PROXY STATEMENT
Annual Meeting of Stockholders
February 28, 2006

This Proxy Statement is furnished on or about January 13, 2006 to holders of the common stock of Universal Technical Institute, Inc. (the Corporation or UTI), in connection with the solicitation on behalf of the Board of Directors of the Corporation of proxies to be voted at the 2006 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement. **The Annual Meeting will be held at 8:00 a.m. local time on February 28, 2006 at UTI s Avondale automotive technician training campus located at 10695 West Pierce Street, Avondale, Arizona 85323.**

The cost of soliciting proxies will be borne by the Corporation. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of the Corporation s common stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by the Corporation by mail or by personal interview, telephone and telegraph by officers and other management employees of the Corporation, who will receive no additional compensation for their services.

Any stockholders giving a proxy pursuant to this solicitation may revoke it at any time prior to exercise of the proxy by giving written notice of such revocation to the Secretary of the Corporation at the Corporation s executive offices at 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027, or by attending the Annual Meeting and voting in person.

At the close of business on January 6, 2006, there were 27,992,267 shares of the common stock of the Corporation outstanding and entitled to vote at the Annual Meeting. **Only common stockholders of record on January 6, 2006 will be entitled to vote at the Annual Meeting.** Each share is entitled to one vote. Votes may not be cumulated.

Voting Information

At the Annual Meeting, votes will be counted by written ballot. The presence, in person or by proxy, of the holders of a majority of all the votes that could be cast by the holders of all the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. A plurality of the votes duly cast is required for the election of Directors. That is, the Director nominees receiving the greatest number of votes will be elected. The affirmative vote of a majority of the shares of common stock present or represented at the Annual Meeting is required to approve the proposal to ratify the appointment of the independent registered public accounting firm.

Table of Contents

Under Delaware law, abstentions and broker non-votes are counted as present in determining whether the quorum requirement is satisfied. With regard to the election of Directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome. Abstentions may be specified on any proposal (other than the election of Directors) and will have the effect of a negative vote. Under applicable Delaware law, a broker non-vote will have no effect on the outcome of any of the matters referred to in this Proxy Statement.

A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner. If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the election of Directors and the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm even if the broker does not receive voting instructions from you.

Any stockholder entitled to vote on any matter may vote part of such stockholder's shares in favor of the proposal and refrain from voting the remaining shares or, except with respect to the election of Directors, may vote the remaining shares against the proposal; but if the stockholder fails to specify the number of shares which the stockholder is voting affirmatively or otherwise indicates how the number of shares to be voted affirmatively is to be determined, it will be conclusively presumed that the stockholder's approving vote is with respect to all shares which the stockholder is entitled to vote.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder's proxy will remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder's proxy until it is voted. At the date this Proxy Statement went to press, the Corporation's Board of Directors did not know of any matters other than those described in this Proxy Statement to be presented at the Annual Meeting.

Proxies properly executed and received by the Corporation prior to the Annual Meeting and not revoked, will be voted as directed therein on all matters presented at the Annual Meeting. In the absence of specific direction from a stockholder, proxies will be voted for the election of all named Director nominees and for the proposal to ratify the appointment of the independent registered public accounting firm.

Corporate Governance and Related Matters

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the board and vote on extraordinary matters; the board is the company's governing body, responsible for hiring, overseeing and evaluating management; and management runs the company's day-to-day operations. UTI's Board of Directors currently consists of nine directors, as described above.

Independent Directors. The Board of Directors has determined that Messrs. Conrad, Eisenson, Knight, Penske and Srere qualify as independent in accordance with the published listing requirements of The New York Stock Exchange (NYSE). The NYSE's independence definition includes a series of objective tests, such as that the director is not an employee of the corporation and has not engaged in various types of business dealings with the corporation. An explanation of the independence standard used by the Corporation, which standard incorporates the NYSE independence definition, is set forth in the Corporate Governance Guidelines adopted by UTI's Board of Directors and discussed elsewhere in this Proxy Statement. The Board considers all relevant facts and circumstances in evaluating the independence of its members from management. Immaterial business transactions conducted in the ordinary course of business are not determinative of the issue of independence. As required by the NYSE rules, UTI's Board of Directors has made an affirmative determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and has affirmatively determined that each independent director meets the independence standard used by UTI. In making these determinations, the Board reviewed and discussed information provided by the Directors and the Corporation with regard to each Director's business and personal activities as they may relate to UTI and UTI's management.

Independence for Audit Committee Members and Audit Committee Financial Expert. In addition, as required by NYSE rules, the members of UTI's Audit Committee each qualify as independent under special standards established by the U.S. Securities and Exchange Commission (SEC) for members of audit committees. The Audit Committee also includes at least one independent member who is determined by the Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Conrad A. Conrad is the independent director who has been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Conrad's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Conrad any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board.

Board Meetings

The Board of Directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board has delegated various responsibilities and authority to different board committees as described in this section of the Proxy Statement. Committees regularly report on their activities and actions to the full Board. In addition, the Corporate Governance Guidelines that have been adopted by the Board and which are discussed elsewhere in this Proxy Statement call for regular executive sessions of the non-management Directors (those not employed by UTI). If the non-management Directors include any Directors who are not independent (under the NYSE rules), an executive session is scheduled, at least annually, for only the independent directors. The role of presiding director at executive sessions of the non-management directors rotates on an annual basis.

Table of Contents

During 2005, the chairperson of the Audit Committee presided over executive sessions of the non-management directors. During 2006, the chairperson of the Compensation Committee will assume the role, and in 2007, this role will be assumed by the chairperson of the Nominating and Corporate Governance Committee.

Interested parties may contact the non-management Directors as a group by submitting a letter in a sealed envelope labeled accordingly. This letter should be placed in a larger envelope and mailed to Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027.

In fiscal 2005, the Board held eight meetings. Each Director, with the exception of Roger S. Penske and Linda J. Srere (who was not elected to the Board until February 2005) attended at least 75% of the Board of Director meetings. Further, with the exception of Roger S. Penske, each Director attended at least 75% of the meetings of committees on which such Director served, during the Director's tenure as a Director and committee member.

Board Committees and Charters

In accordance with the NYSE Corporate Governance Rules, there are currently three standing committees: Audit, Compensation and Nominating and Corporate Governance. Each member of the Audit, Compensation, and Nominating and Corporate Governance Committees is an independent director in accordance with NYSE standards. Each of the Board committees has a written charter approved by the Board. Copies of each charter are posted on UTI's website at www.uticorp.com under the Company Info Investor Relations Corporate Governance captions. UTI will provide copies of its Board committee charters upon request made by writing to UTI at its principal executive offices at the address indicated on the first page of this Proxy Statement.

The current committee membership is as follows:

Director's Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Conrad A. Conrad	Chair	ü	
Michael R. Eisenson	ü	Chair	
Kevin P. Knight	ü		Chair
Roger S. Penske			ü
Linda J. Srere		ü	ü

Audit Committee. Messrs. Conrad, Eisenson and Knight were the members of the Audit Committee during fiscal 2005. The Board of Directors has determined that each member of the Audit Committee is financially literate and satisfies the independence requirements of the NYSE and the SEC. The Audit Committee has the responsibility for overseeing, among other things: UTI's accounting and financial reporting processes; the reliability of UTI's financial statements; the effective evaluation and management of UTI's financial risks; UTI's compliance with laws and regulations; and the maintenance of an effective and efficient audit of UTI's financial statements by a qualified independent registered public accounting firm. The Audit Committee met eight times during 2005 (four of which meetings were held telephonically). The Audit Committee is required by SEC rules to publish a report to stockholders concerning the Audit Committee's activities during the prior fiscal year. The Audit Committee's report is set forth elsewhere in this Proxy Statement.

Compensation Committee. Messrs. Conrad, Eisenson and Knight and Ms. Srere were members of the Compensation Committee during fiscal 2005. Ms. Srere replaced Mr. Knight on the Compensation Committee upon her election to the Board at last year's annual meeting of stockholders. The Board of Directors has determined that each member of the Compensation Committee satisfies the independence requirements of the NYSE. The primary responsibility of the Compensation Committee is to develop and

Table of Contents

oversee the implementation of the Corporation's philosophy with respect to the compensation of the Corporation's officers. In that regard, the Compensation Committee has the responsibility for, among other things: developing and maintaining a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to stockholders; recommending compensation and benefit plans to UTI's Board for approval; reviewing and approving annual corporate and personal goals and objectives to serve as the basis for the chief executive officer's compensation, evaluating the chief executive officer's performance in light of the goals and, based on such evaluation, determining the chief executive officer's compensation; determining the annual total compensation for UTI's named executive officers; approving the grants of stock options and other equity-based incentives as permitted under UTI's equity-based compensation plans; reviewing and recommending compensation for non-employee Directors to UTI's Board; and reviewing and recommending employment agreements, severance arrangements and change of control plans that provide for benefits upon a change in control, or other provisions for UTI's executive officers and directors, to UTI's Board. The Compensation Committee met four times during 2005. The Compensation Committee's report on executive compensation is set forth elsewhere in this Proxy Statement.

Nominating and Corporate Governance Committee. Messrs. Conrad, Knight and Penske and Ms. Srere were members of the Nominating and Corporate Governance Committee during fiscal 2005. Ms. Srere replaced Mr. Conrad on the Nominating and Corporate Governance Committee upon her election to the Board at last year's annual meeting of stockholders. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee satisfies the independence requirements of the NYSE. The Nominating and Corporate Governance Committee has the responsibility for, among other things: identifying individuals qualified to serve as directors of UTI; recommending qualified individuals for election to UTI's Board at the annual meeting of stockholders; recommending to the Board those Directors to serve on each of the Board committees; recommending a set of corporate governance guidelines to the Board; reviewing periodically UTI's Corporate Governance Guidelines and recommending governance issues that should be considered by UTI's Board; reviewing periodically the Board's committee structure and operations and the working relationship between each committee and the Board; and considering, discussing and recommending ways to improve the Board's effectiveness. The Nominating and Corporate Governance Committee also reviews and makes recommendations to the Board regarding the size and the composition of the Board. In addition, the Nominating and Corporate Governance Committee will review and consider properly submitted stockholder recommendations on candidates for membership on the Board of Directors as described below. In evaluating such recommendations, the Nominating and Corporate Governance Committee will use the same review criteria discussed below under *Director Qualifications and Review of Director Nominees*. Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee must include the candidate's name, accompanied by relevant biographical information, and must be submitted in accordance with the Corporation's Bylaws to the attention of the Corporation's Corporate Secretary at Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027. The Nominating and Corporate Governance Committee met four times during 2005.

Director Qualifications and Review of Director Nominees

The Nominating and Corporate Governance Committee makes recommendations to the Board of Directors regarding the size and composition of the Board. The Committee reviews annually with the Board the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by the NYSE and other applicable laws and regulations. The Committee is responsible for ensuring that the composition of the Board accurately reflects the needs of UTI's business and, in accordance with the foregoing, proposing the addition of members and the necessary resignation of members for purposes of obtaining the appropriate members and skills. Board members should possess such attributes and experience as are necessary to provide a broad range of personal characteristics including diversity, management skills,

and technological and business experience. Directors should be able to commit the requisite time for preparation and attendance at regularly scheduled Board and committee meetings, as well as be able to participate in other matters necessary to ensure good corporate governance is practiced. In evaluating a director candidate, the Committee considers factors that are in the best interests of the Corporation and its stockholders, including the knowledge, experience, integrity and judgment of each candidate; the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board desires to have represented; each candidate's ability to devote sufficient time and effort to his or her duties as a director; and any other criteria established by the Board and any core competencies or technical expertise necessary to staff Board committees. In connection with each director nomination recommendation, the Committee must consider the issue of continuing director tenure and whether the Board will be exposed to new ideas and viewpoints, and will maintain willingness to critically examine the status quo.

Board Attendance at Annual Stockholder Meetings

The Board does not have a formal policy with respect to the Directors' attendance at the Corporation's annual stockholder meetings, but all Directors are encouraged to attend those meetings. All Directors who, at the time, were serving as members of the Board attended last year's annual meeting of stockholders.

Communication with the Board of Directors

Stockholders may communicate with the Chairman of the Board, the Directors as a group, the non-management Directors as a group or an individual Director directly by submitting a letter in a sealed envelope labeled accordingly. This letter should be placed in a larger envelope and mailed to Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027.

including travel expenses on commercial flights or the equivalent cost of advance purchase first class commercial travel for non-employee Directors utilizing private aircraft.

All non-chairperson Directors serving on committees of the Board received an additional payment of \$1,000 for each committee meeting attended in person or by telephone, regardless of whether such committee meeting occurred on the day of a board meeting for which that Director had been compensated and regardless of how many committee meetings that Director attended on the same day. The chairpersons of the Compensation Committee and the Nominating and Corporate Governance Committee each received \$2,000 for each committee meeting attended, and the chairperson of the Audit Committee received \$3,000 for each committee meeting attended. The Audit Committee chairperson received an additional \$10,000 annual retainer.

Directors who are also officers do not receive any separate compensation for serving as directors.

UTI indemnifies its Directors and officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Corporation. This is permitted by UTI's Certificate of Incorporation, and the Corporation has also entered into agreements with its Directors, contractually obligating the Corporation to provide this indemnification to them.

AUDIT COMMITTEE REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2005

The Audit Committee reviews UTI's financial reporting process on behalf of the Board of Directors. The Audit Committee is currently composed of three independent directors. The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee met eight times during 2005 (four of which meetings were held telephonically). Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In fulfilling its responsibilities, the Audit Committee meets with management and the independent registered public accounting firm to review and discuss UTI's annual and quarterly financial statements, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations in UTI's annual report on Form 10-K, any material changes in accounting principles or practices used in preparing the financial statements prior to the filing of a report on Form 10-K or Form 10-Q with the SEC, and the items required to be discussed by Statement of Auditing Standards 61 for annual statements and Statement of Auditing Standards 100 for quarterly statements.

The Audit Committee has met and held discussions with management and the independent registered public accounting firm regarding the fair and complete presentation of UTI's results and the assessment of the Corporation's internal control over financial reporting. The Audit Committee has discussed significant accounting policies applied by UTI in its financial statements, as well as alternative treatments. Management represented to the Audit Committee that UTI's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent registered public accounting firm its independence from UTI and its management. The Audit Committee also has considered whether the independent registered public accounting firm's provision of permitted non-audit services to UTI is compatible with its independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from UTI and its management.

The Audit Committee discussed with the independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of its examinations, the evaluation of UTI's internal controls, the overall quality of UTI's financial reporting, and other matters required to be discussed by Statement of Auditing Standards 61.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in UTI's Annual Report on Form 10-K for the year ended September 30, 2005, for filing with the Securities and Exchange Commission. The Audit Committee has also selected PricewaterhouseCoopers LLP as UTI's independent registered public accounting firm for the fiscal year ending September 30, 2006.

PROPOSAL 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as independent registered public accounting firm of the Corporation with respect to its financial statements for the year ending September 30, 2006. In taking this action, the Audit Committee considered PricewaterhouseCoopers LLP's independence with respect to the services to be performed and other factors, which the Audit Committee and the Board of Directors believe is advisable and in the best interest of the stockholders. As a matter of good corporate governance, the Audit Committee has decided to submit its selection to stockholders for ratification. In the event that this selection of independent registered public accounting firm is not ratified by a majority vote of the shares of common stock present or represented at the Annual Meeting, it will be considered as a direction to the Audit Committee to consider the selection of a different firm.

The Board of Directors recommends that you vote FOR Proposal 2.

EQUITY COMPENSATION PLAN INFORMATION

Securities Authorized for Issuance Under Equity Compensation Plans

UTI maintains the Management 2002 Stock Option Program (the 2002 Plan) and the 2003 Stock Incentive Plan (the 2003 Plan) pursuant to which it may grant equity awards to eligible persons.

Management 2002 Stock Option Program. The Corporation's 2002 Plan was adopted by the Board of Directors and became effective in April 2002. A maximum of 783,000 shares of common stock may be issued under the 2002 Plan, which is administered by UTI's Compensation Committee.

The 2002 Plan provides for the grant of incentive and non-qualified stock options to employees of UTI and related companies, including officers and employee directors, and non-statutory options to other persons providing material services to UTI or related companies. A non-employee director is not eligible to receive an award.

The term of the options granted under the 2002 Plan is set forth in each option agreement. However, the term of an option may not exceed the earlier of ten years and the date on which the optionee ceases to be an employee of, and to perform services for, UTI including related companies. Options granted under the 2002 Plan vest over a four-year period and become exercisable as set forth in each option agreement.

As of September 30, 2005, the Corporation had issued 106,282 shares of common stock upon the exercise of options granted under the 2002 Plan. In addition, 593,660 shares of the Corporation's common stock are issuable pursuant to options granted under the 2002 Plan, at a weighted average exercise price of \$4.71 per share. The Corporation does not intend to grant any additional options under the 2002 Plan.

2003 Stock Incentive Plan. The Corporation's 2003 Plan was adopted by the Board of Directors and approved by holders of the majority voting power of the Corporation's stock and became effective in December 2003. The 2003 Plan is administered by UTI's Compensation Committee and is further described in UTI's filings with the SEC, including its prospectus filed pursuant to Rule 424(b)(4) on April 27, 2004.

The Corporation amended the employee stock purchase plan in 2005 to comply with a recent Internal Revenue Service rule change. Prior to the amendment to the plan, eligible employees were permitted to purchase up to 10% of the employee's annual base and overtime pay at a price of no less than 85% of the price per share of the Corporation's common stock either at the beginning or the end of the six-month offering period, whichever is less. The Corporation's Compensation Committee administers the employee stock purchase plan. The Board of Directors may amend or terminate the plan. The employee stock purchase plan complies with the requirements of Section 423 of the Internal Revenue Code of 1986, as amended.

Table of Contents

These numbers are calculated based on rules promulgated by the SEC and do not reflect the Corporation's estimate of future stock price growth. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the exercise of this stock option will depend on the future performance of the Corporation's common stock, the optionholder's continued employment through the option period, and the date on which the option is exercised.

Option Exercises and Year-End Values

The following table sets forth certain information regarding the exercise and values of options held by the officers named in the Summary Compensation Table, as of September 30, 2005. The table contains values for in-the-money options, meaning a positive spread between the fiscal year-end share price of \$35.61 and the exercise price. These values have not been, and may never be, realized. The options might never be exercised, and the value, if any, will depend on the share price on the exercise date.

Under the employment agreement, Ms. McWaters is entitled to receive an annual base salary of \$280,000, subject to annual cost of living adjustments and other increases as the Compensation Committee may recommend to the Board. Effective as of October 1, 2003, Ms. McWaters became UTI's Chief Executive Officer. Employment Agreement with Jennifer L. Haslip. In November 2003, the Corporation entered into an employment agreement with Jennifer Haslip to serve as Chief Financial Officer. Provisions Common to Each Employment Agreement. Certain provisions are common to each of the employment agreements described above. For example, each employment agreement:

provides that each executive may be paid an annual, performance-based bonus to be determined by the Board of Directors, in its sole discretion;

specifies that each executive is entitled to certain perquisites, including reimbursement of expenses, paid vacations, health and medical reimbursement plan, a car allowance and automobile insurance and such other perquisites and benefits, including health, short- and long-term disability, pension and life insurance benefits for executives and their families, established from time to time at the sole discretion of the Board of Directors;

provides for the Corporation's payment of severance compensation and benefits to the executives under certain circumstances, such as when the executive's employment is terminated by the Corporation other than for cause, as defined in the employment agreements, or by the executive if the Corporation materially breaches the employment agreement or due to the executive's death or disability; and

restricts the employee's disclosure and use of the Corporation's confidential information, as defined in the employment agreement, and prohibits the employee from competing with the Corporation for a specified period following the termination of employment.

The Board of Directors approves the operating budget for a given fiscal year and may, upon the recommendation of the Compensation Committee, award bonuses based upon achievement of established EBIT (earnings before interest and tax) targets. In addition, the Board, upon the recommendation of the Compensation Committee, may award bonuses based upon additional factors, including but not limited to extraordinary performance or efforts by individuals, as the Board may in its discretion determine from time to time.

Severance Agreements. The Corporation has entered into severance agreements with several of its executive officers and key employees. Each severance agreement provides for the payment of severance compensation and other benefits to the employee depending upon the circumstances of the employee's termination of employment, such as if the employee is terminated by the Corporation without cause or if the employee leaves for good reason, in each case within 12 months after the Corporation has undergone a change in control, as that term is defined in the severance agreement. Each severance agreement also provides that:

Table of Contents

as a precondition to the Corporation's payment of any severance compensation or benefits, the employee must execute a waiver and release that the Corporation provides to the employee;

the amounts paid to or benefits received by the employee are subject to a downward adjustment so that the total payments to the employee due to a change in control do not constitute an excess parachute payment, as that term is defined in Section 280G of the Internal Revenue Code of 1986, as amended, or cause the employee to be required to pay an excise tax under Section 4999 of the Code; and

the employee is not required to mitigate any amounts paid or benefits received under the severance agreement by seeking other employment or otherwise.

As part of the consideration for the Corporation's payment of the severance payments and benefits, the severance agreement provides that, for a period of 12 months after the termination of employment, the employee covenants not to compete directly or indirectly with the Corporation or directly or indirectly solicit, recruit or employ any persons or entities with whom the Corporation currently has business relationships, or have had such relationships within the 24 months prior to such solicitation, recruitment or employment.

401(k) Plan. The Corporation maintains a plan qualified under Section 401(k) of the Internal Revenue Code. Under the 401(k) Plan, a participant may contribute a maximum of 50% of his or her pre-tax salary, commissions and bonuses through payroll deductions, up to the statutorily prescribed annual limit (\$14,000 in calendar year 2005). The percentage elected by more highly compensated participants may be required to be lower. In addition, at the discretion of the Corporation's Board of Directors, the Corporation may make discretionary matching and/or profit-sharing contributions into the 401(k) Plan for eligible employees.

COMPENSATION COMMITTEE INTERLOCKS

Messrs. Conrad, Eisenson and Knight and Ms. Srere served as the members of the Compensation Committee during fiscal 2005. None of these directors was an executive officer or otherwise an employee of UTI before or during such service, and no executive officer of UTI served on any other company's compensation committee.

**COMPENSATION COMMITTEE REPORT
ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors (the Committee) administers UTI's executive compensation program. The Committee is comprised only of independent directors, as that term is defined in the rules of the NYSE. The members of the Committee also qualify as non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986. The Committee oversees UTI's compensation and employee benefit plans and practices, including its executive compensation plans and its incentive compensation and equity-based plans.

In the performance of its responsibilities, the Committee may conduct or authorize investigations into or studies of matters within the Committee's scope of responsibilities, and may retain, at the Corporation's expense, such independent counsel or other advisers as it deems necessary. The Committee has the authority to retain or terminate a compensation consultant to assist the Committee in carrying out its responsibilities, including authority to approve the consultant's fees and other retention terms, such fees to be borne by the Corporation. Generally, the Committee meets in executive sessions which are not attended by any of UTI's employees or other Directors, unless the Committee requests such attendance. Following each of its meetings, the Committee delivers a report on the meeting to UTI's Board of Directors, including a description of all actions taken by the Committee at the meeting.

Table of Contents

This report sets forth the executive compensation policies of the Corporation with respect to UTI's executive officers, including its Chief Executive Officer, its Chairman of the Board, its Vice Chairman of the Board and other executive officers named in the Summary Compensation Table (the "Named Executive Officers"). This report shall not be deemed to be incorporated by reference into any previous filing by UTI under either the Securities Act of 1933 or the Securities Exchange Act of 1934 that incorporates future Securities Act or Exchange Act filings in whole or in part by reference.

Overview of Compensation Philosophy and Program

The Committee regularly reviews the compensation policies adopted and followed by the Committee with respect to all of UTI's executive officers in light of the guiding principles contained therein that executive officer compensation must be related to the performance of both the Corporation and the individual executive officer, and must emphasize increasing stockholder value. The Committee has determined that the principal components of the compensation policies pertaining to UTI's executive officers (i.e., salaries, bonuses and long-term incentives) are appropriately tied to these performance measures.

The Committee recognizes that UTI's continued success is due in part to its skilled executives. In setting and administering the Corporation's compensation policies and programs, the Committee attempts to target overall annual compensation in line with the compensation provided to executives of corporations similar to UTI in terms of assets, sales, revenues and earnings. The Corporation's executive compensation programs are designed to attract, reward and retain skilled executives and to provide incentives which vary upon the attainment of short-term operating performance objectives and long-term performance goals. The main objective is to provide the Corporation's executives with incentives directly linked to the creation of stockholder value. The Committee intends that all incentive compensation paid to the Named Executive Officers will be deductible for federal income tax purposes.

The Compensation Program

The compensation program for UTI's executives presently consists of base salary, annual bonus, long-term incentives in the form of stock options, and employee benefits. It remains the intent of the Committee that incentives based on long-term performance should be a major component in the pay package for senior executives. The Committee believes that the use of UTI common stock as an incentive will enhance the Corporation's executives' commitment to UTI's long-term performance. Discussed below is each element of the compensation program.

Base Salary. Salaries are set and administered to reflect the value of the job in the marketplace and individual contribution and performance. Salaries provide a necessary element of stability in the total pay program and, as such, are not subject to significant variability. Salary increases are based primarily on merit.

Annual Bonus. The amounts of annual bonus awards to the Named Executive Officers are based on corporate financial performance for the year compared to specific annual performance goals established by the Committee and approved by the Board of Directors at the beginning of the year. For 2005, the performance goal was based upon achievement of objectives set forth in the Corporation's approved operating plan. The annual bonus awards for 2005 were paid in cash.

Long-Term Incentives. Stock option awards provide long-term incentives which are directly related to the performance of UTI common stock. Options generally vest over four years and closely align the executive's interests with those of other stockholders. Stock option awards are used to create performance incentives and promote equity ownership in the Corporation by its executives.

Employee Benefits. Named Executive Officers are entitled to a number of benefits including a car allowance, automobile insurance coverage and health, short and long-term disability, pension and life

insurance benefits. In addition, UTI's Chief Executive Officer, Chairman of the Board and Vice Chairman of the Board receive coverage under an executive medical reimbursement plan.

Performance Evaluations of CEO, Chairman of the Board and Vice Chairman of the Board

As required by its charter, the Committee met in executive session in December 2005 to review the overall performance of our Chairman of the Board, former Vice Chairman of the Board and Chief Executive Officer during 2005, particularly in light of the goals and objectives of the Corporation's executive compensation plans. Consideration was given to each officer's role in building stockholder value and improving the return on the stockholders' investment.

Kimberly J. McWaters. Ms. McWaters serves as UTI's Chief Executive Officer and President. Pursuant to her 2002 employment agreement with the Corporation, Ms. McWaters received an initial base annual salary of \$280,000. In 2005, Ms. McWaters received a base salary of \$381,692 and a bonus of \$180,000 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income and new campus development. During 2005, Ms. McWaters also received options to purchase 65,000 shares of UTI's common stock. In connection with this grant, the Committee considered Ms. McWaters' position within UTI and her contributions to the continuing success of the Corporation.

Robert D. Hartman. Mr. Hartman served as UTI's Chairman of the Board through September 30, 2005. Pursuant to his 2002 employment agreement with the Corporation, Mr. Hartman received an initial base annual salary of \$312,500. In 2005, Mr. Hartman received a base salary of \$339,308 and a bonus of \$123,120 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income and new campus development. During 2005, Mr. Hartman also received options to purchase 35,000 shares of UTI's common stock. In connection with this grant, the Committee considered Mr. Hartman's position within UTI and his contributions to the continuing success of the Corporation.

John C. White. Mr. White served as UTI's Chief Strategic Planning Officer and Vice Chairman of the Board through September 30, 2005. Effective October 1, 2005, Mr. White became UTI's Chairman of the Board. Pursuant to his 2002 employment agreement with the Corporation, Mr. White received an initial base annual salary of \$312,500. In 2005, Mr. White received a base salary of \$339,308 and a bonus of \$123,120 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income and new campus development. During 2005, Mr. White also received options to purchase 35,000 shares of UTI's common stock. In connection with this grant, the Committee considered Mr. White's position within UTI and his contributions to the continuing success of the Corporation.

Review of All Components of Named Executive Officers' Compensation

The Committee has reviewed all components of the Named Executive Officers' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option gains and the dollar value to the executive and cost to the Corporation of all perquisites and other personal benefits.

It should be noted that when the Committee considers any component of the Named Executive Officers' total compensation, the aggregate amounts and mix of all the components, including accumulated (realized and unrealized) option gains are taken into consideration in the Committee's decisions.

Table of Contents

Our Committee Meetings

At the first Committee meeting during the fiscal year, the CEO's compensation is reviewed and analyzed in the context of all the components of her total compensation. Members then have the opportunity to ask for additional information and to raise and discuss further questions before a vote is taken.

In the process of reviewing each component separately, and in the aggregate, the Committee directs the Corporation's human resources department to prepare a spreadsheet showing all elements of senior management compensation. The data includes base pay, bonus opportunities, stock options and total compensation, both individually and in the aggregate, as well as a comparison from time to time of each executive's salary to the industry median based on salary reports.

Internal Revenue Code Section 162(m) Compliance

Internal Revenue Code Section 162(m), enacted in 1993, limits the deductibility of non-performance based compensation in excess of \$1.0 million for certain of UTI's executive officers. The non-performance based compensation paid to UTI's executive officers in 2005 did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance based compensation to be paid to UTI's executive officers in 2006 will exceed the limit. UTI's 2003 Stock Incentive Plan qualifies as a performance based compensation plan. As such, awards granted under that plan will not be subject to the \$1.0 million limitation.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information as of December 31, 2005 with respect to the beneficial ownership of shares of UTI's common stock by:

each person known by UTI to be the beneficial owner of 5% or more of the outstanding shares of common stock;

each of UTI's directors, director nominees and named officers; and

all of UTI's executive officers and directors as a group.

Beneficial ownership is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended, and generally includes voting or investment power over securities. Under this rule, a person is deemed to be the beneficial owner of securities that can be acquired by such person within 60 days of December 31, 2005 upon the exercise of options. Each beneficial owner's percentage ownership is determined by assuming that all options held by such person that are exercisable within 60 days of December 31, 2005 have been exercised. Except in cases where community property laws apply or as indicated in the footnotes to this table, UTI believes that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder.

**SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires UTI's directors and executive officers to file reports of holdings and transactions in UTI shares with the Securities and Exchange Commission. Based on a review of reports filed by UTI's directors, executive officers and beneficial holders of ten percent (10%) or more of UTI's shares, and based upon representations from those persons, all stock ownership reports required to be

filed by those reporting persons during 2005 were timely made.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Registration Rights Agreement

The Corporation is a party to a registration rights agreement with the following stockholders: (i) JZ Equity Partners plc and the permitted transferees of The Jordan Company, LLC (collectively, the TJC Stockholders); (ii) Charlesbank Voting Trust, Charlesbank Equity Fund V, Limited Partnership, CB Offshore Equity Fund V, L.P., CB Equity Co-investment Fund V, Limited Partnership and Coyote Training Group, LLC (collectively, the Charlesbank Stockholders), (iii) Worldwide Training Group, LLC; (iv) Whites Family Company, LLC; and (v) Robert D. Hartman. Pursuant to the registration rights agreement, each of the TJC Stockholders, the Charlesbank Stockholders and Worldwide Training Group, LLC shall have one demand registration right. Pursuant to this demand right, at any time after June 13, 2004, any of the TJC Stockholders, the Charlesbank Stockholders and Worldwide Training Group, LLC may request that the Corporation file a registration statement under the Securities Act of 1933 to cover the restricted shares of the Corporation's common stock that they own, as long as the aggregate offering price for the proposed transaction to be registered is greater than \$25.0 million or represents an offering of at least 10% of the Corporation's outstanding common stock. Upon receipt of such request, the Corporation generally will be required to use its best efforts to effect such registration. The Corporation will not be required to effect a requested registration, however, if it has effected one such registration which is still in effect, or if the request is made within 360 days following the effective date of any registered offering it has made to the general public in which a holder of restricted stock, as defined in the registration rights agreement, shall have been able to effectively register all the restricted stock as to which registration has been requested. The Corporation may also delay filing a registration statement or withhold efforts to cause a registration statement to become effective if the Board of Directors determines in good faith that such registration statement will materially and adversely interfere with or affect the negotiation or completion of any material transaction that the Corporation is considering or will involve initial or continuing disclosure obligations that are not in the best interests of the Corporation's stockholders.

Table of Contents

The registration rights agreement also provides for piggyback registration rights with respect to the restricted shares of the Corporation's common stock held by each of the stockholders party to this agreement, including Robert D. Hartman, the Corporation's former Chairman of the Board, and Whites Family Company, LLC, an entity controlled by John White, the Corporation's Chairman of the Board. Accordingly, if the Corporation proposes to register, or is required to register following the exercise of a demand registration right as described above, any of the Corporation's common stock for sale to the public, the Corporation is required to give written notice of its intention to do so to each of the stockholders who is a party to this agreement and to use its best efforts to include in the registration statement the number of restricted shares of common stock beneficially owned and requested to be registered by such stockholders, subject to reduction of such shares under certain circumstances by an underwriter. If a reduction of shares is necessary, stockholders who request to participate in the registration will do so pro rata based on the numbers of shares held by such stockholders on a fully-diluted basis, except that the Corporation will have first priority to register shares of its common stock if it initiates the registration for its own account.

Transactions with Management and Others

Since 1991, the Corporation has leased some of its properties from entities controlled by John C. White, the Corporation's Chairman of the Board of Directors. A portion of the property comprising the Corporation's Orlando location is occupied pursuant to a lease with the John C. and Cynthia L. White 1989 Family Trust, with the lease term expiring on August 19, 2022. The annual base lease payments for the first year under this lease totaled approximately \$326,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Another portion of the property comprising the Corporation's Orlando location is occupied pursuant to a lease with Delegates LLC, an entity controlled by the White Family Trust, with the lease term expiring on July 1, 2016. The beneficiaries of this trust are Mr. White's children, and the trustee of the trust is not related to Mr. White. Annual base lease payments under this lease totaled approximately \$680,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Additionally, since April 1994, the Corporation has leased two of its Phoenix properties under one lease from City Park LLC, a successor in interest of 2844 West Deer Valley L.L.C. and in which the John C. and Cynthia L. White 1989 Family Trust holds a 25% interest. This lease expires on February 28, 2015, and the annual base lease payments under this lease, as amended, totaled approximately \$463,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. The table below sets forth the total payments that the Corporation made in fiscal 2003, 2004 and 2005 under these leases:

	John C. and Cynthia L. White		
	City Park LLC	1989 Family Trust	Delegates LLC
Fiscal 2003	\$495,040	\$399,901	\$796,015
Fiscal 2004	\$551,775	\$447,205	\$924,307
Fiscal 2005	\$488,523	\$436,036	\$877,544

The Corporation believes that the rental rates under these leases approximate the fair market rental value of the properties at the time the lease agreements were negotiated.
