for that nominee may be voted for a substitute nominee selected by the Board.

None of the directors, including each of the nominees, is related to any other nominee or director, or to any executive officer of Harris or its subsidiaries, by blood, marriage or adoption.

Biographical summaries of the nominees and of the continuing directors appear on subsequent pages, and data with respect to the number of shares of our common stock beneficially owned by them as of July 12, 2002, is set forth in the table on page 14.

The Audit Committee assists the Board in fulfilling its responsibilities to, among other things:

Evaluating the professional competency of our financial staff and internal auditors;

Reviewing the scope of our internal audit program;

Reviewing the nature and extent of non-audit professional services performed by the independent auditors;

Reviewing and discussing with the independent auditors and management the scope of the annual audit and the audited financial statements and related critical-accounting policies, as well as any significant matters arising from any audit or other reports; and

Reviewing and discussing with the independent auditors and management quarterly and year-end operating results, reviewing interim financial statements prior to their inclusion in Form 10-Q filings and recommending to the Board of Directors the inclusion of the financial statements in our Annual Report on Form 10-K.

From time to time the Committee also undertakes special projects. These projects have included reviewing our various insurance coverages, our environmental policies and our various legal issues and major litigations.

The Committee held seven meetings during the past fiscal year.

8

Reviewing and recommending adoption or termination of retirement and pension plans;

Reviewing our compensation philosophy and establishing the compensation, perquisites and other benefits of our officers and management, other than the chief executive officer and president, whose compensation is recommended by the Committee and approved by all our outside directors; and

Administering our stock incentive and stock-based compensation plans.

The Management Development and Compensation Committee is comprised solely of non-employee, independent members of the Board of Directors. The Committee held three meetings during the past fiscal year.

Corporate Governance Committee

The Corporate Governance Committee performs the following primary functions:

Identifying, evaluating, and recommending director nominees to the Board to fill vacancies and to be elected at an annual meeting of the shareholders;

Considering suggestions for director nominees from all sources, including shareholders (for the procedures to be followed by shareholders for nominating directors, see the discussion below under "Shareholder Proposals for the 2003 Annual Meeting");

Recommending director compensation and benefit plans to the Board;

Recommending committees of the Board and committee assignments, as well as tenure and other policies of the Board;

Reviewing the functions of committees of the Board of Directors and recommending changes as deemed appropriate;

Setting meeting schedules for the Board of Directors and recommending meeting schedules for the committees; and

Facilitating the Board's evaluation of the Board's effectiveness.

This Committee is also primarily responsible for development and implementation of our corporate governance principles, which are discussed in greater detail below.

The Corporate Governance Committee is comprised solely of non-employee, independent members of the Board of Directors. The Committee held three meetings during the past fiscal year.

Executive and Finance Committee

The Executive and Finance Committee is authorized to evaluate and review our financial position, capital structure, significant capital asset transactions, major acquisitions and divestitures, and, during the intervals between meetings of the Board of Directors, to the extent permitted by law, to exercise all of the powers of the Board (except for certain reserved matters) in the management of our business. The Committee also reviews our dividend policies and makes recommendations to the Board for any changes in such policies.

The Committee held three meetings during the past fiscal year.

Investment Committee for the Harris Corporation Retirement Plans

The Investment Committee for the Harris Corporation Retirement Plans assists the Board by overseeing the financial administration of our various major retirement and pension plans, including the selection and review of the investment funds and their performance and the independent investment advisors for the plans.

The Committee held four meetings during the past fiscal year.

Business Conduct Committee

The Business Conduct Committee reviews and oversees our continuing program relating to standards and controls within Harris for compliance with our standards of business conduct, sound business practices, and legal requirements in connection with our business.

CORPORATE GOVERNANCE PRINCIPLES

Our Board of Directors has adopted Corporate Governance Principles, and our Board’s Corporate Governance Committee is responsible for overseeing the Corporate Governance Principles and reporting and making recommendations to our Board of Directors concerning corporate governance matters. Among other matters, our corporate governance principles include the following:

Our Board is committed to having a substantial majority of independent, non-employee directors. Our Board also periodically reviews our directors’ independence to assure compliance with this commitment and with relevant SEC and NYSE requirements as to filling committee assignments with independent, non-employee directors.

We maintain a statement of standards of business conduct, which sets forth our commitment to quality and ethical behavior in every aspect of our business activity. These standards apply to our directors, officers and employees. Our Business Conduct Committee has oversight responsibility for these standards.

The Corporate Governance Committee is responsible for developing criteria for Board membership. When nominees are needed, the Corporate Governance Committee develops and reviews candidates, makes recommendations to the full Board, and oversees the process of selection and nomination.

The Corporate Governance Committee establishes criteria for evaluation of Board performance and effectiveness. These criteria focus on the Board’s areas of fiduciary responsibility and are prime reference points for our Board’s annual self-evaluation. Each Board committee also conducts an annual evaluation of the committee’s performance.

Directors will retire from the Board of Directors effective the end of the month in which they reach age 72.

Directors who change the primary job responsibility they had when last elected to our Board will automatically tender their resignation so that the Corporate Governance Committee and Board may determine, on a case-by-case basis, whether their Board membership would continue to

be free from conflict of interest and is otherwise appropriate.

The Board does not impose term limits as it has determined such limits could unnecessarily interfere with the continuity, diversity, developed experience and knowledge, and the long-term outlook the Board must have.

The independent, non-employee directors conduct a performance evaluation of the chief executive officer annually and may do so on a less formal basis from time to time during the year. The evaluation is used in making compensation decisions.

Board members have complete access to our management. It is expected that Board members will use judgment to be sure this contact is not distracting to our business operations. Additionally, the Board encourages the chief executive officer and management to, from time-to-time, have managers who can provide insight on relevant matters or who demonstrate future potential attend Board meetings.

The Board forms, fills and modifies the structure of our Board committees.

Board committee assignments and chairmanships are reviewed annually by the chairman and Corporate Governance Committee and rotated periodically, approximately every three to six years, consistent with our needs, the directors' interests and areas of expertise and regulatory requirements.

The Corporate Governance Committee reviews director compensation annually and makes recommendations to the Board for action.

The Board and management provide a comprehensive orientation process for new directors that includes background materials, meetings with the chief executive officer and senior management, and visits to some of our facilities.

Our Corporate Governance Principles, which were adopted in their present form in fiscal 2002, trace their history back to 1960 when our Board held several single-subject discussions relating to the responsibilities of directors. Following those meetings, in 1965 our Board adopted a written policy outlining the Responsibilities of Directors and a policy relating to Responsibilities and Administration of the Board of Directors, which have evolved and been revised over the past twenty years.

DIRECTOR COMPENSATION AND BENEFITS

Directors who are not employees of Harris receive the following fees for their services on the Board:

\$30,000 annual retainer fee for serving as a director;

\$1,500 annual retainer fee for each committee of which they are a member;

An additional \$3,000 annual retainer fee for each committee on which they serve as a committee chairperson;

\$1,200 for attendance at each Board meeting; and

\$800 for attendance at each committee meeting and for attendance at any other meeting devoted to our affairs.

We also reimburse each non-employee director for travel and out-of-pocket expenses incurred in connection with attendance at Board and committee meetings. In addition, we provide each non-employee director with travel, accident and disability insurance in the amount of up to \$200,000 in the event that he or she is involved in an accident while traveling on business relating to our affairs.

In addition to receiving reimbursement for tax preparation and estate planning services of up to \$5,000 per year, non-employee directors may also participate in our gift matching program available to all employees, where we match contributions to eligible educational institutions and charitable organizations up to an annual maximum of \$10,000 per director.

Employee directors are not compensated for their services as a director.

Stock Options

Under the Harris Corporation 2000 Stock Incentive Plan (the 2000 Stock Incentive Plan), which plan was approved by shareholders at the 2000 Annual Meeting, each non-employee director is automatically granted an option to purchase 2,000 shares of our common stock on the date of each Annual Meeting of Shareholders. Non-employee directors also receive an automatic grant to purchase 2,000 of our shares upon joining the Board. The options granted under the 2000 Stock Incentive Plan and its predecessor plan, the Harris Corporation Stock Incentive Plan (the 1990 Stock Incentive Plan), are non-qualified options for tax purposes, are priced at fair market value on the date of grant, and become exercisable as follows:

50% of the option shares become exercisable on the first anniversary of the date of grant; and

25% of the option shares become exercisable on each of the next two succeeding anniversary dates.

Notwithstanding the above, in the event of a change in control of Harris, any non-employee director's options outstanding for more than one year at that time immediately become exercisable in full. In the case of options previously granted under the 1990 Stock Incentive Plan, a director may exercise vested options for a period of three years following the date of retirement; and, a director's vested options may be exercised by his or her estate or representative for a period of twelve months following the date of death. In the case of options granted to directors under the 2000 Stock Incentive Plan, such options continue to vest and may be exercised following retirement. In addition, such options fully vest upon a director's death. In any event, all options granted to non-employee directors expire no more than ten years after the date of grant. Neither the Board nor any committee of the Board has any discretion with respect to options granted to non-employee directors.

Deferred Compensation

Under our previous Directors Retirement Plan, upon retirement or disability, a non-employee director with five or more years of service would receive an annual cash retirement benefit payable for life in an amount equal to 50% of the annual retainer fee then in effect, plus an additional 10% for each year of service in excess of five years, up to a maximum of 100% of the annual retainer fee. In the event of a change in control, a retired director who was a beneficiary under the plan would be paid a lump sum payment equal to the actuarial equivalent of the retirement benefit.

Effective January 1, 1998, the Board terminated the Directors Retirement Plan with respect to all future non-employee directors and converted the rights under such plan of all directors with less than ten years of service at such time into stock units under our 1997 Directors Deferred Compensation and Annual Stock Unit Award Plan, described below. In addition, all non-employee directors with ten or more years of service at such time were given the option of retaining their rights under the Directors Retirement Plan based upon the 1997 annual retainer fee of \$26,500 or converting their rights into stock units under our 1997 Plan.

Under the 1997 Plan, on January 1 of each year, each non-employee director is currently credited with 1,000 Harris stock equivalent units, which number may be changed from time to time by the Board. In addition, under the 1997 Plan, each non-employee director may make an irrevocable election each year to defer all or a portion of his or her fees. Deferred amounts may be invested in investment alternatives similar to those available under our 401(k) Retirement Plan or in stock units, pursuant to which a director's account is credited with a number of units of Harris stock equivalents based upon the fair market value of our common stock on the first day of the month following the calendar month in which the fees are deferred. Once amounts are credited in Harris stock equivalents, they may not be reallocated into any other investment alternatives and are payable only following the director's resignation, retirement, or death. Each stock unit is credited with dividend equivalents, which are deemed reinvested in additional Harris stock units on the dividend payment date. A director may elect to receive amounts deferred under the 1997 Plan, including amounts deferred in the form of Harris stock units, either in a lump sum cash payment on a date within five years of his or her resignation or retirement or in annual payments over a designated number of years, provided all amounts are fully paid within ten years of resignation or retirement. Within 90 days

following a change of control, each director (or former director) will receive a lump sum cash payment equal to the then remaining balance in his or her account.

Indemnification

We have entered into indemnification agreements with each of our directors and executive officers, including those executive officers named in the summary compensation table on page 20. These agreements require us to indemnify these directors and officers with respect to their activities as directors or officers of Harris, or when serving at our request as a director, officer or trustee of another corporation, trust or other enterprise, against expenses (including attorneys' fees, judgments, fines, and amounts paid in settlement) actually and reasonably incurred by them in any threatened, pending or completed action, suit, or proceeding whether civil, criminal, administrative or investigative to which they are, or are threatened to be made, parties as a result of their service to us. We will indemnify each such director or officer for any one or a combination of the following, whichever is most advantageous to such director or officer:

The benefits provided by our Restated Certificate of Incorporation and By-Laws in effect on the date of the indemnification agreement;

The benefits provided by our Restated Certificate of Incorporation and By-Laws at the time expenses are incurred by the director or officer;

The benefits allowable under Delaware law in effect on the date of the indemnification agreement;

The benefits allowable under the law of the jurisdiction under which we exist at the time expenses are incurred by the director or officer;

The benefits available under liability insurance obtained by us; and

Such other benefits as may otherwise be available to the director or officer under our existing practices.

Under the indemnification agreements, each director or officer will continue to be indemnified even after ceasing to occupy a position as an officer, director, employee or agent of Harris with respect to suits or proceedings arising from his or her service to us.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is, among other things, to assist the Board of Directors in its oversight of our:

Accounting and financial reporting principles and policies and internal controls and procedures;

Financial statements and the audit of those statements; and

Selection of independent auditors and evaluation of their independence.

The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are independent, as required by applicable listing standards of the New York Stock Exchange and other applicable requirements. The Audit Committee operates pursuant to a Charter that was included in our 2001 proxy statement. Our management is responsible for the preparation, presentation, and integrity of our financial statements, our accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Our independent auditors, Ernst & Young LLP, are responsible for auditing our consolidated financial statements and expressing an opinion as to whether such financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Audit Committee has:

Considered, reviewed and discussed the audited financial statements with management and our independent auditors, including a discussion of the quality of the accounting principles, the reasonableness thereof, significant adjustments, and the clarity of disclosures in the financial statements, as well as critical accounting policies;

Discussed with Ernst & Young LLP the matters required to be discussed by Statements on Auditing Standards No. 61, *Communication with Audit Committees*, and No. 71, *Interim Financial Information*, as currently in effect;

Received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and discussed the independence of Ernst & Young LLP with them;

Reviewed the services provided by our independent auditors other than their audit services and considered whether the provision of such other services by our independent auditors is compatible with maintaining their independence, and has discussed with the auditors the auditors' independence; and

Reviewed the contents of SEC required certification statements from the chief executive officer and chief financial officer and also discussed and reviewed the process and internal controls for providing reasonable assurances that our financial statements included in our Annual Report on Form 10-K for the fiscal year ended June 28, 2002, are true in all important respects, and that the report contains all

material information of which they are aware.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended June 28, 2002, filed with the Securities and Exchange Commission.

REPORT OF THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Management Development and Compensation Committee, which is comprised solely of non-employee directors, annually approves our compensation philosophy and the compensation, perquisites and other benefits for our executive officers under salary, incentive and other plans authorized by our Board of Directors or shareholders. In addition, the Committee annually recommends, for consideration and approval by all of the non-employee directors, the compensation for our chief executive officer and president.

Compensation Philosophy

Our executive compensation philosophy is designed to meet our needs, as well as the needs of our executives and shareholders. The executive compensation program is intended to:

Closely link compensation to an individual's performance and our financial results;

Align the interests of our executives and shareholders by emphasizing both the short-term and long-term performance objectives and strategic focus of our businesses;

Facilitate management stock ownership; and

Enable us to attract and retain a world-class management team.

This philosophy applies to all of our management employees, including the executive officers named in the summary compensation table.

Our executive compensation program has two major components:

An annual cash component, consisting of a base salary and an incentive bonus based on the financial performance for the fiscal year of (1) a division or other business unit in the case of division management, (2) a division and Harris in the case of our division presidents, and (3) Harris in the case of the other corporate executives; and

A long-term equity incentive component, consisting of (1) stock options, and (2) performance shares with payouts based upon meeting performance targets over a three-year period.

We utilize a formal system for evaluating executive performance and determine executive annual cash compensation by reference to external industrial surveys of compensation of executives in similar positions, individual performance and experience in the position, and scope of responsibility. Payouts for annual cash incentive awards are based upon the degree to which an executive achieves the applicable operating income, earnings per share and/or revenue targets established for the applicable business unit at the start of our fiscal year, as part of our strategic planning process. Similarly, long-term compensation in the form of performance shares is based upon the degree to which an executive attains financial and/or operating goals and objectives outlined in the strategic planning process. For the three-year performance period ended June 28, 2002, we used cumulative earnings per share for Harris and annual assessments of operating income and return on capital for our

divisions as the criteria for long-term compensation.

Our executive compensation program is designed to ensure that executive pay remains competitive with pay for comparable jobs, responsibilities and performance in leading industrial and technology companies. For this reason, we periodically retain outside compensation and benefit consultants to review our executive compensation programs.

Annual Cash Compensation

Annual cash compensation consists of a fixed salary and an opportunity for a variable cash performance incentive. Base salaries and planned cash incentive compensation targets for senior executives, other than the chief executive officer and president, are recommended annually by the chief executive officer and then reviewed and approved by the Management Development and Compensation Committee.

The Annual Incentive Plan, which was approved by shareholders at the 1995 Annual Meeting and which was reapproved by shareholders at the 2000 Annual Meeting, provides for payment to executives of a specified cash amount (not to exceed 200% of the target amount) based upon the percentage achievement of specific financial objectives, including earnings per share, operating income and revenue growth. For fiscal 2002, annual incentive payments were based 75% upon the attainment of an earnings-per-share target, and in the case of division management, operating income targets of the applicable business unit, and 25% upon revenue targets. Such targets were established at the start of fiscal 2002.

The percentage of an executive's annual cash compensation attributable to the incentive bonus generally increases with his or her level of management responsibility. For the executive officers named in the summary compensation table, planned cash incentive compensation ranged from 39% to 50% of total annual cash compensation for fiscal 2002. In limited circumstances, the Board or the Committee may also authorize a separate cash bonus or award.

Long-Term Compensation

The stock incentive plans align executive and shareholder interests. The plans permit the granting of any or all of the following types of awards:

Performance shares, or units, conditioned upon meeting specified performance criteria;

Restricted stock or units;

Stock options;

Stock appreciation rights, independent of or in tandem with, stock options; and

Other awards valued in whole or in part by reference to, or otherwise based on, common stock.

The Management Development and Compensation Committee believes that, through the use of stock incentives, the interests of our executives are directly related to enhancing shareholder value.

With respect to performance share awards, at the beginning of an award cycle, the Committee determines the applicable performance criteria using our strategic planning process and a period of time (generally three fiscal years) during which performance is to be measured. The performance share award and option grants for senior executives, other than the chief executive officer and president, are recommended by the chief executive officer and then reviewed and approved by the Committee. The Committee grants each participant a specified number of performance shares at the start of the relevant period and establishes a means for computing the number of performance shares that can be earned during the period based on the performance of (1) a division and Harris in the case of division presidents, and (2) Harris in the case of other corporate executives. Payouts for the three-year period ended June 28, 2002, ranged from 30% to 150% of the performance share award granted at the start of the period. Performance shares are subject to forfeiture if the performance goals are not attained or if a participant's employment is terminated for certain reasons before the performance period has ended. The value of performance shares is based on the value of our common stock.

Stock options are granted at fair market value as of the date of grant, typically vest over three

years, and have a term of not greater than ten years. Stock options provide value only when the price of our common stock increases above the option grant price.

Section 162(m) Deductibility

Grants made to executive officers under stock incentive plans and payments under the Annual Incentive Plan comply with the requirements of Internal Revenue Code Section 162(m) relating to the tax deductibility of certain compensation exceeding \$1 million for certain executive officers named in the summary compensation table. In any year, however, the Board or the Committee may determine, in light of all applicable circumstances, that it would be in our best interests for compensation to be paid under those plans or otherwise in a manner which may not qualify as performance-based under Section 162(m).

Benefits

In addition to base salary, annual cash incentives and stock-based compensation, employees, including executives, are also afforded other benefits. These benefits include group life and medical insurance as well as disability and retirement benefits. Where applicable, employees are responsible for managing benefit choices, and balancing their own level of risk and return.

Chief Executive Officer Compensation

The chief executive officer's base salary, incentive compensation, performance share awards, stock option grants and other benefits are annually reviewed and recommended by the Management Development and Compensation Committee and approved by the non-employee directors. In recommending Mr. Farmer's total annual compensation for fiscal 2002, the Committee considered both Harris' performance and Mr. Farmer's individual performance by the same measures previously described for determining executive officer compensation.

Under our Annual Incentive Plan, Mr. Farmer received annual cash incentive compensation for fiscal 2002 based upon 99.3% achievement of the earnings-per-share target.

Mr. Farmer's long-term stock-based incentive compensation was based upon aggregate earnings-per-share performance compared with the aggregate earnings-per-share target established for the three-year period ended June 28, 2002. Based upon our performance and the payout formula recommended by the Committee, the non-employee directors authorized a payout of 12,000 shares (80% of the grant for such period) for Mr. Farmer for the three-year period ended June 28, 2002. At the recommendation of the Committee, during fiscal 2002, the Board also modified Mr. Farmer's August 25, 2000 stock option grant for 100,000 shares to permit such option to continue to vest after retirement at age 62 with ten or more years of service and be exercisable for the term of the option. This modification makes the vesting and exercisability provisions of this option consistent with the currently effective option terms and conditions.

HARRIS STOCK PERFORMANCE GRAPH

The graph below compares the five-year cumulative total return of our common stock with the comparable five-year cumulative total returns of the S&P MidCap 400 Index, the S&P Information Technology Sector Index and the S&P 500 Index. The figures assume an initial investment of \$100 on June 30, 1997 in Harris, the S&P MidCap 400 Index, the S&P Information Technology Sector Index, and the S&P 500 Index, and the reinvestment of dividends, including the distribution to Harris shareholders of Lanier Worldwide, Inc. common stock on November 8, 1999. For purposes of this graph, the Lanier distribution is treated as a nontaxable cash dividend that would have been converted into additional Harris shares at the close of business on November 8, 1999.

Option/ SAR Grants in Last Fiscal Year

The table below gives more information on stock options granted to the Named Executive Officers under our stock incentive plans during the 2002 fiscal year. Amounts shown for potential realizable values are based upon assumed annualized rates of stock price appreciation of 5% and 10% over the full term of the options, as required by the SEC, and are not intended to represent or forecast possible future appreciation, if any, of our common stock price. No gain to the optionee is possible unless the stock price increases over the option term.

(1) All stock option grants were made under our 2000 Stock Incentive Plan. Each stock option generally expires after ten years from the date of grant and is exercisable in installments of: 50% after one year; 75% after two years; and 100% after three years. These options were

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

granted on August 24, 2001. The exercise price is the closing price of a share of our common stock on the date of grant and may be paid in cash and/or shares of our common stock, or an optionholder may use cashless exercise procedures. In the event of a change in control, outstanding options immediately vest.

- (2) If shares of common stock are delivered in payment of the exercise price, we will grant a Restoration Stock Option (RSO) equal to the number of shares used to exercise the stock option. These listed options are RSOs. The expiration date of these RSOs is the same as the expiration date of the underlying options. RSO grants are non-qualified and are exercisable commencing six months after the date of grant at the fair market value on the grant date.
- (3) Shareholder gain reflects the hypothetical increase in market value of our common stock for all shareholders, assuming annual stock price appreciation of 5% and 10%, respectively, over a ten-year period.
- (4) In fiscal 2002, Harris granted stock options covering a total of 1,115,758 shares of common stock to Harris employees under all stock option plans maintained by Harris and this number was used in calculating the percentages.

Awards of performance shares to participants under our stock incentive plans are made at the beginning of each performance period and are earned based on the performance of a business unit, Harris, or some combination thereof. The plans are designed to motivate key employees to maximize shareholder value by aligning their interests with shareholder interests. The payout is determined by the non-employee directors in the case of the chief executive officer and by the Management Development and Compensation Committee in the case of the other executive officers, and is based upon financial performance compared with strategic plan objectives. Performance criteria include our cumulative earnings per share during the three-year strategic plan cycle for Messrs. Farmer, Ballantyne, Heldreth and Roub. In the case of Messrs. Henry and Massari, 80% of the award is based upon relevant division operating income and return on capital during the strategic plan cycle, and 20% on cumulative earnings per share over the strategic plan cycle. Share payouts are made following the determination of the Committee and, in the case of the chief executive officer, the non-employee directors, and range from zero to a maximum of 200% of the original shares awarded. The terms of these awards comply with Internal Revenue Code Section 162(m) requirements. Participants receive quarterly cash payments on the performance share awards in an amount equal to dividends paid to shareholders on our common stock.

In the event of a change in control, the performance objectives applicable to the award are deemed to be attained, and performance shares are to be paid out at the end of the performance period, provided however:

In the event of death, disability, retirement or involuntary termination other than for cause, the shares are to be paid as soon as practicable;

In the event of resignation or termination for cause, the shares are forfeited; and

In the event of certain defined changes in our capital structure, then, at the participant's election, the award is to be paid in shares or cash, as soon as practicable.

Executive Severance Agreements

To provide continuity of management and dedication of our corporate executives in the event of a threatened or actual change in control of Harris, our Board has approved severance agreements for our officers and key managers, including the Named Executive Officers. Under these agreements, our officers and key managers are provided with severance benefits in the event the executive's employment is terminated by us without cause, or by the executive for good reason, within two years following a change in control (all terms as defined in the severance agreement). Under the severance agreement, the executive agrees not to voluntarily terminate his or her employment with us during the six-month period following a change in control.

If triggered, the lump-sum severance benefit payable under the severance agreement equals the sum of (a) the executive's unpaid base salary through the date of termination, a pro rata annual bonus (as determined under the severance agreement), any compensation deferred by the executive other than under a tax-qualified plan and any accrued vacation pay; and (b) from one to three times the executive's highest annual rate of base salary during the 12-month period prior to the date of termination and from one to three times the greater of the executive's highest annual bonus in the last three years, the executive's target bonus for the year during which the change in control occurred, or the executive's target bonus for the year in which the executive's employment is terminated. Payment amounts are three times compensation for Messrs. Farmer, Ballantyne, Heldreth and Roub, and two times compensation for Messrs. Henry and Massari. In addition, the executive receives the same level of medical, dental, accident, disability, life insurance and any similar benefits (or the highest level of coverage provided to active executives, if more favorable). The executive also receives reimbursement for any relocation expense related to pursuit of other business opportunities incurred within two years following the date of termination, for recruitment or placement services of up to \$4,000 and for professional financial or tax planning services of up to \$5,000 per year. The severance agreement also provides for a tax gross-up payment to the executive in the event that payment of any severance benefits are subject to excise taxes imposed under Section 4999 of the Internal Revenue Code. In addition, we will reimburse the executive for any legal fees and costs with respect to any dispute arising under the severance agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, as well as persons who own more than ten percent of our outstanding shares of common stock, to file reports of ownership and changes in ownership of our common stock with the SEC and the New York Stock Exchange. We have procedures in place to assist our directors and executive officers in preparing and filing these reports on a timely basis.

Based solely upon a review of the forms furnished to us, or written representations from certain persons that no Forms 5 were required, we believe that all required forms have been timely filed for fiscal 2002 except that Bryan R. Roub inadvertently did not timely report three gifts totaling 450 shares of our common stock made on May 6, 2002. These gifts were subsequently reported by the filing of an amended Form 5.
