Worthington Industries, Inc.
Deferred Profit Sharing Plan

1 Description of Plan

The following description of The Worthington Industries, Inc. Deferred Profit Sharing Plan (The Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan s provisions.

General:

The Plan is a defined contribution Plan covering all non-union employees of participating employers of Worthington Industries, Inc. and its subsidiaries (Sponsor) who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is one of five Plans within the Worthington Deferred Profit Sharing Plan Master Trust (the Master Trust). Salaried Employees Profit Sharing Plan and the Dietrich Industries, Inc. Hourly 401(k) Plan.

Prior to March 1, 2004, the Master Trust was comprised of four Plans: Worthington Industries, Inc. Deferred Profit Sharing Plan, the Worthington Steel (Malvern) Union Retirement Savings Plan, the Gerstenslager Deferred Profit Sharing Plan and the Gerstenslager Union Retirement Savings Plan.

The accompanying financial statements reflect the Plan s share of the fair value of the assets of the Master Trust. Under the provisions of the Master Trust Agreement, investment income earned and gains or losses on investments are allocated monthly to the participating Plans on the basis of unit ownership at the close of the previous month.

Prior to that date, employees must have been 18 years of age and have completed one year of service. All non-union employees of the Company age eighteen and older and who are employed for one year are eligible to participate in the employer contribution component of the Plan.

1 Description of Plan, Continued

Contributions, Continued:

Employer contributions The Sponsor matches 50 cents on the dollar of voluntary contributions of the first four percent of such participants' compensation. Effective January 1, 2005, the Sponsor also makes a company contribution of 3% of compensation to eligible participants. This contribution is made each pay period. As a safe harbor plan, the Sponsor guarantees a minimum contribution of at least 3% of participants' eligible compensation. Prior to January 1, 2005, the Sponsor made quarterly contributions of a portion of its net operating income before cash profit-sharing and provision for federal income taxes.

Additional company contributions may be contributed at the option of the Sponsor and will be allocated based on the unit credit method. The unit credit method uses the employee's years of service and compensation to allocate any additional contribution.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (IRC) as defined in the Plan document.

Investment Options:

Participants direct their contributions among a choice of the Plan's 15 investment options. All contributions are allocated to the designated investment options based upon the participants' discretion, though, to the extent that participants receiving contributions have made no allocation election, the participants' contribution is invested in the applicable Fidelity Freedom Fund.

Participants' Accounts:

401(k) Accounts Each participant's account is credited with the participant's contributions, employer contributions, earnings and losses thereon and an allocation of administrative expenses.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Vesting:

All participants are 100% vested in all contributions and related earnings credited to their accounts.

Participants' Loans:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. 1 Description of Plan, Continued

Participants Loans, Continued:

The loans are secured by the balance in the participant's account and bear interest at rates commensurate with market rates for similar loans. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Other Plan Provisions:

Normal retirement age is 62 or when the sum of the participant's age and years of service equals 70. The Plan also provides for early payment of benefits after reaching age 59-1/2 excluding the employer contribution.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service (IRS) guidelines.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

The Master Trust's investments are stated at fair value as of the end of year. Fair value for mutual funds and the commingled trust is determined by the respective quoted market prices. Worthington stock is a unitized stock fund that holds just Worthington common stock and cash. The stock is valued at net asset value, which is net assets divided by units outstanding. Loans are valued at cost, which approximates fair value. Life insurance contracts held by the Plan are valued at their cash surrender value. The Master Trust accounts for the change in the difference between the fair value and the cost of investments as unrealized appreciation in the aggregate fair value of investments.

2 Summary of Significant Accounting Policies, Continued

Plan to Plan Transfers:

Participants within the Plan are permitted to transfer their account to another plan sponsored by the Sponsor in the event they change employers within the group. Net transfers in 2005 and 2004 were \$187,214 and \$213,534, respectively.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by Worthington Industries, Inc.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

3 Tax Status

On November 25, 2002, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended, but a new determination letter from the IRS has not been received. However, the Plan Administrator and the tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
