MDC CORPORATION INC.
CUSTOM DIRECT INCOME FUND

Custom Direct Income Fund Files Preliminary Prospectus for
Initial Public Offering of Units

TORONTO - October 22, 2002 - MDC Corporation Inc. of Toronto (TSE: MDZ.A; NASDAQ: MDCA) and Custom Direct Income Fund announced today that the Fund has filed a preliminary prospectus with the securities regulatory authorities in each of the provinces and territories of Canada in connection with a proposed initial public offering of units of the Fund.

The net proceeds of the offering together with proceeds from a new credit facility to be entered into concurrently with the closing will be used in connection with the acquisition of an approximate 80% interest in MDC's U.S. based direct-to-customer cheque business, operated by Custom Direct, Inc. and affiliated companies.

MDC will retain a 20% subordinated interest in the business after the offering and has agreed not to sell its interest before December 31, 2003.

"MDC has developed Custom Direct from a modest platform and built it into one of the pre-eminent paper payment businesses in the United States," said Miles Nadal, MDC's President and Chief Executive Officer. "The crystallization of value through this high quality income fund represents another important step in MDC's strategy to increase its financial flexibility and realize incremental value for our shareholders," said Nadal.

The Fund units will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release will not constitute an offer to sell or the solicitation of an offer to buy nor will there be any sale of the securities in any state in which the offer, solicitation or sale would be unlawful.

About Custom Direct

Based in Maryland and Arkansas, Custom Direct has been selling cheques and cheque related accessories across the United States since 1992 and offers the industry's widest selection of product designs. Custom Direct is the second largest participant in the direct-to-consumer segment of the U.S. cheque industry with forecast sales and EBITDA for the year ending December 31, 2002 of approximately US\$103 million and US\$20 million respectively.

About MDC Corporation Inc.

MDC is a publicly traded international business services organization with operating units in Canada, the United States, United Kingdom and Australia. MDC provides marketing communication services, through Maxxcom,

Edgar Filing: MDC CORP INC - Form 6-K

and offers security sensitive transaction products and services in four primary areas: personalized transaction products such as personal and business cheques; electronic transaction products such as credit, debit, telephone & smart cards; secure ticketing products, such as airline, transit and event tickets; and stamps, both postal and excise. MDC shares are traded on the Toronto Stock Exchange under the symbol MDZ.A and on NASDAQ National Market under the symbol MDCA.

Maxxcom, approximately 78% owned by MDC, is a multi-national business services company with operating units in Canada, the United States and the United Kingdom. Maxxcom is built around entrepreneurial partner firms that provide a comprehensive range of communications services to clients in North America and the United Kingdom. Maxxcom shares are traded on the Toronto Stock Exchange under the symbol MXX.

MDC CORPORATION INC. ANNOUNCES FINANCIAL RESULTS FOR THE THIRD QUARTER AND NINE MONTHS ENDED SEPTEMBER 30, 2002

TORONTO, Ontario (October 30, 2002) - MDC Corporation Inc. ("MDC") of Toronto

Edgar Filing: MDC CORP INC - Form 6-K

today announced its financial results for the third quarter and nine months ended September 30, 2002.

For the quarter ended September 30, 2002, revenue was \$221.0 million, a decrease of 16% compared to the \$262.3 million achieved in the same quarter of 2001. Operating income before other charges declined to \$16.4 million from the \$29.3 million generated in 2001. However, when the results of operations that have been sold, including Davis + Henderson, are excluded from the prior-year third quarter, revenue increased over the third quarter of 2001 by 7% from \$202.7 million to \$217.8 million. Operating income calculated on the same basis improved by 25% from \$13.0 million to \$16.2 million, a reflection of the significant improvement across the Secure Transactions division in revenue growth and improved efficiencies.

Net income for the quarter was \$5.5 million, including a \$1.9 million pre-tax gain on dispositions as compared with the loss of \$154.1 million as restated for the third quarter of 2001, which contained the previously reported restructuring provision.

Comparative third quarter and year to date results have been restated to recognize losses of \$12.2 million and \$15.8 million respectively with respect to foreign exchange gains and losses on non-

hedged long-term monetary assets and liabilities in accordance with changes to Canadian GAAP effective January 1, 2002. These losses, due to fluctuations in the Canadian to U.S. dollar exchange rates, were previously deferred and amortized over the term of the related item. Effective July 1, 2002, management designated the Company's 10.5% U.S. Senior Subordinated Notes as a hedge against the foreign exchange exposure of the Secure Transactions U.S. operations. The resulting net foreign exchange effect will in future be reflected in the cumulative translation account within shareholders' equity.

Basic earnings per share for the third quarter of 2002 was \$0.30 versus an adjusted basic loss per share of \$6.29 for 2001 calculated on a comparable basis excluding goodwill charges. Fully diluted earnings per share for the quarter was \$0.21 compared to an adjusted fully diluted loss per share of \$6.29. Cashflow from operations for the third quarter of 2002 was \$11.0 million, a slight decrease from the \$11.6 million achieved in the prior year. Basic and fully diluted cashflow per share was \$0.63 and \$0.42, respectively, compared to \$0.65 and \$0.48 achieved in 2001.

"We remain committed to the completion of the planned divestiture of non-core assets. During the quarter, we completed the sale of House of Questa, our U.K. stamp operation and also completed the divestiture of our Australian ticketing operations. The combined gross proceeds for these transactions amounted to approximately \$9.0 million," said Peter Lewis, Executive Vice-President and Chief Financial Officer.

The Secure Transactions division reported sales for the third quarter of \$72.9 million and operating income before other charges of \$10.3 million. Excluding the results of disposed operations, this represents a 7% increase in revenues over third quarter 2001, and a significant improvement in operating income of \$4.2 million. On the same basis, operating margins increased from 5% last year to 14% in Q3 2002. The significant increase in operating income and margins was a result of improvements across the division, particularly in our U.S. direct-to-consumer cheque operation, and our North American stamp and Canadian card operations.

Third quarter revenues for Maxxcom were \$148.1 million, an increase of \$10.5 million compared to the \$137.6 million recorded in the third quarter of 2001.

Edgar Filing: MDC CORP INC - Form 6-K

Operating income before other charges, at \$6.1 million, declined 14% from the \$7.0 million generated in the same prior-year period. Operating expenses for the quarter included \$0.9 million in severance costs related to a further reduction in staff as Maxxcom continued to align costs with revenues.

"We are encouraged by the revenue growth achieved by Maxxcom in the third quarter. Increased billings from the advertising agencies, as well as an expansion of research and consulting services, combined with increased demand for branding and corporate identity services resulted in an 8% improvement compared to the third quarter of last year," stated Miles S. Nadal, Chairman and Chief Executive Officer. "Recent successes in attracting new business combined with management's continued focus on the reduction of infrastructure costs positions Maxxcom for improved profitability from both the traditionally higher fourth quarter revenues and an improving marketing communications industry."

As previously announced on October 22, Custom Direct, Inc., a wholly owned subsidiary of MDC, through the Custom Direct Income Fund filed a preliminary prospectus with the securities regulatory authorities in Canada in connection with a proposed initial public offering of units of the Fund. If successful, proceeds of the offering, together with proceeds from a new credit facility, would be used to acquire from the Company an approximate 80% interest in Custom Direct, Inc., MDC's U.S. direct-to-consumer cheque business. Based upon yields of similar recent offerings,

gross proceeds to MDC would be expected to be in the range of U.S.\$140 million to U.S.\$160 million (Cdn\$220 million to Cdn\$250 million).

"Overall we are very pleased with our results in the third quarter and are encouraged by the momentum for the rest of the year," stated Mr. Nadal.

About MDC Corporation Inc. ("MDC")
