Proposal No. 2 APPROVAL OF A PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS, ONLY IF NECESSARY, TO REVERSE SPLIT THE COMPANY'S OUTSTANDING CLASS A COMMON STOCK ON A BASIS NOT TO EXCEED ONE SHARE OF CLASS A COMMON STOCK FOR UP TO TEN SHARES OUTSTANDING. As permitted by the rules adopted by the Securities and Exchange Commission ("SEC"), this year we are furnishing proxy materials to our stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, while also lowering the costs and reducing the environmental impact of our annual meeting. We are mailing our stockholders a notice containing instructions on how to access our 2008 proxy statement and annual report and how to vote online. The notice also provides instructions on how you can request a paper copy of these documents if you desire, and how you can enroll in e-delivery. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

All shareholders, whether or not they expect to attend the Annual Meeting of Shareholders in person, are urged to vote. Instructions regarding the various methods of voting are contained on the proxy card, including voting by toll-free telephone number or the Internet. If you received a paper copy of the proxy card by mail, you may still vote your shares by marking your votes on the proxy card, signing and dating it, and mailing it in the envelope provided. The giving of a proxy will not affect your right to vote in person if you attend the Meeting.

BY ORDER OF THE BOARD OF DIRECTORS.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD JANUARY 16, 2009

GENERAL INFORMATION

The enclosed Proxy is solicited by and on behalf of the Board of Directors of Alanco Technologies, Inc., an Arizona corporation (the "Company"), for use at the Company's Annual Meeting of Shareholders to be held at 15575 North 83rd Way, Suite 3, Scottsdale, Arizona 85260, on the 16th day of January, 2009, at 10:00 a.m., Mountain Standard Time, and at any adjournment or postponement thereof.

In accordance with new rules approved by the SEC, it is anticipated that on or before December 5, 2008, a Notice Regarding the Availability of Proxy Materials will be mailed to the Company's shareholders of record as of the close of business on November 21, 2008. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice and to download printable versions of the proxy materials or to request and receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice.

The expense of soliciting proxies, including the cost of preparing, assembling and mailing this proxy material to shareholders, will be borne by the Company. It is anticipated that solicitations of proxies for the Meeting will be made only by use of the mails; however, the Company may use the services of its Directors, Officers and employees to solicit proxies personally or by telephone without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and the Company will reimburse such persons for their reasonable out-of-pocket expenses incurred by them in that connection.

Shares not voting as a result of a proxy not marked or marked to abstain will be counted as part of total shares voting in order to determine whether or not a quorum has been achieved at the Meeting. Shares registered in the name of a broker-dealer or similar institution for beneficial owners to whom the broker-dealer distributed notice of the Annual Meeting and proxy information and which such beneficial owners have not returned proxies or otherwise instructed the broker-dealer as to voting of their shares, will be counted as part of the total shares voting in order to determine whether or not a quorum has been achieved at the Meeting.

All shares represented by valid proxies will be voted in accordance therewith at the Meeting unless such proxies have previously been revoked. Proxies may be revoked at any time prior to the time they are voted by: (a) delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy; or (b) duly executing and delivering to the Secretary a subsequent proxy relating to the same shares; or (c) attending the meeting and voting your proxy in person (although attendance at the Meeting will not in and of itself constitute revocation of a proxy).

The Company's Annual Report to Shareholders for the fiscal year ended June 30, 2008, is available to shareholders via the Internet or through request for a printed copy. The Annual Report includes a copy of Form 10-KSB, which constitutes part of this proxy. All other information included in the Annual Report does not constitute part of these proxy soliciting materials.

SHARES OUTSTANDING AND VOTING RIGHTS

Effective October 16, 2006, the Company effected a 2:5 reverse stock split. All references to both number of shares and price per share of Class A Common Stock issued and outstanding, options and warrants granted, and common stock equivalent shares are presented herein on a post-split basis.

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

Voting rights are vested in the holders of the Company's Common Stock and Preferred Stock. Only shareholders of record at the close of business on November 21, 2008, are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. As of November 21, 2008, the Company had 31,969,667 shares of Class A Common Stock issued and outstanding, 93,592 shares of Series B Convertible Preferred Stock issued and outstanding, and 280,000 shares of Series D Non-Convertible Preferred Stock issued and outstanding. Each Class A Common share is entitled to one vote, each share of Series B Convertible Preferred stock is entitled to 5.2 votes (the equivalent number of common shares into which the Series B Convertible Preferred Stock is convertible), and each share of Series D Non-Convertible Preferred Stock is entitled to 7 votes. If the number of common shares into which the Series B Preferred Stock is convertible and the voting rights of the Series D Non-Convertible Preferred Stock are considered, the total shares eligible to vote on the record date are 34,416,346 shares ("Total Voting Rights"), each of which is entitled to one vote on all matters to be voted upon at the Meeting, including the election of Directors. No fractional shares are outstanding. A majority of the Company's outstanding voting stock represented in person or by proxy shall constitute a quorum at the Meeting. The affirmative vote of a majority of the votes cast, providing a quorum is present, is necessary to approve each proposal.

Each shareholder present, either in person or by proxy, will have cumulative voting rights with respect to the election of Directors. Under cumulative voting, each shareholder is entitled to as many votes as is equal to the number of Voting Rights of the Company held by the shareholder on the Record Date multiplied by the number of directors to be elected, and such votes may be cast for any single nominee or divided among two or more nominees. The seven nominees receiving the highest number of votes will be elected to the Board of Directors. There are no conditions precedent to the exercise of cumulative voting rights. Unless otherwise instructed in any proxy, the persons named in the form of proxy which accompanies this Proxy Statement (the "Proxy Holders") will vote the proxies received by them for the Company's seven nominees set forth in "Election of Directors" below. If additional persons are nominated for election as directors, the Proxy Holders intend, unless otherwise instructed in any proxy, to vote all proxies received by them in such manner in accordance with cumulative voting as will assure the election of as many of the Company's nominees as possible, and, in such event, the specific nominees for whom votes will be cast will be determined by the Proxy Holders. If authority to vote for any nominee of the Company is withheld in any proxy, the Proxy Holders intend, unless otherwise instructed in such proxy, to vote the shares represented by such proxy, in their discretion, cumulatively for one or more of the other nominees of the Company.

controls, and the Company's processes for monitoring compliance with Company policies. The Audit/Corporate Governance Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed, and the independent auditor's fee for services performed. The Audit/Corporate Governance Committee also recommends independent auditors to the Board of Directors and reviews with management various matters related to its internal accounting controls. The Audit/Corporate Governance Committee is comprised of independent members as defined under the National Association of Securities Dealers listing standards. The Audit/Corporate Governance Committee met three times during the fiscal year ended June 30, 2008.

In addition, the Nominating/Independent Directors Committee meets in regularly scheduled executive sessions at which only the independent directors are present.

All meetings held by the Board of Directors' committees were attended by each of the directors serving on such committees with the following exception: Mr. LaVoy was absent from one meeting for each committee on which he serves.

The Company's Board of Directors held three meetings during the fiscal year ended June 30, 2008, at which time all Directors were present, with the exception of Mr. LaVoy, who was absent from one Board of Directors meeting. AUDIT/CORPORATE GOVERNANCE COMMITTEE REPORT ⁽¹⁾

The Audit/Corporate Governance Committee of the Board of Directors is currently comprised of three independent directors, and operates under a written charter adopted by the Board. The members of the Audit/Corporate Governance Committee are Harold S. Carpenter, a CEO with over 30 years senior management experience, James T. Hecker, an attorney and CPA, and Thomas C. LaVoy, a CPA. All three individuals are experienced in reading and understanding financial statements, and, in fact, are deemed to be financial experts as defined by audit committee requirements.

The Audit/Corporate Governance Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor engaged for the purpose of preparing an audit report or performing other audit, review or attest services for the Company. The auditor reports directly to the Audit/Corporate Governance Committee. The Audit/Corporate Governance Committee has established "whistleblower" procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

auditing matters, including procedures for the confidential anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

Authority to engage independent counsel and other advisors has been given to the Audit/Corporate Governance Committee as it determines is necessary to carry out its duties. The Company provides appropriate funding for the Audit/Corporate Governance Committee to compensate the independent auditors and any lawyers and advisors it employs and to fund ordinary administrative expenses of the Audit/Corporate Governance Committee that are necessary in carrying out its duties.

The Audit/Corporate Governance Committee provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance by the Company with Company policies. The Audit/Corporate Governance Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed, and the independent auditor's fee for services performed. The Audit/Corporate Governance Committee also recommends independent auditors to the Board of Directors and reviews with management various matters related to its internal accounting controls. During the last fiscal year, there were three meetings of the Audit/Corporate Governance Committee.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit/Corporate Governance Committee is responsible for overseeing and monitoring the quality of the Company's accounting and auditing practices.

The members of the Audit/Corporate Governance Committee are not professionally engaged in the practice of auditing or accounting and may not be experts in the fields of accounting or auditing, or in determining auditor independence. Members of the Audit/Corporate Governance Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit/Corporate Governance Committee's oversight does not provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit/Corporate Governance Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States, that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's auditors are in fact "independent."

Review of Audited Financial Statements

In this context, the Audit/Corporate Governance Committee reviewed and discussed the Company's audited financial statements with management and with the Company's independent auditors. Management represented to the Audit/Corporate Governance Committee that the Company's consolidated financial statements were prepared in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Discussions about the Company's audited financial statements included the auditor's judgments about

the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements. The Audit/Corporate Governance Committee also discussed with the auditors other matters required by Statement on Auditing Standards, ("SAS") No. 114 "The Auditor's Communication with Those Charged with Governance."

The Company's independent auditors provided to the Committee written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion with Audit Committee." The Audit/Corporate Governance Committee discussed with the auditors their independence from the Company, and considered the compatibility of non-audit services with the auditor's independence.

Audit Fees

The aggregate fees billed by Semple, Marchal & Cooper, LLP, the Company's independent auditor, for professional services rendered for the audit of the Company's annual financial statements for the fiscal years ended June 30, 2008 and 2007 and the review of the financial statements included in the Company's Forms 10-QSB for such fiscal years were approximately \$210,000 and \$230,000, respectively.

Financial Information Systems Design and Implementation

There were no fees billed for the professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X rendered by Semple, Marchal & Cooper, LLP for the fiscal years ended June 30, 2008 and 2007.

All Other Fees

Semple, Marchal & Cooper, LLP billed the Company during fiscal year 2008 and 2007 a total of approximately \$12,000 and \$12,000, respectively, for tax preparation and tax consulting services. The Audit Committee has considered whether the provision of these services is compatible with maintaining the principal auditor's independence.

Audit Committee Pre-Approval Policies and Procedures

The 2008 and 2007 audit services provided by Semple, Marchal & Cooper, LLP were approved by our Audit/Corporate Governance Committee. The Audit/Corporate Governance Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit/Corporate Governance Committee pre-approves both the type of services to be provided by our independent auditors and the estimated fees related to these services. During the approval process, the Audit/Corporate Governance Committee considers the impact of the types of services and related fees on the independence of the auditor. These services and fees must be deemed compatible with the maintenance of the auditor's independence, in compliance with the SEC rules and regulations. Throughout the year, the Audit/Corporate Governance Committee and, if necessary, the Board of Directors, review revisions to the estimates of audit and non-audit fees initially approved.

Recommendation

Based on the Audit/Corporate Governance Committee's discussion with management and the independent auditors, and the Audit/Corporate Governance Committee's review of the representations of management and the report of the independent auditors to the Audit/Corporate Governance Committee, the Audit/Corporate Governance Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2008, filed with the Securities and Exchange Commission.

Proposal No. 2

APPROVAL OF A PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS, ONLY IF NECESSARY, TO REVERSE SPLIT THE COMPANY'S OUTSTANDING CLASS A COMMON STOCK ON THE BASIS OF ONE SHARE OF CLASS A COMMON STOCK FOR UP TO TEN SHARES OUTSTANDING. IF THE BOARD OF DIRECTORS HAS NOT EFFECTED THE ACTION CONTEMPLATED HEREUNDER BY DECEMBER 31, 2011, THIS AUTHORIZATION WILL CEASE.

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

The Board of Directors has recommended a proposal to the Company's Shareholders authorizing the Board of Directors to reverse split the Company's Class A Common Stock if Management determines that a reverse split would be necessary to keep the Common Stock eligible to be quoted on The NASDAQ Stock Market ("NASDAQ"). The effective date and the precise number of shares to be converted is to be determined by the Company's Board of Directors at a later time, but under no circumstances would the reverse stock split be greater than 1 for 10. (This is a similar proposal that the Shareholders approved at the Shareholder Meeting of November 6, 1998, at the Shareholder Meeting of November 5, 1999, at the Shareholder Meeting of November 10, 2000, at the Shareholder Meeting of November 22, 2002, at the Shareholder Meeting of December 22, 2003, and at the Shareholder Meeting of January 20, 2006. Authorization under those proposals extended to October 31, 1999, October 31, 2000, October 31, 2002, December 31, 2005, December 31, 2006, and December 31, 2008, respectively. The Board of Directors believes the continuation of that proposal through December 31, 2011, is prudent for the reasons explained below.)

The Board is requesting Shareholder authorization to reverse split the Company's outstanding Class A Common Stock on the basis of one share of Class A Common Stock for up to ten shares outstanding, only if necessary, in order to keep the Common Stock eligible to be quoted on the NASDAQ Stock Market ("NASDAQ"). With an objective to maintain the NASDAQ \$1.00 minimum bid price for at least 10 trading days, the Board of Directors will take into consideration the immediate impact of a reverse stock split on the stock price as well as price fluctuations caused by current market conditions when determining the final reverse stock split ratio. Approval of this proposal would authorize the Board to reverse split the Company's Class A Common Stock from the time of approval until December 31, 2011. The Board of Directors desires not to effect a reverse stock split but believes that retaining the Company's listing on NASDAQ is crucial to Shareholder value and liquidity and the Company's long-term business prospects. This proposed reverse stock split is not the first part of a Rule 13e-3 Going Private Transaction as defined in paragraph (a)(3)(i) of that regulation, as the reverse stock split proposal is solely for the purpose of maintaining the Company's listing on the NASDAQ Capital market.

In August, 2005, the Company received notification from NASDAQ indicating that due to the failure of the Company to maintain the minimum \$1.00 bid price per share requirement, the Company's securities were subject to delisting from NASDAQ. In accordance with Marketplace Rule 4310(c) (8) (D), the Company had 180 days, or until January 31, 2006, to comply with the Rule. The minimum bid price requirement was not met by the date specified, and in accordance with Marketplace Rule 4310(c), NASDAQ officials determined the Company met the NASDAQ Capital Market initial listing criteria except for the bid price requirement and notified the Company that it had been granted an additional 180 calendar days (until July 31, 2006) to meet the \$1.00 minimum bid price requirement. In August, 2006, the Company received notification from NASDAQ indicating that it had not regained compliance with the minimum \$1.00 bid price per share requirement and that the Company's securities would be delisted. The Company elected to appeal the NASDAQ Staff delisting determination and an oral hearing before the NASDAQ Listing Qualifications Panel ("Panel") was held on September 14, 2006, with representatives from the Company present. Effective October 16, 2006, the Company's Board of Directors elected to effect a 2:5 reverse stock split pursuant to approval of a proposal authorizing a reverse split obtained from the shareholders at the Company's Annual Meeting of Shareholders held on January 20, 2006. The Company's stock began trading on a post-split adjusted basis under the interim trading symbol "ALAND" on October 16, 2006 for a period of 20 trading days, after which the Company's trading symbol returned to "ALAN." The Company's stock continued to trade above the \$1.00 minimum bid price after the reverse stock split was effected. On November 2, 2006, the Company received a letter from NASDAQ indicating that the Company had remedied its minimum bid price deficiency and had regained compliance with the continued listing requirements of The NASDAQ Capital Market. As of the date of this Proxy Statement, the Company's stock has traded below the minimum \$1.00 bid price per share since October 8, 2008. Effective October 16, 2008, NASDAQ announced temporary suspension of the enforcement of the rules requiring a minimum \$1 closing bid price. The suspension shall remain in effect through January 16, 2009, and NASDAQ will not take any action to delist any security for minimum bid price deficiency during the suspension. NASDAQ minimum bid price rules will be reinstated on January 19, 2009. There can be no assurance that the Company's stock will trade above the minimum NASDAQ \$1.00 per share bid requirement, and the Company may again in the future be notified that delisting may occur.

It is recommended that the shareholders give authorization until December 31, 2011, to the Board of Directors to effect up to a 1 for 10 reverse stock split of the Company's Class A Common Stock. Assuming that a reverse stock split would cause the trading price of the Company's Common Stock to increase in the same proportion as the amount of the split, a reverse stock split would result in a proportionate increase in the quoted bid price of the Common Stock, thereby exceeding NASDAQ's minimum bid price of \$1.00. On November 21, 2008, the Company's Class A Common Stock closed at a price of \$ ____ with a trading volume of _____ shares. The average daily trading volume for the Company's Class A Common Stock for the three months ending November 21, 2008 was _____ shares.

For example, if the Board of Directors elects to effect a 1 for 3 reverse stock split, each three issued shares of the Company's Class A Common Stock held on the effective date will automatically be converted into one share of Class A Common Stock. The reverse stock split conversion ratio would also have a proportionate effect on any outstanding Preferred Stock, Options and Warrants. No fractional shares will be issued. Fractional shares created by the reverse stock split will be rounded down to the next whole number. The accumulation of the fractional shares created by the reverse stock split will be accounted for as acquired treasury shares and immediately cancelled pursuant to Arizona law.

EFFECT OF REVERSE SPLIT ON HOLDERS OF ODD LOTS OF SHARES

If the maximum 1 for 10 reverse split is authorized and declared, the reverse split would result in holders of fewer than 1,000 shares holding an "odd lot" or less than 100 shares. A securities transaction of 100 or more shares is a "round lot" transaction of shares for securities trading purposes and a transaction of less than 100 shares is an "odd lot" transaction. Round lot transactions are the standard size requirements for securities transactions and odd lot transactions may result in higher transaction costs to the odd lot seller.

EFFECT OF REVERSE SPLIT RESULTING IN FRACTIONS OF A SHARE

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

A reverse split may result in some shareholders mathematically holding fractions of shares of the Company's Class A Common Stock; however, the Company will not issue fractions of shares of its stock. Arizona corporate law, which governs the corporate affairs of the Company, allows the Company to (i) pay in money the fair value of fractions of a share as determined by the Company's Board of Directors, (ii) arrange for the disposition of fractional shares by those entitled to the fractional shares, or (iii) issue scrip that entitles the holder to receive a full share on surrendering enough scrip to equal a full share. If scrip is issued by the Company, the holders of such scrip are not entitled to exercise any rights of a shareholder unless otherwise determined by the Board of Directors as stated on the scrip certificate. The Board of Directors may issue the scrip subject to any conditions that the Board deems advisable, including, but not limited to, a provision that the scrip will become void if not exchanged for full shares before a date specified by the Board.

Because the reverse split ratio, if the reverse split is effected, will be determined by the Board of Directors in the future, and the potential number of fractional shares cannot be determined until such time, the exact treatment of fractional shares is unknown at this time. However, the Board of Directors will comply with Arizona law as outlined above concerning any such resulting fractional shares.

EFFECT OF REVERSE SPLIT ON NUMBER OF SHARES OUTSTANDING

The following table sets forth the number of Alanco Common Stock Equivalent shares outstanding after each potential reverse stock split ranging from a 1 for 2 split to a 1 for 10 split, based on 32,456,346 Common Stock Equivalent shares outstanding as of November 21, 2008. The Common Stock Equivalent shares outstanding includes the number of Class A Common Shares outstanding plus the number of common shares into which the Series B Convertible Preferred Stock is convertible (5.2 shares of Common Stock for each share of Series B Convertible Preferred Stock). The numbers shown below assume that no fractional shares are created from a potential reverse stock split.

Potential Reverse Stock Split	Post-Split Common Stock Equivalent Shares Outstanding
1 for 2	16,228,173
1 for 3	10,818,782
1 for 4	8,114,087
1 for 5	6,491,269
1 for 6	5,409,391
1 for 7	4,636,621
1 for 8	4,057,043
1 for 9	3,606,261
1 for 10	3,245,635

EFFECT OF REVERSE SPLIT ON NUMBER OF AUTHORIZED SHARES AVAILABLE FOR ISSUANCE

As of November 21, 2008, the Company had a total of 48,824,996 of its 75,000,000 authorized shares of Class A Common Stock either issued or reserved for 1) issuance for conversion of preferred shares, 2) exercise of options and warrants granted, 3) future stock option grants available under approved stock option plans, or 4) issuance of shares for potential conversion of debt. The table below illustrates the effect on the number of authorized shares of the Company's Class A Common Stock available for issuance as a result of each potential reverse split. While the number of authorized shares remains constant, the effect of a reverse split would result in an increased number of available authorized unissued shares.

Potential Reverse Stock Split	Post-Split Class A Common Stock Issued or Currently Reserved (1)	Authorized Class A Common Stock	Unissued Post-Split Class A Common Stock Available
1 for 2	24,412,498	75,000,000	50,587,502
1 for 3	16,274,999	75,000,000	58,725,001
1 for 4	12,206,249	75,000,000	62,793,751
1 for 5	9,764,999	75,000,000	65,235,001
1 for 6	8,137,499	75,000,000	66,862,501
1 for 7	6,974,999	75,000,000	68,025,001
1 for 8	6,103,125	75,000,000	68,896,876

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRE 14A

1 for 9	5,425,000	75,000,000	69,575,000
1 for 10	4,882,500	75,000,000	70,117,500

- (1) Includes the following as of November 21, 2008: 31,969,667 Class A Common Stock outstanding, 486,679 shares reserved for conversion of Preferred Stock outstanding, 12,743,904 shares reserved for exercise of granted stock options and warrants, 1,998,300 shares reserved for current approved stock option plans for future stock options grants; and 1,626,446 shares reserved for potential issuance for conversion of debt. Shares required for conversion of potential future preferred stock dividends are not included.

As stated previously, the Company's intent for requesting Shareholder approval to reverse split the Company's Class A Common Stock is to keep the Common Stock eligible to be quoted on the NASDAQ Stock Market. The Company does not have any plans, proposals, or arrangements at this time to issue any of the additional authorized shares of common stock realized as a result of a reverse stock split for any future acquisitions or financings or any other purpose.

The actual reverse stock split ratio shall be determined by the Board of Directors of the Company based upon the Company's estimation of the post-split trading bid price and the probability of the bid price maintaining the \$1.00 minimum for 10 consecutive trading days under various market conditions.

As of the date of this Proxy Statement, the Company has approximately 1,020 shareholders of record (does not include shareholders holding shares in street name). Depending on the final reverse stock split ratio that may be effected, the post-split shareholder of record count would range from approximately 860 shareholders of record if a 1 for 2 reverse stock split were effected to approximately 520 shareholders of record if a 1 for 10 reverse stock split were effected.

ANTI-TAKEOVER IMPLICATIONS OF REVERSE STOCK SPLIT

As a result of a reverse stock split, the number of authorized, but unissued shares of the Company's Class A Common Stock will increase as shown in the table above. Currently, the Company has 26,575,004 shares of authorized, unissued and non-reserved shares of its Class A Common Stock available for issuance. If the maximum reverse split ratio of 1 share for each 10 existing outstanding shares is adopted by the Board of Directors following adoption of Proposal No. 2 by the shareholders, then the number of authorized, unissued and non-reserved shares of its Class A Common Stock available for issuance would increase to 70,117,500 shares. Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any shareholder proposal that may be used as an anti-takeover device. However, as indicated above, the purpose of the reverse split is to maintain the Company's listing on NASDAQ, and not to construct or enable any anti-takeover defense or mechanism on behalf of the Company. While it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders, the Company has no intent or plan to employ the additional unissued authorized shares as an anti-takeover device.
