**Item 1.01. Entry into a Material Definitive Agreement.**

In compliance with a Frequently Asked Questions Bulletin on Form 8-K issued on November 23, 2004 by the Division of Corporate Finance of the Securities and Exchange Commission ( SEC ), Terex Corporation (the Company or Terex ) is disclosing the following item which the SEC may deem to be a material definitive agreement.

As previously disclosed on a Current Report on Form 8-K filed with the SEC on December 16, 2005, the Company's Board of Directors determined that the Company will honor any options to purchase shares of the Company's common stock that have been granted pursuant to any of the Company's long-term incentive plans, which options otherwise would have expired unexercised solely because the individuals owning such options are currently unable to exercise such options prior to their expiration due to the Company's delay in timely filing its periodic reports with the SEC. This limited extension will be for a period of thirty (30) days from the date that the Company determines that it is first permissible for the individual to exercise such options. As a result of this decision, 60,000 options with an exercise price of \$25.375 for Ronald M. DeFeo, the Chairman and Chief Executive Officer of the Company, that were currently set to expire on February 24, 2006 have been extended as set forth above.
