FORWARD-LOOKING STATEMENTS

In order to utilize the "Safe Harbor" provisions of the United States Private Securities Litigation Reform Act of 1995 (the "Reform Act"), Sappi Limited (the "Company") is providing the following cautionary statement. Except for historical information contained herein, statements contained in this Report on Form 6-K may constitute "forward-looking statements" within the meaning of the Reform Act. The words "believe", "anticipate", "expect", "intend", "estimate", "plan", "assume", "positioned", "will", "may", "should", "risk" and other similar expressions which are predictions of or indicate future events and future trends which do not relate to historical matters identify forward-looking statements. In addition, this Report on Form 6-K may include forward-looking statements relating to the Company's potential exposure to various types of market risks, such as interest rate risk, foreign exchange rate risk and commodity price risk. Reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond the control of the Company, together with its subsidiaries (the "Group"), and may cause the actual results, performance or achievements of the Group to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievements). Certain factors that may cause such differences include but are not limited to: the highly cyclical nature of the pulp and paper industry; the impact of the global economic downturn on the Group's business; pulp and paper production, production capacity, input costs including raw materials, energy and employee costs, and pricing levels in North America, Europe, Asia and southern Africa; any major disruption in production at the Group's key facilities; changes in environmental, tax and other laws and regulations; adverse changes in the markets for the Group's products; any delays, unexpected costs or other problems experienced with any business acquired or to be acquired and achieving expected savings and synergies; consequences of the Group's leverage; adverse changes in the South African political situation and economy or the effect of governmental efforts to address present or future economic or social problems; and the impact of future investments, acquisitions and dispositions (including the financing of investments and acquisitions) and any delays, unexpected costs or other problems experienced in connection with dispositions. These and other risks, uncertainties and factors are discussed in the Company's Annual Report on Form 20-F and other filings with and submissions to the Securities and Exchange Commission, including this Report on Form 6-K. Shareholders and prospective investors are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of the submission of this Report on Form 6-K and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly update or revise any of these forward-looking statements, whether to reflect new information or future events or circumstances or otherwise.

Media Release

30 October 2009

Intended closure of Sappi Usutu Pulp Mill and restructuring of forestry business in the Kingdom of Swaziland in response to market conditions and forest fire damage

In response to adverse market conditions, as well as the cumulative severe impact of fire damage over the past few years, in particular the fires of August 2008 which destroyed 40% of the Usutu timber crop, it has become apparent that the Sappi Usutu Pulp Mill is no longer sustainable.

Sappi has therefore today announced that it will begin the process of consulting with staff and all other relevant stakeholders regarding its intention to close the Usutu Pulp Mill on 31 January 2010. With the closure of the mill Sappi would also exit the unbleached softwood flash-dried pulp market served by Usutu Pulp Mill. The mill has a capacity of 190,000 tonnes annually.

Sappi will continue to seek future beneficiation opportunities for the profitable utilisation of the Usutu forests. This could include the introduction of new investors.

The Sappi Usutu Pulp Company directly employs around 600 people.
